

MIDGET SPEEDER DERBYISTS READY FOR FRIDAY TEST

With 19 young Medford "Barney Oldfields" already definitely entered in the gigantic Mail Tribune-Scout Cub midget speeder derby to be staged on East Main street next Friday evening, and with several more local youths expected to enter their racing creations before the registration deadline at 8 p. m. Tuesday, officials in charge of the event are rapidly completing plans for one of the most spectacular amateur racing events ever held in southern Oregon.

All drivers of the midget vehicles have been ordered to bring their speeders to Boy Scout headquarters on East Main street at 7 p. m. Tuesday so that they can be qualified as to safety and inspected to make certain they comply with the official rules governing construction. The speeders will be inspected by the rules and regulation committee consisting of Ray Harrison, Ray Baker and Emil Tams, which will be assisted by Frank Hull. There will also be a general committee meeting at 7 p. m. Tuesday in Boy Scout headquarters to complete final plans. The general committee consists of M. D. Wright, chairman and H. D. Bingham, Verne Shangle, Ray Harrison, Ray Baker, J. A. McDougall, Fritz Nissen, Carson Tituscher, Emil C. Tams, H. B. Brunson, H. L. Garlton, and H. C. Williamson. All are requested to be present.

Medford boys in two age divisions from 9 to 11 and from 12 to 15, inclusive, will race their home-constructed speeders down East Main street for a distance of 1320 feet—exactly a quarter of a mile. The race will start at the end of the wide paving at the bend of East Main street with the finish line being at the Willamette street intersection. Boys from 9 to 11 years of age, inclusive, will enter speeders in class B, while those from 12 to 15, inclusive, will be in class A. A large list of prizes has been donated by Medford business establishments.

Friday evening, 16 entrants in the derby, with their speeders and mechanics to push them, paraded from Boy Scout headquarters to the new Craterian theatre, where they were guests of George Hunt to the movie "Little Miss Broadway," and where they made a personal stage appearance. Frank Hull acted as master of ceremonies, introducing the drivers and their mechanics, and also gave a short talk on safety driving. Mr. Hull stated that speed attained in the National derby reached 45 miles an hour, although he didn't expect such record to be developed in the Medford race.

Following are the drivers and mechanics who appeared with their speeders in the parade and on the stage, the drivers being named first: Edward Gote and Leonard Morrow; Billy Cox and Bob Driscoll; Reece Cave and Milton Singler; Donald Smith and Dick Crawford; Weldon Webber and Jack Reeves; Jack Kresse and Steve Dipple; Robert Morgan and Leonard Dusenberry, all of class A; and Norman House and Al Rollinson, Arlon Skinner and David Holmes, Donald Shores and Fred Gardner, Tom Tams and Bill Tams; Donald Williamson and Milford White, James Lonnie and Don Long; Bill Gould and Billy Sims and Richard Harrison and Jack Thompson, all entered in class B. Also registered for the derby but not having their machines completed for the parade are Paul Wagner, Howard Fry, Stan Smith and Halbert Deuel. Fry's mechanic will be Robert Duane, Smith's will be Morris Campbell and Deuel's will be named later, as will Wagner's.

It was announced yesterday that judges of the derby would be Mayor C. C. Furnas, State Police Capt. Lee M. Bown and Chief of Police Claitor McCredie. Starters and other race officials will be appointed Tuesday night.

Sets World's Record
LONDON, Aug. 20.—(AP)—Sydney Wooderson, Great Britain's great middle distance runner, today bettered the world's record for the half mile covering the distance in one minute 49.2 seconds in a special handicap race at London's Hopsur park.

MEDFORD TOT IS TRAGEDY VICTIM

CORVALLIS, Ore., Aug. 20.—(UP)—Shirley Ann Dusenberry, three-year old daughter of Miss Irene Gale of Medford, was drowned near here Friday afternoon when she fell into a spring.

The child's mother was sleeping nearby when the girl wandered off and fell face forward into the pool. Efforts to revive her were futile.

Miss Gale, the former Mrs. Arthur Dusenberry, of Gold Hill, has been visiting at the home of her sister, Mrs. Raleigh Gaxton, near Corvallis, for the past two weeks. Miss Gale makes her home in Medford at 1106 West Tenth street.

Shirley Ann was aged two years, eight months and twenty-nine days. Besides her mother, she leaves her father, Arthur Dusenberry, her grandparents, Mr. and Mrs. R. E. Gale of 1106 West Tenth street, Medford and two aunts, Mrs. Raleigh Gaxton of Corvallis and Mrs. Robert Brock of Graves Creek, Ore.

The body was brought to Medford Saturday and services will be conducted by A. J. Hanby at the Conger chapel at 2 p. m. Monday with interment in the Siskiyou memorial park.

DO'S, DON'T'S OF COIFFURES TOLD

Pesola, hair stylist at Mann's Department store gives Medford women a bit of advice on the "do's" and "don'ts" of hair styles. He maintains that achievement of true chic comes from styling to type of "mild" coiffure.

For women who are inclined to have long thin faces, Pesola says, "Do wear side parts with the hair worn back from the forehead with curls or reverse curls that cling to the top of the head, do wear smoothness at the forehead and fullness at the sides with low neck curls." "Don't use long center parts with hair arranged straight down along the natural hair line, this only emphasizes the length of the face and tends to make it appear thinner."

For women with round faces and short necks who wear glasses Pesola says, "Don't wear hair waved straight down the sides or let long hair hang down the neck." "Do dress hair back in pompadour fashion with large loose ringlets on forehead also either waved or drawn back ending in smooth individual curls, wear neck line exposed by either keeping it tailored or hair brushed up."

Pesola has many other methods of concealing poor facial structure and has made a definite study of styling hair to suit the individual. The types which he chose for "do's" and "don'ts" in this article are only two of many of which he has made a study.

JORGENSEN HELD FOR AUTO DEATH

A coroner's jury holding an inquest in Ashland Friday afternoon found George Dale Jorgenson, 17-year old Ashland boy, responsible for the death Thursday night of Edward B. Wagner, 36, bicyclist, who was struck by an automobile driven by young Jorgenson at the intersection of East Main street and Mountain avenue. The inquest was conducted by Deputy Coroner Will Dodge and District Attorney Frank J. Newman.

The matter will be submitted to the next session of the grand jury shortly after the first of September, the district attorney stated. Young Jorgenson, son of Mr. and Mrs. J. J. Jorgenson of 391 East Main street, Ashland, is not being held in custody. Jorgenson, according to District Attorney Newman, admitted to the coroner's jury that he was traveling too fast, and one witness estimated the machine was moving 65 miles an hour.

STATE BLUE ARMY UNIFORM STUDIED

WASHINGTON, Aug. 20.—(AP)—The war department disclosed today it was considering substituting a woolen field service uniform of slate blue for the army's present garb.

Officially the proposed uniform was described as "pleasing in appearance to the eye," but some officers privately disagreed.

The color, some who saw it said, resembles badly faded blue denim—the stuff used for overalls—and lacks the beauty of the French army's horizon blue.

The war department said the present cotton khaki summer uniform was to be retained and was not involved in the proposed substitution.

At Jefferson City, Mo., they visited during the month of May with relatives and friends and on the return trip spent June and July in Pasadena, Calif., with friends and relatives. They returned from California via the Redwoods highway. Mr. and Mrs. Leason stated they found no place with the climate to compare favorably with the Pacific coast.

PLAN TAX MERGER TO CURB EVASION

WASHINGTON, Aug. 20.—(AP)—The treasury is studying a proposal to consolidate the federal gift and estate taxes and thus raise a more positive barrier to avoidance of the higher tax brackets.

Under the proposal to combine the gift tax and the two federal estate taxes into a single "transfer tax," all gifts, whether made during the donor's life-time or passed on as estates, would be taxed the same.

Successive gifts, whether effective before death or afterward, would be lumped together to determine the tax bracket applicable to them, and thus they would come under a higher bracket than if they were taxed separately, part as gifts and part as estates.

Silverton Semi-Pros Win, Stay In Race

WICHITA, Kans., Aug. 20.—(AP)—Slamming out a one-sided 10-1 victory, Silverton, Oregon, remained in the running today for the national semi-pro baseball championship by beating Kearney, Neb., which was ousted from the race by the defeat.

After allowing three singles in the first inning, Brewer was jerked by the Silverton manager and White relieved him, allowing but three more runs in the next six innings of the 7-inning game. Kearney's only run was made off Brewer.
