250 Known Dead, Property Loss in Millions--Seven States in Disaster Area--Farms Flooded.
(By the Associated Press)
The ever-lengthening roster of the dead from an equinoctial hurricane which struck the North Atlantic states with a savageness unequalled in a hundred years neared the 250 mark today--and still the tragic figures mounted.
The damage to property--to hundreds of smashed boats, to growing or maturing crops, to homes, utilities, public buildings, transportation and communication--was beyond calculation, rising to uncounted millions of dollars.
Many thousands of men and women in the great area of disaster--troops, police, coast guardsmen, naval reservists, Red Cross workers, Boy Scouts--were called to the work.

She repeated, however, the department felt it should await a supreme court test of the other case.

NO RESULTS FROM BRITISH PARLEY WITH NAZI CHIEF
Chamberlain Issues Appeal to German People for Order--Czechs May Reject Peace Plan.
(By the Associated Press)
Czechoslovakia's anger over the imminent loss of her Sudeten areas moved her today toward formation of a strong military government while Neville Chamberlain and Adolf Hitler met on the Rhine to seal the bargain of which Prague's loss is the price.
Gen. Jan Syrovky, 50-year-old intrepid general of the army, emerged as the almost certain head of a new regime in Prague, to replace the cabinet of Milan Hodza, which resigned in face of a rising tide of indignation over its capitulation to Britain and France.
There was speculation whether the new regime would approve the Hodza surrender. Meanwhile the Czechoslovak army continued in a state of preparedness.
The prime minister of Britain and the German leader held their second fateful conference within a week in the Hotel Dreesen at Godesberg on the Rhine.
Chamberlain was represented as hopeful of a peaceful general European settlement, but there were ominous reports the German leader, flushed with the greatest diplomatic victory of his career, had raised his price for peace.
There were doubts whether the capitulation of the Prague government yesterday now would be enough.
PRAGUE, Sept. 22.--(AP)--General Jan Syrovky, inspector general of the Czechoslovak army, formed a cabinet today to succeed that of Milan Hodza, which resigned amid rising resentment against the imminent cessation of Czechoslovakia's Sudetenland.
The new cabinet was said to consist almost entirely of civil servants and non-political persons.
The only hold-over from the Hodza cabinet was said to be Kamil Krofta, the foreign minister.
Firmness Sought
There was speculation whether a new government would approve of the "capitulation" to Germany.
The Czechoslovak people have raised demands for much greater firmness in the republic's foreign policy.
An official radio broadcast said Syrovky would receive a cabinet post, but which one was not specified. It was regarded as a certainty, however, the general would either succeed Hodza or become minister of war.
The radio said it also was probable Gen. Jan Bortolick, who also is considered friendly to Russia, probably would be named minister of interior with control of the gendarmerie and police.
Defense Alert
While Syrovky was arising as a new leader there appeared to be no slackening of Czechoslovak defense measures. Better reports said soldiers still were moving into defense positions.
Many soldiers on frontier duty still had no information the government had submitted to the German demands and were ready to resist any invasion.
What Hitler Wanted
BERLIN, Sept. 22.--(AP)--The controlled German press indicated today the resignation of President Eduard Beneš of Czechoslovakia was one of the demands Reichsfuehrer Hitler was presenting to Prime Minister Chamberlain in their meeting at Godesberg.
There were intimations the British prime minister would find the proposals for meeting Hitler's demands which Britain and France compelled the Prague government to accept, no longer would meet the situation.
"Prague accepted, but too late," said the Lokal Anzeiger, evidently inspired.

WASHINGTON, Sept. 21.--In this country, the first effects of war abroad would be felt in the financial community. At the president's orders, therefore, the fiscal authorities of the government have spent these last days of crisis in prolonged and anxious conference. Under the leadership of Secretary of the Treasury Morgenthau, Jr., they have exploded every danger involved in world conflict, and prepared plans to meet it.
It may now be stated that their conclusions are distinctly encouraging and that their plans foreshadow no serious financial dislocation. The conclusions were well summed up by a high treasury official, who said:
"With war in Europe, an eventual boom is almost inevitable in the United States. All commodities are bound to be in great demand, and unless the enforcement of the neutrality act is extended beyond the mandatory provisions, heavy industry will be much stimulated. Only the first shock need be feared, and we are convinced the financial system is strong enough to stand it. It was very bad in 1914, but, although there is danger of hysteria today, the basic situation is far better than it was then."
As for the broad plans, they involve the establishment of some sort of national financial policy committee, probably headed by Henry Morgenthau, which would be charged with the control and supervision of the entire situation. In the discussions between officials of the treasury, federal reserve board and securities and exchange commission and representatives of the great New York banks, such a committee has virtually been set up already.
The dangers discussed at the recent conferences have been dramatized already, in the severe stock market break of September 13. Although it was widely rumored to have been the result of dumping from abroad, confidential security and ex-

WEDS GIRL, 15, IS HELD UPON CHILD STEALING CLAIM
W. P. Carroll, 46, Applegate Friend and Young Bride Taken to Roseburg.
Charged in a Douglas county warrant with child stealing, involving a 15-year-old girl of Ten Mile, near Roseburg, William Patrick Carroll, 46, of Applegate was arrested yesterday afternoon by state police, and was returned to Roseburg last night for arraignment by Sheriff Percy Webb of Douglas county.
Arrested with Carroll and also returned to Douglas county for arraignment was Lewis Floyd Williams, 24, of Applegate, who was charged in a warrant with swearing to a false affidavit relative to the girl's age.
The young girl, Beulah May McAlister, was also taken into custody with child stealing. They were taken into custody near Roseburg last night. Carroll and the girl were married in Roseburg last Tuesday, state police said. They met each other recently while they were both employed at the Clute hopyard near Applegate. The girl left and returned to her home in Ten Mile about a week ago, and after correspondence between the two, Carroll with Williams, drove to Roseburg and they were married. The charges against Williams alleges that he falsified the girl's true age when she and Carroll applied for their marriage license.
The arrests were made upon information received from state police sub-station in Roseburg that the warrant for Carroll had been issued following a complaint signed by the girl's parents, charging Carroll with child stealing. They were taken into custody near Roseburg.
Carroll was fined \$2.50 and costs in justice of the peace court yesterday for operating a car without an operator's license. He was given an October 1 to pay.

FIERY DEATH OF AIR CORPS CHIEF
Three Boards to Investigate End of Maj. Gen. Westover in Power-Spin Crash
BURBANK, Calif., Sept. 22.--(AP)--The deaths of Maj. Gen. Oscar Westover, 55, United States army air corps chief, and his personal pilot, Sgt. Sam Hynes, in a power-spin of their attack plane yesterday afternoon, became the subject today of three inquiries.
As Brig. Gen. H. H. Arnold assumed the title of acting chief of the air corps, an army board of inquiry, headed by Lieut. Col. Harvey S. Burwell, commander of the 19th bombardment group, was named to investigate the cause of the crash which brought flaming death to the pair.
An inquest will be held Monday morning.
In addition, there will be an inquiry by the newly-created federal civil aeronautics authority, Robert Hinckley of Salt Lake City, one of the authorities, announced. Hinckley explained the scene of the crash, in a residential area, makes it "within our jurisdiction to conduct an inspection."
President Roosevelt in Washington sent his condolences to the general's widow. The president said the general was "a gallant soldier--a true friend--one whose loss the nation nor his friends can afford."
General Westover, a short-stocked man, flew his own plane and possessed ratings as heavier than air pilot, airplane observer, lighter than air pilot and balloon observer.
Witnesses said they noticed the plane flying low for a landing. Suddenly, it appeared to make a move to climb. Then it went into a spin from a height of about 150 feet, plunging with terrific impact into a house and setting it afire.
Westover was returning from the army air field near Riverside, Calif., to Los Angeles for the American Legion convention.

SALEM, Sept. 22.--(AP)--Elementary and high school enrollment in Oregon this fall is 210,000, five percent more than last year. Rex Putnam, state superintendent of public instruction, estimated today.
