## JAPS REJECT PROTEST AGAINST DESTRUCTION OF CHINESE SKYLINER

TOKYO, Aug. 31.—(AP)—The Japanese government tonight rejected on all counts the protest of the United States against the destruction of a Chinese-American airliner near Canton, South China, by Japanese warplanes on August 24.

The Japanese reply to the protest delivered August 28 by Ambassador Joseph C. Grew admitted, however, the attack of Japanese planes continued after the airliner had alighted on a small river between Canton and Macao.

Fourteen persons aboard the plane, all Chinese, are believed to have been killed, either by Japanese bullets or by drowning. The only American aboard, Pilot H. L. Woods, of Winfield, Kan., escaped injury and two Chinese survived, one wounded.

The American note registered "emphatic protest" against the "jeopardizing in this way of unarmed civilians' lives" and also pointed out the destroyed airliner was the property of the China National Aviation corporation, in which "Pan American Airways has a very substantial interest."

The foreign office spokesman said Japan was compelled to reject the protest because Tokyo's information differed from that apparently reaching the American authorities.

SALEM, Aug. 31.—(AP)—Estimates compiled for Governor Charles H. Martin showed today that Oregon relief costs during the biennium starting January 1, 1939, would total more than \$30,000,000.

The figures are based on present demands, the governor said; but may be increased because of existing unsatisfactory business conditions.

"This will mean," Governor Martin said, "that the state of Oregon will have to raise \$10,000,000 for relief during the next two years, in addition to revenues from the state liquor commission."

Arthur McMahan, chairman of the liquor commission, told the governor no increase in liquor revenues could be expected until business improved.

PHILADELPHIA, Aug. 31.—(AP)—Supt. William B. Mills today named Guard Sgt. James Hart as the man "responsible" for turning on the heat that blasted the lives of four convicts in punishment cells at the Philadelphia county prison.

Mills, testifying at a corner's inquest in the deaths, said Hart gave an "unauthorized" order to an assistant engineer to turn steam into a battery of radiators in the prison "Klondike" box-like isolation building where 25 hunger-striking convicts were confined.

"There should have been no heat turned in the building in August weather," the superintendent said. He said Hart did not have authority or his permission to have the heat turned on.

Coroner Hersh interrupted Mills' testimony and said the superintendent's statements showed a "ridiculous" lack of knowledge about conditions at the prison.

## PRISON JOLT FOR PLAYBOY BANKER

SAN FRANCISCO, Aug. 31.—(AP)—David L. Strom, 34, was sentenced today to serve eight years in prison and fined \$2,000 on his guilty plea to a charge of embezzling \$58,405 from a San Jose bank.

Strom was sentenced by Federal Judge Michael J. Roche to serve four years each on two counts of embezzlement, the sentences to run consecutively.

In passing sentence, Judge Roche said he had given the case serious consideration. He said the only circumstance he could take into consideration was the fact Strom pleaded guilty.

"No showing was made why you did the deed," the court said, "or why it could not have been prevented."

Strom was arrested last month in Seattle. He had spent all but \$7,000 of the money in what he described as "high living."

## 1-HOUSE SYSTEM SOUGHT IN TEXAS TO REDUCE TAXES

AMARILLO, Tex. (UP)—A group of Texas taxpayers, prompted by the success of a unicameral legislature in Nebraska, have started a statewide drive to bring the one-house system to Texas.

The campaign was organized by an Amarillo group, "the Unicameral Union," headed by W. A. Askew. Petitions in the hands of local sponsors throughout the state found ready response, and the Unicameral Union hopes to achieve a double purpose by having all signers pay a 10-cent fee. The money will be used to finance the campaign and the payment is expected to discourage from signing those persons not genuinely interested in the movement.

The unicameral system has been discussed considerably in Texas during the past four years. Its chief advocate is State Sen. G. H. Nelson of Lubbock, who ran third in the race for lieutenant-governor last month. Nevertheless, surveys have indicated surprising interest among the voters of the state.

The Unicameral Union will seek to have the legislature next year submit the question to a vote of the people. Among those whose aid has been solicited is W. Lee O'Daniel, Port Worth flour salesman nominated for governor.

"The purpose of the Unicameral Union is a one-house legislature, efficiency and economy," O'Daniel was told. "Industry, agriculture, labor and capital prosper in Nebraska. Why not a unicameral legislature for Texas? The notice listed several taxes which other states have but which Nebraska does not. These include corporation, personal income, general income, luxury, and cigarette taxes. The union also declared that Nebraska is one of three states in the United States which has no bonded indebtedness.

O'Daniel has not expressed himself on the unicameral question, although he said after his victory at the polls that he hoped to put into effect "some very definite" ideas about efficiency and economy.

## DIXIE DAVIS PUTS FINGER ON HINES

NEW YORK, Aug. 31.—(AP)—J. Richard (Dixie) Davis, 52-year-old "kid mouthpiece" of the Dutch Schultz policy racket, testified today in the conspiracy trial of Tammany District Leader James J. Hines that he paid Hines approximately \$40,000 as political "fixer" for the mob between October, 1932, and July, 1935.

Davis, by his testimony "put the finger" directly on the Democratic political leader. He swore he paid Hines at least 10 times a year himself. The prosecution considers Davis its most important witness, even including John P. Curry, former Tammany boss, who told of the power Tammany had over police assignments.

George Weinberg, former business manager of the Schultz combine, has previously testified he also gave Hines his "take" as "front for the racket."

From October, 1932, to the end of 1933, Davis said, he paid Hines out of racket money "about 15 or 20 times" at a rate of between \$500 and \$1,000 each time.
