FALL BUYING KEEPS MERCHANDISE GOING IN LARGER VOLUME

NEW YORK, Sept. 16.—(AP)—General retail buying this week continued at last week's "faster pace," although weather conditions in some sections slowed fall shopping. Dun & Bradstreet reported today.

Sales at many leading centers of distribution surpassed a week ago, with gains running from 2 to 8 per cent, the credit agency said. For the country as a whole, however, volume averaged 4 to 7 per cent under last year.

"The stronger consumer demand showed no signs of slackening," the agency added.

"Purchasing of women's apparel and house furnishings again dominated retail volume."

"Specialty shops continued to report better comparisons than department stores, a trend to higher-priced merchandise being evident in apparel and other lines."

"Automobile dealers displaying samples of new models reported advance orders running close to or above last year's level."

Despite maintaining of the "faster pace" in retail lines, wholesale trade found buyers wary.

RESERVE OFFICER SEES NEED OF STRONG ARMY

PORTLAND, Sept. 16.—(AP)—If America had had its present military development in 1917 it would not have been drawn into the World war, Colonel Stephen A. Park, Milwaukee, Wis., national president of the Reserve Officers' Association of the United States, said yesterday.

Col. Park was here to attend a banquet of the Portland chapter.

"Had the United States been ready for real trouble in 1917, Germany would have been more kind and thoughtful," he said.

Col. Park said he did not believe the 100,000 officers on the active list of the reserves are getting enough training with troops in the field.

GERMAN TOURISTS FIND FRENCH HATE SWASTIKA

NANCY, France, Sept. 16.—(AP)—A large crowd mobbed an automobile carrying German tourists and displaying a swastika flag today and demanded that the flag be removed.

Police dispersed the demonstrators after moving the car into a garage and asking the chauffeur to remove the flag. The other Germans took refuge in a hotel.
