

FOUR CONDITIONS STIPULATED FOR ENTERING PARLEY

(Continued from Page One)

July 20. The outcome of their talk was not known. **Russ R. Wilson**, United States ambassador to Germany, arrived by air in Praha with his son, **Hugh Wilson Jr.**

He said he was visiting Czechoslovakia primarily on a vacation trip but wanted "to get a closer view" of developments in the Sudeten German minority problem since the arrival of Viscount Runciman, unofficial British mediator and advisor.

Spanish government forces, shifting from their still active Ebro river offensive, stabbed at insurgent mountain defenses west of Teruel.

Government dispatches said their forces had captured Villar Del Cobo, a communications center on the Guadalquivir river in the Albaracin hills about 20 miles west of Teruel.

Insurgents, however, disputed these reports. They declared the government's attempts to roll back their extreme right flank on the long eastern front was feeble and easily defeated.

Yangtze river floods threatened to block the Japanese advance upstream toward Hankow, provincial capital of China. Chinese military sources expressed belief the floods, released by broken dikes, would compel the Japanese to shift their line of attack through extremely difficult mountain areas north and northeast of Hankow.

New Issue Looms
Another British-Japanese issue brewed in Hanchow where Japanese troops posted machine-guns around the British-operated church missionary society hospital and removed 103 wounded Chinese soldiers.

The hospital reported to the British embassy, charging Japanese had disregarded the British flag and violated a written agreement.

The Mexican government had refused a United States proposal to arbitrate the issue of indemnities for seizure of American-owned farms in Mexico. The reply's effect on payment of indemnity in the expropriation last March 18 of the \$400,000,000 American and British oil interests in Mexico was a matter of speculation.

It appeared, however, the reply might have established a precedent. Mexico acknowledged the farm land debt but said indemnification would be under Mexican law on the basis of the nation's ability to pay and there was no legal obligation for prompt, or even deferred, payment.

ICKES AND BRIDE SAIL FOR VISIT IN ALASKA

SEATTLE, Aug. 4.—(AP)—Secretary of the Interior **Harold I. Ickes** and Mrs. Ickes sailed at noon today on the steamship **Mount McKinley** for a visit to Alaska. He said he had planned such a trip for five years.

DIVISION OF RELIEF BURDEN ADVOCATED FOR G. O. P. PROGRAM

CHICAGO, Aug. 4.—(AP)—Mayor **Harold H. Burton** of Cleveland advocated a division of the relief burden between the federal and local governments before the Republican program committee today.

Under his plan, the federal government would provide work relief for the "unemployed employables" and the local governments would establish permanent programs for the needy element unfit for regular jobs, such as the blind, aged and crippled.

The "relief chiselers"—able but unwilling to labor—would be left intentionally "in the middle." He estimated they represented between five and 15 percent of the assistance load.

"The solution of the relief problems lies in action toward industrial recovery," Burton said.

The mayor reported the policy he supported was originated by the United States conference of mayors. He outlined his views to reporters before presenting them to the committee in a closed session.

Meanwhile, the program drafters

appraised "rocket-busting" as a national issue.

Francis E. Rivera, a negro, and assistant district attorney of New York county, told the group at an open forum last night "the fate of the rockets is in a real sense a political question."

"Corrupt politics nurtures rockets," he said, "and enlightened politics destroys rockets."

Confusing
WESTHAMPTON, Mass. (UP)—Though Camp Watanopa is situated here, its mail address is Northampton and the telephone exchange is Easthampton.

Displeased With Self
KILMATH FALLS (UP)—A goat wandered into the house of A. D. Addison and he is now replacing at a cost of \$26 a full length mirror in which the goat saw its reflection.

Succeed in Colorado River Expedition

Braving the dangers of the Colorado river, along a 666-mile trip from Green River, Utah, to Boulder City, Nev., the Neville expedition, which included two women, successfully made the distance in three small boats. The members of the party are shown at Boulder City as the trip concluded. Left to right: (back row) Del Reed, Norman Nevills, Emory C. Kolb, (front row) W. C. Gibson, Dr. Elzada Clover, Lois Jetter and Loren Bell.

DEFEAT OF ROOSEVELT IS SEEN BY SEN. BURKE IF THIRD TERM TRIED

WASHINGTON, Aug. 4.—(AP)—Senator **Burke** (D. Neb.), asserted today President Roosevelt would be defeated if he sought a third term.

A foe of the president's court re-organization plan, **Burke** told reporters he did not think any man could succeed in such an effort.

"The president," he added, "probably could come as close as anybody but he would be defeated. I personally would oppose anyone seeking a third term under any circumstances."

Asked what he thought would happen if the president sought a third term, **Burke** commented: "It would split the Democratic party into a thousand pieces. It would break it asunder."

Roosevelt's thoughts on the matter. He thinks he could carry out his program better than anyone else. In this situation there always will be people around who will urge him to seek a third term."

The Nebraskan said he would re-introduce in congress his resolution providing for a constitutional amendment limiting a president to a single term of six years.

DISTANT EARTHQUAKE BOOKED IN PASADENA

PASADENA, Calif., Aug. 4.—(AP)—The Carnegie Foundation seismological laboratory reported today the

record of an earthquake 8500 miles southeast of here, probably in Chile. Shocks were recorded, at 1:06:18 and again at 1:18:45 a. m. Officials said indications were the source of the disturbance was 120 miles below the surface of the earth and while the shocks should have been felt over a widespread area damage probably was slight. Closing time for Too Late to Classify Ads is 1:30 p. m.
