

BUICK DEALER TO VIEW NEW MODELS

With the introduction of new Buick models scheduled in the near future, R. A. Skinner, Harris James and O. V. Meyers of Skinner's garage, local Buick dealer, left for Los Angeles today to visit the southern California Buick plant and take an advance look at the forthcoming line of cars.

The occasion, he said, is the pre-announcement sales convention of the Pacific coast Buick dealer organization, at which the new cars are shown to the dealers for the first time and the 1939 sales program discussed.

He said that word from the factory indicates that an enlarged program will be undertaken for 1939 in view of the encouraging business outlook and the increased demand for automobiles which already is being felt.

"We have had a very satisfactory year with the 1938 models," Mr. Skinner said. "Buick ended the model year in fourth place on a national basis and obtained a much bigger share of the total automobile business than last year."

"I believe that business now is definitely on the rise and that we are going into a year of further improvement. Indications are that all lines of trade will show gains during the last quarter of this year and that 1939 will see a good measure of recovery. Production and employment should be at substantially higher levels with beneficial results in every phase of retail and wholesale trade."

"The outlook for Buick business in this area is excellent. I am informed that the new line of cars represents an even greater value than the 1938 car and that important improvements have been effected in design and engineering."

Mr. Skinner said that production of the 1939 Buicks is in full swing at the factories and that he expects to receive his first stocks of the new cars by the end of September.

Cycling Champion Trains for the Races!

"Continuous road work keeps me in training for Six-day Championship races, and a Western Flyer from Western Auto is my choice of all road bikes," says Bobby Walthour, Jr., the third generation of bicycle racing champions, his father and grandfather being champions before him. The model chosen by Bobby for his practice riding is on display at the local Western Auto store, says the local manager.

There is no secret to winning six-day bicycle races any more than there is to enjoying an every day spin on a bike, according to C. H. Pritchett, local manager of the Western Auto Supply company, exclusive distributors of Western Flyer bicycles in the west.

He has this on the authority of Bobby Walthour, Jr., America's six-day champion bicycle rider, who should be a reliable source, since he is the third generation of a family of bike racing champions. Old timers remember his father and grandfather as makers of early bicycle racing history.

"I find that a most important part of bike racing is the pre-contest training," says Bobby, who rides daily to keep in trim. A standard model Western Flyer bicycle is his road-work companion, and was chosen after comparison with many higher priced machines.

"Bike riding to me is far from work. It's fun," he says. "I really enjoy my conditioning jaunts, because my training bike is made for touring comfort and long wear. It has a spring seat, high crown fenders and a coaster brake."

While Walthour's personal choice of coaster brakes is the Muselman the bicycles shown in the local Western Auto store afford the customer a choice of three famous brands, which include the New Departure and the Morrow as well as the Muselman.

der towns. The first already had been called up and it was intimated the fourth, fifth and sixth might be called in the next three days to augment the more than 2,000,000 men already under arms.

Hungary apparently completed her defense measures for the time, though she denied a general mobilization had taken place. An official statement said that a "united Hungarian-German-Polish front" exists and that Hungary would not recede from her demands for return of 700,000 Hungarians from Czechoslovakia.

The American and British legations prepared special trains to evacuate their nationals from Budapest. Hungarian towns were reported ordered darkened at night.

Premier Mussolini, addressing 300,000 Blackshirts at Padua, said, "If the conflict must nevertheless break out the possibility of localizing it," but went on to warn that if it proved to be an ideological war against Nazism and Fascism, Germany and Italy would form a "single bloc."

Sees Conflict Italy's most authoritative editor, Virginio Gayda, assumed Prague would reject the new German ultimatum and declared "It may therefore be considered that events are moving toward an armed, bloody conflict."

Berlin was filled with army officers dashing about in camouflaged automobiles. Huge army trucks rumbled through the streets, and the German army and air force was admitted to be largely concentrated in a half ring about Czechoslovakia.

Little was known of what was going on within Czechoslovakia. All railway communications with Germany were cut, and train service with Poland and Hungary was interrupted. The Prague government had ordered civilian air traffic grounded.

Guerrilla warfare swept along the frontier with numerous engagements between Czechoslovak troops and Sudeten German free corps detachments reported.

Czechoslovak troops blew up bridges and tracks all along the borders of Bavaria and Saxony.

Merrill Martin enrolled in the Southern Oregon Normal school at Ashland and left Sunday, September 18, to take up the year's work.

Mr. and Mrs. Ralph Ellis of Rogue River spent Thursday of this week with Mrs. Harry Ellis. The occasion was Mr. and Mrs. Ellis Sr. forty-eighth wedding anniversary.

Mr. and Mrs. Harvey Hines expect to move soon to Gold Hill, where they have rented a ranch. We will be sorry to lose the Hines from our neighborhood.

The families of the members of the Pleasant Hour club enjoyed an ice cream and cookie "feed" at the schoolhouse Thursday evening, September 22. After every one had all the ice cream they could eat the remainder of the evening was spent in community singing.

Mrs. Paul Schulz and children, Marie and Dale, Emma Prink and Lova Duesenbury of Sams Valley were Thursday evening visitors at the J. C. Prink home.

Highway Bids High SALEM, Sept. 24.—(AP)—Bids for road and bridge projects aggregating a cost of more than \$300,000 will be opened at a meeting of the state highway commission in Portland on Thursday, R. H. Baldock, state highway engineer, reported Saturday.

COLUMBIA RIVER NAVY BASE VITAL

PORTLAND, Ore., Sept. 24.—(AP)—Whether Tongue Point is a primary or secondary area of defense is the question that must be settled before it can be developed, Rep. Byron N. Scott, of California, chairman of a house sub-committee on naval affairs, said after an inspection of the proposed defense base at the Columbia river's mouth.

Rep. Warren O. Magnuson, Seattle, another committee member, said he would continue to support early development of Tongue Point because the only reason for national defense is to "defend vulnerable spots and I hold that the entrance to the Columbia river is a vulnerable point."

Albert E. Carter, California congressman, said all main coastal approaches like the Columbia river, San Francisco bay and Puget sound should be "properly protected."

LAY JAIL DEATHS TO DEHORN DRINK

PORTLAND, Ore., Sept. 24.—(AP)—The deaths of two inmates in the St. Johns suburban jail today recalled a recent Christmas season tragedy when a score of north-end habitués died from the effects of drinking denatured alcohol.

An autopsy revealed Jack Sweeney, 47, and Harold Nicholson, 40, succumbed to alcoholic poisoning, Leon V. Jenkins, acting chief of police, ordered an investigation to determine where the men obtained the "dehorn."

Before he died, Nicholson said a friend gave him and Sweeney a drink yesterday afternoon while they were polishing police cars.
