

# Craterian's "Movie Quiz" Hit With Charlie McCarthy Opens Today

## ADOLPHE MENJOU IN CAST OF SPARKLING COMEDY WITH BERGEN

Edgar Bergen and Charlie McCarthy are starred in "Letter of Introduction," the new Movie Quiz contest picture opening a three-day run today at the Craterian Theatre.

Marking the first time that the famous Bergen-McCarthy team has appeared in acting parts—although they had a specialty in a previous picture—"Letter of Introduction" proves that even a wooden dummy can act when given the proper encouragement.

Mortimer, a buck-toothed former boy dummy, claims he is from Iowa, being the chief squirt on a dairy farm before going into the movies.

Charlie says he's "Just a peasant, an uncouth oaf." And there the matter stands.

The story of "Letter of Introduction" presents Bergen as a struggling ventriloquist who, meeting Menjou, is started on his road to success and fame.

## Joe E. Brown Starts In New Rialto Hit With June Travis

Joe E. Brown in "The Gladiator," with June Travis, Robert Kent and Man Mountain Dean, the bearded behemoth of ring fame, heads the double bill opening at the Rialto Theatre for today and tomorrow.

Departing from his customary characteristics, the cavewoman-mouthed comedian, in his newest offering, portrays the role of a scientifically-created superman.

Brown, returning to Webster College as a sophomore, is beaten and bludgeoned on the football field in the spirit of good clean fun when he attempts to impress Miss Travis, the belle of the campus.

The Mauch Twins have the starring roles with Gene and Kathleen Lockhart in support.

Lightning storms Friday evening brought mixed blessings to the United States and state forest services. The rain decreased fire hazards for the time being but the lightning caused several small fires.

The storm did no agricultural damage in the valley and in general the rain was beneficial. County Agent Robert G. Fowler said.

Fog reduced visibility in various parts of the forest areas yesterday and it was thought that when the mist cleared other fires might be found.
