DOES SHE GET ENOUGH STRENGTH-GIVING BREAD?

Learning Their Three R's Is No More Important Than Getting the Proper Vitamins in Beck's Bread!

Beck's bread builds up, adding strength to growing muscles. According to leading authorities, it can well supply at least ONE FOURTH of all the muscle-building food children eat—a simple matter to arrange, since most children are crazy about it.

BECK'S BREAD takes children further than nearly anything else they can eat. It helps make them husky and healthy—furnishes the energy they must have to keep up with others of their own age.

There's no BETTER or CHEAPER way than through Beck's bread of giving growing children the things their bodies need in largest amounts; a good source of food energy and muscle-building protein.

Wall St. Report. NEW YORK, Sept. 26 (AP)—New European war clouds darkened the financial markets today and stocks tumbled 1 to 4 points generally with a few off as much as 8 or so at the worst.

While extreme losses in the share list were reduced considerably in many cases before the close, some issues failed to come back to any great extent. Dealings, fairly lively in the forenoon, subsided in later proceedings as traders stood aside to listen to Hitler's speech to the nation in Berlin. Parts of the address were interpreted as moderately conciliatory, but speculative forces, on the whole, were unwilling to make any extensive bets on the side of peace.

Steele and motors, among conspicuous early sliders, regained most of their decline and the state of the concluding half-hour, but, when Hitler still speaking, and injecting more hostile notes in his talk, these groups again turned downward as the session ended. Some rubbers and coppers did better. Transfers approximated 1,200,000 shares.
