

### GIRL SLAPPER TO SPEND FIVE DAYS BEHIND JAIL BARS

Because a girl wouldn't dance with him, Evan E. Jones, 28, of Medford

will spend five days in city jail. Jones, city police reported today, approached a pretty lassie at a local dance last night and requested the pleasure of tripping the light fantastic with her. She refused. So, Jones slapped her, police said.

Charged with disorderly conduct Jones was given his choice in city court this morning of paying a \$10 fine or spending five days behind the bars. Unable to pay the fine, he began serving his five days.

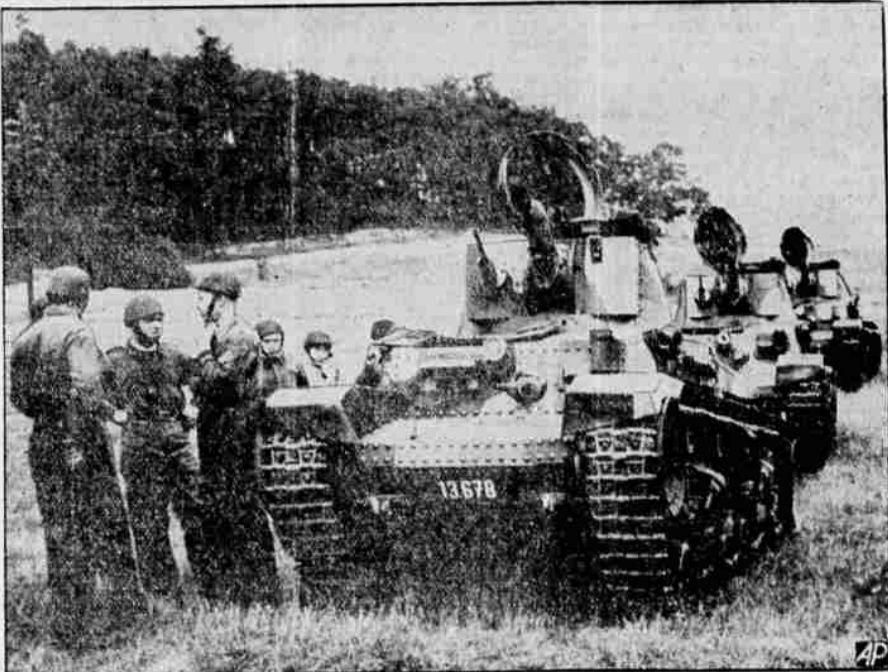

Robert Leo Baird, 17, a transient, was sentenced to serve five days in city jail on a charge of vagrancy. Baird, police said, admitted stealing a grey coat, a camera and a roll of film from two parked automobiles, but the owners of the articles have not been located. The owners may recover their property by calling at the police station and identifying the coat, camera and films.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 2 pounds of waste.

### Czech Tanks Rumble as Crisis Nears

Czech tanks, like those above, rumbled through the streets of Eger, less than ten miles from the German border as martial law was clamped down on many Sudeten districts following a series of disorders. The tanks, latest of the ten-ton Czech army equipment, were made in the Skoda plants. The accompanying map shows the martial law districts, with the exception of Boheimisch-Kerman, not shown. (A. P. Photos.)

### RIVER EXPLORERS TAKE BRIEF REST

JENSEN, Utah, Sept. 15.—(AP)—Two daring explorers of the Colorado river rested here today, ready to resume tomorrow a 900-mile boat journey to the Gulf of California. Buzz Holmstrom of Coquille, Ore., who last year became the first person to negotiate the Colorado river alone, arrived down the Green river last night with Amos Burs, National Geographic society photographer, and

Phil Lundstrum, Portland, Ore., commercial artist. The three left Green River, Wyo., September 3, and had but one mishap on the 290-mile journey. One boat overturned and Burs clung to it through several rapids before beaching it. Lundstrum left the party here. He is to be married at Portland next week, he said.

Holmstrom and Burs hope to reach Guaymas, Sonora, in the Gulf of California, within six weeks.

R. Martin, president, George Lewis, vice-president, and C. R. Walker, secretary-treasurer. Purpose of the club is listed as "recreation and social activity," with the principal income in fees from members. The club will be located in Medford. It was organized August 29.

### TRANSIENT GIVEN CHANCE TO FLOAT PLAN OPERATION BLACK CHANNEL

James B. Haskins, transient, charged with being drunk in a public place, was given a 30-day sentence to the county jail today, with the proviso it would be suspended if Haskins left Jackson county immediately. The same sentence was imposed upon Haskins, 11 months ago, on the same charge.

According to Haskins, he wanders up and down the Pacific coast doing odd jobs and chimney sweeping, accompanied by a dog, who has been his companion for six years. His travels are largely afoot, as the presence of the dog handicaps obtaining rides from motorists. He told the court he once was shocked by electricity, which caused him to be subject to dizzy spells. He denied he had been intoxicated and attributed his condition to dizziness.

On his first visit Haskins created a disturbance in Central Point. This time Jacksonville was the scene of the misdemeanor.

### CHRYSLER PLANT HIT BY WALKOUT

DETROIT, Sept. 15.—(AP)—Seven thousand employees of the Chrysler corporation Plymouth division were sent home today because a strike at the Briggs Manufacturing company shut off the supply of automobile bodies.

Negotiations were in progress between the United Automobile Workers and Briggs officials. A dozen members of the U. A. W. "flying squadron" picketed the Briggs Mack avenue plant which was closed yesterday by the strike.

The company dismissed a shop steward and three others in the welder department and accused them of trying to retard production. Union workers sat down when their reinstatement was denied.

Several hours later the strikers marched out of the plant after the management promised no attempt to operate it would be made pending negotiation of the differences.
