F. R. PLANS PARLEY ON WAGNER LAW

The Capital Parade

NEW DEALER NOMINATION DECLARED AIM OF PURGE
SAY F. R. MUST RUN IF HE CAN'T PICK SUCCESSOR
THIRD TERM LESS LIKED OF TWO ALTERNATES
FEAR OPPOSITION TO THIRD TERM ATTEMPT

WASHINGTON, Aug. 23.—For a little more than a month, the third term has been a serious topic. It was about when the president left on his fishing and purging trip that the time ended when only the foothold rich would tell you, "that man Roosevelt will run again, you mark my words." Now leading new dealers, Democratic politicians of the utmost eminence, and sympathetic and informed observers are all discussing the third term with perfect solemnity.

Where does all the talk come from? The answer is simple, it is surprising. It originates in the group of liberal advisers around the president. It can be stated with certainty that these men have no higher authorization for passing the word, yet they passed it. Critics will have an easy explanation. They will say that the president's advisers love their power, and would perpetuate it. And, for once, they will be wrong. The men around the president have their faults, but self-interest is not one of them. Without exception, they have refused raptly profitable offers to remain in their present posts. Without exception, their loyalty to the president and to the cause of their own brand of liberalism cannot be questioned. The truth is that they conceive the third term talk to be in liberalism's interest.

"The president is not fighting to reconstruct the Democratic party," they will tell you. "He wants to reconstruct it, because, in 1940, he wants his party to nominate a successor who will carry on the new deal. If he loses his fight, he will live to run again, because the old-line Democrats wouldn't take another new dealer, but could not turn the president down."

In justice to the disinterestedness of the administration liberals, it must be stated that they are not all alike. (Continued on Page 8K)

REPRESENTATIVES OF LABOR, BOSSES TO TALK CHANGES

President Agrees With Green That Clarification Is Needed — No Discussion of Specific Changes

HYDE PARK, N. Y., Aug. 23.—(AP)—President Roosevelt said today representatives of labor, employers and the national labor relations board probably would be called into consultation this fall on possible changes in the Wagner law act.

The president said he agreed with President William Green of the American Federation of Labor last week the law should be clarified, but there had been absolutely no discussion as to what specific changes might be made.

A similar announcement was made by Green after his talk with the president.

Mr. Roosevelt, talking with reporters at a press conference, said in response to questions it would be necessary to get the views of quite a number of persons before determining what clarifications congress should be asked to make in the law.

The president said in all new legislative enactments, every effort was made to make them clear and understandable, but situations inevitably arose later in which clarifications were shown to be desirable.

The Wagner law, he said, has been shown by experience to have developed certain ambiguous phrases. Some of these have been cleared up by judicial interpretation, he said, and others are still unclear.

SIX COUNTY ZONE FOR POWER COOP IS TALKED FOR SOUTHERN OREGON

ROSEBURG, Aug. 23.—(AP)—A possibility that a plan for a public utility district embracing some 30 rural communities of southern Oregon may be expanded into a power zone of six counties was being given consideration here today.

The six-county district was suggested at a recent convention of the state grange at Klamath Falls. It would embrace Jackson, Josephine, Douglas, Cook, Curry and Klamath counties.

Proponents of a Douglas county district were advised at a recent meeting that the objective of the district here was to form a utility cooperative of the six counties after each has organized a power district of its own.

Leaders said they planned to have a meeting of representatives from the various counties here shortly and J. D. Ross, administrator of Bonneville dam has been asked to send a speaker.

Data on the proposed Douglas county district is being completed for submission to the state hydroelectric commission.

Hitler And Horthy Discuss Czechoslovakia's Fate

Witnesses

Pausing to light a cigarette, Mrs. Hazel Huffman, (top) representing a committee of theatrical workers on relief, is shown as she told the house committee investigating un-American activities that WPA's federal theater project was being used to spread communist propaganda in New York. Abraham Sobel (lower) 23-year-old Boston law student who fought in the Spanish civil war, told the committee that between 1600 and 1700 American boys were "ritual prisoners" in armies in that country. He said communist endorsement was necessary before recruits could get their way paid to Spain.

COMMITTEE WILL EYE ACTIVITIES OF FASCISTS, NAZIS

Probers Will Split in Three Groups for Inquiries in East, Midwest and West — To End Public Hearings

WASHINGTON, Aug. 23.—(AP)—A witness told the house un-American committee today the "Stalinist-supported chairman" of the "alien directed" American youth congress had received a letter from President Roosevelt in 1936 lauding the congress for aiding democracy.

Prof. Edward I. Penlon of the philosophy department of Brooklyn college added "another of the president's family has gone out of the way unwillingly to inspire the alien spirit that undoubtedly controls this congress." Penlon did not name the member of the family immediately, but later said it was Mrs. Franklin D. Roosevelt.

WASHINGTON, Aug. 23.—(P)—The house committee investigating un-American activities decided today to split into three groups and shift its inquiry from communism to fascist and Nazi organizations.

Chairman Dies (D-Tex.) announced that public hearings would be recessed after today's session. He said a subcommittee of four headed by Rep. Starnes (D-Ala.) would go to New York for a preliminary examination of material gathered in the new phase of the inquiry.

To Start in Week
The Starnes group will begin hearings in about a week and expects to complete its work seven or eight days later. Representatives Demsey (D-N. M.), Healey (D-Mass) and Thomas (R-N. J.) will accompany Starnes.

Demsey, Starnes and Mosler (D-Ohio) will form a subcommittee to work on the west coast, and Mosler, Dies and Mason (D-Ill.) will conduct a midwestern inquiry.

The full committee heard testimony yesterday from Dr. J. B. Matthews, a former leader in communist activities. He declared American communists were seeking to grasp power by bringing about an economic collapse and then would "slaughter reactionary property holders and idealistic believers in democracy and civil liberties."

Matthews said he slowly became disillusioned after years of work for the communists. He termed their social theory "the most complete illusion ever born in the human brain."

He mentioned one probable phase to be studied by the committee's west coast group when he declared: "Almost everybody in Hollywood has been signed up for one of these united front (communist) organizations except Mickey Mouse and Snow White."

Matthews said thousands of prominent Americans had aided the communist cause by permitting use of their names for propaganda purposes by various associations. Many persons did not recognize the intent behind the united front organizations, he explained.

SUFFOCATION BLAMED FOR FOUR DEATHS PEN HUNGER STRIKE

PHILADELPHIA, Aug. 23.—(AP)—Autopsies today revealed suffocation caused the deaths of four "hunger-striking" inmates of the Philadelphia county prison.

Coroner Charles H. Hensch, blaming prison officials for the deaths, said he would make microscopic examinations "to determine whether the suffocation was induced by water, vapor, gas or any other cause."

As autopsies began, the coroner said: "No matter what they show, the responsibility lies with officers of the prison."

He did not name the officials to whom he referred.

Hensch assumed charge of the investigation after declaring the men were scalded to death. He said he was "not satisfied with any of the stories I have heard."

Deputy Coroner Vincent Moran said he and Hensch would interview prisoners privately and "if necessary we will interview the entire prison population."

FIGHT HUGE FIRE IN YREKA REGION

YREKA, Cal., Aug. 23.—(P)—A grass and brush fire had burned over 7,000 acres today in the Black Mountain area 10 miles northeast of here.

A crew of 150 men, including a number of CCC camp members, were fighting the blaze on a 15-mile front. Buildings at the base of the mountain from Lower Camp on the Klamath river to Ager on the east base of the peak were menaced by the flames. Pumper trucks were used to save the buildings.

A water tank and haystack at Howes Camp in the east side of Klamath river were destroyed.

The flames were confined to scrub oak, grass and brush and only a small quantity of timber was in the area.

Young Adventurers End Sea Travels

MARSHFIELD, Aug. 23.—(P)—Two youths who sailed 8,000 miles to the South sea and back for adventure, put into their home port here this week in their home-made 30-foot ketch, the Njord, and called their seafaring travels at an end, at least temporarily.

The sailors, John Edlund and Tyde Johnson, left here more than a year ago with \$3 between them. When they returned they still had some of their original stake. They sailed from Aberdeen, Wash., where they struck land upon their return voyage from the Marquesas islands.

ROOSEVELT SAYS G. O. P. VIOLATED POLITICAL MORAL

Intervention in Party Primary by Opposing Party Cited in Idaho Where Administration Ally Defeated

HYDE PARK, N. Y., Aug. 23.—(AP)—President Roosevelt, discussing the Idaho political situation, said today intervention in a party primary by members of an opposing party raises a basic question of political morality.

The president said between 10,000 and 15,000 Republicans had voted in the recent Democratic senatorial primary in Idaho. In that election Sen. James P. Pope, an administration adherent, was defeated for re-nomination by D. Worth Clark.

Mr. Roosevelt in response to questions at his press conference, said such intervention destroyed the objective of the direct primary system. This objective, he said, is for party members to have the right to choose their own nominees without interference by members of another party.

There has been speculation over whether Pope would run as an independent in the November election. The Idahoan talked with Mr. Roosevelt Sunday and said afterward he would decide whether to make an independent race soon.

Other States Named
Mr. Roosevelt, talking with reporters in his Hyde Park home here, named other states besides Idaho in which he said the question of political morality in primary campaigns was involved.

In Georgia, he said, Republican leaders have urged their followers to enter the Democratic primary, and in Maryland Republicans are being begged to vote as Democrats.

The president was asked whether action of the Rep. John O'Connor (D. N. Y.), in seeking support of both Democrats and Republicans for re-election fell in the same category with the Idaho, Georgia and Maryland situations.

Mr. Roosevelt replied affirmatively, asserting Democrats certainly should not go into Republican primaries.

The chief executive emphasized his remarks had no reference to personalities involved, but rather to the broad question of political morals.

WASHINGTON, Aug. 23.—(P)—Capital politicians were discussing today the question of whether Democratic Chairman James A. Parley would aid independent races for reelection by Sen. James Pope of Idaho and Rep. Maury Maverick of Texas.

Pope and Maverick, full-fledged Roosevelt backers, suffered narrow defeats in Democratic primaries. Parley immediately afterward gave the winners the usual pledges of organization assistance in the fall campaign and since then has made no comment.

Some of the president's lieutenants, however, have urged the two legislators to run as independents. Both men have conferred with President Roosevelt at Hyde Park the last few days. Pope said afterward he would not reach a decision until he returns to Idaho.

Friends of Maverick were unsuccessful yesterday in getting the Texas secretary of state to place his name on the ballot as an independent candidate.

The petition of the Maverick forces was rejected by Edward Clark, Texas secretary of state, on the ground Maverick, having entered the Democratic primary, had forfeited the right to run as an independent.

Politicians saw in the Maverick maneuvers a parallel to the situation in which Senator Pope is involved.

Rep. D. Worth Clark, who won the Idaho nomination, calls himself a conservative Democrat and has opposed several White House proposals. Several administration advisers have made no secret of the fact that they would like to have Pope carry the issue to the electorate in November.

GENERAL STRIKE SEEN POSSIBILITY IF FRANCE CHANGES LABOR LIMIT

PARIS, Aug. 23.—(AP)—French labor leaders rallied their forces today to fight the Daladier government for retention of the 40-hour week, and labor circles forecast the possibility of a general strike.

The General Confederation of Labor which lists 5,000,000 members and most other unions ordered their members to be ready for action.

Foremost in the offensive were waterfront unions, fighting government efforts to force Marseille stevedores to unload perishables during the week-end and thereby exceed their 40-hour work period.

The Federation of Port Workers' unions said "grave deceptions" would be made soon unless extra pay for overtime was granted the Marseille members, and labor circles said this was a threat of a strike in all French ports.

The situation evolved from Premier Daladier's proposal Sunday night to increase working periods to speed national defense and industrial output because of the uncertain international situation.

Hess Stands Up Bourbon Leaders

PORTLAND, Aug. 23.—(AP)—Henry Hess, Democratic nominee for governor, still faced today the task of wooing four prominent Democrats to his cause. They were to dine with Hess, Frank Tierney, state chairman, and three other party leaders Friday night.

Wives Stand By Husbands In Revenge Kidnap Scandal

OLYMPIA, Aug. 24.—(P)—Robert Smith, 32, of Brady told Prosecutor Smith Troy today, that he said that he "saved Irving Baker from being killed by Dr. K. W. Berry," charged with first degree kidnaping in connection with the Baker case.

Troy said Smith, who was arrested last night by state patrolmen after James Reddick, Olympia taxi driver, had implicated him in the case, told the prosecutor that he kicked the Seattle secretary of state to place his name on the ballot as an independent candidate.

The petition of the Maverick forces was rejected by Edward Clark, Texas secretary of state, on the ground Maverick, having entered the Democratic primary, had forfeited the right to run as an independent.

Politicians saw in the Maverick maneuvers a parallel to the situation in which Senator Pope is involved.

Seattle, Aug. 23.—(P)—A man has a right to protect his home and his wife," Mrs. Elizabeth Kevin Berry, 37, said today in an interview given the Seattle Times regarding the first degree kidnap and assault charges brought against her 54-year-old husband, Dr. Kent W. Berry, Olympia society physician.

The paper quoted her as saying Berry was justified in beating Irving Baker, 37, retired coast guard lieutenant and automobile dealer at the state capital for an incident at a house party the Fourth of July at Mud Bay.

STATESMEN SEE EYE TO EYE ON AUTONOMY IDEA

Satisfactory Solution May Enable Hungary to Grant Desired Hungarian-Yugoslav Reconciliation.

KIEL, Germany, Aug. 23.—(AP)—Czechoslovakia's fate was listed as one of the chief conversational topics between Adolf Hitler and Admiral Horthy today as the German and Hungarian leaders went to inspect heavily fortified Helgoland.

Informal quarters said the two statesmen saw eye to eye on the problem whose "satisfactory" solution might enable Hungary to grant Hitler and Premier Mussolini of Italy their wish for an Hungarian-Yugoslav reconciliation.

These sources pointed out Hungary would like the autonomy of Hungarians in Czechoslovakia, if not their return to Hungary, just as Hitler wants the autonomy or return of 3,500,000 Sudeten Germans in Czechoslovakia.

It was said, too, should this come to pass for Hungary that country might forget revisionist demands—growing out of the post-war Trianon peace treaty which took away a third of her 10,500,000 population—on sections now belonging to Yugoslavia.

The German chancellor and the Hungarian regent aboard the speedy yacht Grille traversed the famous Kiel canal, while "helling" thousands lined the banks. The yacht passed an Italian freighter, whose crew gave lusty fascist cheers.

BUDAPEST, Aug. 23.—(P)—Hungarian official sources said today the little entente nations—Czechoslovakia, Rumania and Yugoslavia—had agreed to grant Hungary military equality.

This decision was reached by foreign ministers of the three nations meeting with Hungarian diplomats at Budapest, Yugoslavia.

It calls for revision of the Trianon treaty, removing arms restrictions placed upon Hungary at the end of the World war.

NEW WESTMINSTER, B. C., Aug. 23.—(P)—William Henry Moore, 84-year-old resident of adjoining Burnaby municipality, died early today in a hospital here from effects of exposure he suffered when lost for 48 hours on a walk through bush lands near Burnaby lake.

gun from Dr. Berry's hand last Friday night during an assault upon Baker near here, and refused to allow the doctor to commit an "emasculating operation" upon Baker.

Already in jail upon first degree kidnaping and first degree assault charges were Dr. K. W. Berry, 54, Olympia society physician accused by Troy of being the kidnapers' leader; James Reddick, 37, taxiab driver, and William K. MacLoom, former night marshal at Montesano.

Seattle, Aug. 23.—(P)—"A man has a right to protect his home and his wife," Mrs. Elizabeth Kevin Berry, 37, said today in an interview given the Seattle Times regarding the first degree kidnap and assault charges brought against her 54-year-old husband, Dr. Kent W. Berry, Olympia society physician.

The paper quoted her as saying Berry was justified in beating Irving Baker, 37, retired coast guard lieutenant and automobile dealer at the state capital for an incident at a house party the Fourth of July at Mud Bay.

"Of course I am standing by the doctor," Mrs. Berry's interview stated. "I don't see why they want to make such a hero out of Baker. When the facts of the house party are known, I am certain that people will feel doctor was justified in beating Baker. A man has a right to protect his home and his wife."

"It is not true that doctor found me sitting in a car with Baker. I only saw Baker at the house party. Doctor was called in several times to the hospital and to his office on cases. I remained at the party."

She said her husband "knew" that I am by his side. I have refused interviews because I do not approve of lying this case in the newspapers. Neither does our attorney, Mr. C. D. Cunningham of Centralia. . . .

"All that matters now is to get the doctor cleared of these terrible charges. That kidnaping charge is terrible, isn't it?"
