IS HE A PEDALER ... OR A PUSHER? Beck's Bread should be his principle source of energy. Beck's bread builds muscles. It revives worn out, tired muscles. It digests MORE QUICKLY than any other common food except sugar. No residue is left to upset or strain delicate digestive systems. And it continues to supply energy throughout the entire day. There is no BETTER or CHEAPER way than through Beck's bread of giving growing children the things their bodies need in largest amounts; a good source of food energy and muscle-building protein.

INJURED FIREMAN MAKING RECOVERY

The condition of C. L. Cruson, Southern Pacific railroad company fireman who was seriously injured in a fall from a locomotive water tender here Saturday afternoon, was reported as very satisfactory by his attending physician today. Mr. Cruson, whose home is in Eugene, is confined in Sacred Heart hospital. The physician stated that Cruson suffered a cerebral injury in addition to a broken left shoulder, a crushed left chest, and laceration of the left ear. X-ray pictures were to be taken this afternoon to determine whether he sustained a fractured skull. The accident occurred when a southbound freight train had stopped for water at the tank near Morton's Milling company. Cruson slipped from the water tender and fell 16 feet to the road-bed.
