

FARMER MEASURE NOT STRIKING AT LABOR UNIONISM

President Associated Farmers of Oregon Says Bill Is Being Fought by Racketeers and Dictators

HOOD RIVER, Sept. 1.—(Sp.)—“Contrary to propaganda being disseminated by certain labor leaders the initiative bill of Oregon’s farmers, to liberate the state from foreign labor dictators and racketeers, does not strike at labor unionism,” declares H. L. Shoemaker, president of the Associated Farmers of Oregon.

“Contrary also to propaganda being spread by the self same labor leaders, there is a genuine need for this particular legislation,” he continued, adding that the Associated Farmers of Oregon were sponsoring the measure in conjunction with the Oregon Farm Bureau, Eastern Oregon Wheat League, Hood River Growers Club and other farm organizations and leaders.

“This farmers’ measure,” resumed Mr. Shoemaker, “recognizes and preserves every principle of labor unionism—the right to organize, bargain collectively, the right to strike, picket and boycott.

“It strikes only at the power of foreign labor dictator and racketeer to order a strike and to invoke picketing and boycotting against employees satisfied with the wages and working conditions in order to force them to pay tribute.

“In other words, it gives the workers of an industry the right to organize themselves into a union, to bargain collectively, to picket and boycott when a majority votes to do so, but prohibits labor overlords and racketeers from usurping those rights against the will of the workers and use them for racketeering purposes.

“In brief, this constructive measure safeguards and protects labor, agriculture, industry and the public alike from the labor dictator and racketeer.

“So much for this trumped up contention of these labor leaders, that this measure militates labor unions, industry and payrolls.

“Now let us see what else this farmers’ measure does to liberate the people of Oregon from the iron grip of the labor boss and racketeer.

“To begin with it abolishes forever the indefensible jurisdictional strikes which for the past few years have prostrated our shipping, paralyzed agriculture and industry and impoverished the workers.

“Oregon industries—particularly its lumber mills—have been forced to shut down again and again for long periods of time by these jurisdictional strikes, throwing thousands of workers out of employment, while labor bosses of rival unions have wrangled over which one should have jurisdiction and control over the workers.

“It provides further that it shall be unlawful for any individual or organization to interfere with or obstruct the transporting and marketing of agricultural and other products.

“In other words, it will prevent a recurrence in Oregon of the disastrous maritime strikes that cost the people more than \$800,000,000.

“In turn all this means that our channels of trade and commerce will always be open and the marketing of the world always be available to Oregon products.

“It means further that the wheels of industry will hum unmolested, labor work unhindered, and our farmers no longer be forced to pitch fork their way to our local markets.

“Ends gangs, racketeering, further makes it unlawful for union dictators and racketeers to use money, wrong from honest, law abiding union men to hire thugs and gangsters to beat up honest workers, burn and bomb property and perpetrate murder itself.

“Oregon is just emerging from such a reign of labor terrorism, and if this bill is enacted into the law, it will never witness another.

“This bill further makes it unlawful for any individual or organization to prevent, hinder or molest any person from working or any person from hiring a worker.

“What does that mean? “Enfranchisement of citizenship. “It means that every man has a right to live, has the right to make a living for himself and family.

“It means that our young men—our future citizens—thousands of them—who are now walking the streets without work, will be entitled to work and earn a living without the hindrance or molestation of labor union bosses and their hirelings.

“It means that all men are equal.

JACKSON SCHOOL CUBS HOLD INDIAN POW-WOW

Cubs of pack No. 1, Jackson school, with their parents, met at McKee Bridge Tuesday for their tenth achievement council. Swimming was enjoyed until picnic supper was served.

After a wieners roast the Cubs in full Indian regalia and carrying Indian weapons, staged a war dance around the campfire. More wood was added to the bonfire and by its light Ray Harrison and Herb Sims presided at the council. Donald Hunkal was received as a bob-wat. Teddy Huber was awarded the gold arrow in the wolf rank.

Eighteen boys who have been in cubbing a year were presented gold star awards. Boy Scouts visiting the council were Jerry McDougall, Ralph Burgess and Jack Braasfield. Each den presented an original stunt and the meeting adjourned as the Cubs repeated the pledge of allegiance to the flag.

FRUIT MEN WITNESS MOVIES OF AUCTION

The Rogue River Traffic association and directors of the Fruitrowers league Wednesday noon saw moving pictures of the fruit auction markets, presented by Henry Green of the United Fruit association. The meeting was held at Valentine’s cafe. The association is composed of 11 fruit auction markets in eastern cities.

The movies showed the operation, various methods and phases of the auction markets. Green was accompanied by Ralph Samsel, Pacific coast representative of the auction association.

“In fact the strikes through which Oregon has been passing the last few years have been so replete with rioting, violence and vandalism that for a while they not only swept aside all police authority but defied the strong arm of the government itself.

“It must be apparent to anyone who has given the situation so much as a passing glance that this whole proposal of the federation is so utterly ridiculous that it is unworthy of any consideration.

“In conclusion let me sound the warning to all voters not to be misled by any of this propaganda that is put forth to encompass the defeat of this meritorious and constructive measure.

CIRCUIT COURT TO RESUME SESSIONS SEPTEMBER SIXTH

Circuit court sessions, after a month’s vacation by Judge E. D. Norton, will be resumed Tuesday, September 6. The court spent the period at his home in this city, and attended to routine legal matters as they arose.

Arguments on the demurrer of County Clerk George R. Carter, Deputy District Attorney George W. Neilson and Former District Attorney George A. Coddling in the suit filed against them a year ago by Earl H. Fehl, former Jackson county judge, now an inmate of the Oregon state hospital have been set for Wednesday.

The suit alleges the present and former county officials entered into a conspiracy against Fehl. The suit seeks large sums, and was one of several damage actions filed by Fehl after his return to this county on parole from ballot theft conviction. Purpose of the action is to clear the action from the record.

The continued suit of Tom L. Taylor, orchardist, against the state department of agriculture, County Agent Robert G. Fowler, and Fruit Inspector Howard Warner, has been set for September 19, 20 and 21. It was originally set for next week. The suit involves right of the state to order removal of blight infected pear trees. Six acres of ascertained blighted trees on the Taylor orchard were re-
