SOVIET UNINVITED, HAS SUSPICIONS OF MUNICH MEET

MOSCOW, Sept. 29.—(AP)—Soviet Russia, watching the four-power Munich conference from the sidelines, took the pessimistic view today that Prime Minister Chamberlain was only strengthening Hitler's hand by attending the parley.

This view was expressed in the government newspaper, Izvestia, in a Geneva dispatch which assumed importance because of Foreign Commissar Maxim Litvinoff's presence there.

The dispatch called the idea of the Munich conference "monstrous" and said France would pay a high price for her participation.

"Up to now British concessions to Hitler have been torn from the living flesh of Czechoslovakia, it said. "At this conference of four, France inevitably will pay for her friendship with England."

Not only is Chamberlain making his "third trip to Hitler," it continued, he is strengthening the fuehrer's position by "adding another aggressor" in the circle of negotiators.

"One can easily imagine," it said, "what decisions will come out of such a 'conference.' One can easily imagine the role of France in this partnership of four in which two aggressors will dictate their will while a third participant (Chamberlain) will seek in every way to satisfy the first two."

In Soviet circles there was a tendency to regard the conference as an intensification of efforts by "bourgeois imperialist statesmanship" to strike a bargain with aggressors at the expense of small countries.

The Soviet position has been that conferences should be for the purpose of uniting peaceful nations against aggressors—not attempting to bargain with aggressors.

CZECH OBSERVER SENT TO MUNICH; OKAY ANGLO PLAN

PRAGUE, Sept. 29.—(AP)—The foreign ministry decided today to send an observer to the Munich four-power conference by airplane.

His identity was not disclosed.

The decision followed announcement Czechoslovakia would accept "in principle" a new British plan for execution of the Anglo-French scheme to cede the Sudetenland to Germany but would make "some reservations."

A communique announced Prague "adopted a positive attitude in principle toward British proposals regarding the execution, by degrees, of delimitation and of transfer of the territories."

The acceptance was made known to Great Britain before the four-statesmen parley opened today in Munich. It contained "some reservations," however.

The Chezoslovak note did not specify the nature of the new British plan, but it was believed it concerned technical measures for speeding up the cession of Czechoslovakia's Sudeten German areas to Germany under an Anglo-French plan that Chancellor Hitler rejected at a conference in Godesberg, Germany, with British Prime Minister Chamberlain on September 22.

JAIL TERM GIVEN LABOR TERRORIST

PORTLAND, Ore., Sept. 29.—(AP)—Oregon's dragged out campaign against labor terrorism added two more convictions yesterday when Circuit Judge Louis P. Hewitt sentenced Elmer W. Johnson and Jack Lyons to jail terms.

Lyons, ex-business agent of the AFL retail clerks' union, was sentenced to 60 days, when he pleaded guilty to breaking a bakery window. He previously served a 90-day term in Washington county for a similar offense.

CENTRAL PT. MILL BUYS PINE BLOCK

Southern Oregon Sugar Pine company was the sole bidder on 1,500,000 board feet of western white pine offered by the Rogue River national forest, headquarters annnounced today. Time for filing bids expired yesterday afternoon.

The company, which operates a mill at Central Point, offered $7.75 per thousand board feet, minimum bid accepetable under the terms set by the forest service.

The bid on the first contract was the same, $7.75 per thousand.

GROUP WILL SEEK MORE SCHOOL COIN

PORTLAND, Sept. 29. — (AP) — The Portland school board named three of its members today to organize a statewide group to seek school aid at the legislature.

The board also decided to ask Multnomah county for a levy "which shall produce at least $10 per capita for each and all of the children within the ages of four and 20 years." This was advocated, members said, because receipts had fallen far below the figure set as a minimum by the Oregon code.

The proposed state group would attempt to relieve the drain of local school funds on property taxes.

FURNITURE HELP PLAN 'VACATIONS'

PORTLAND, Sept. 29. — (AP) — A "vacation" affecting 1900 furniture workers was threatened today if operators pressed a proposed 10-cent per hour wage cut.

Members of the Furniture Workers union, local No. 1482, voted almost unanimously last night to accept the cut on new agreements to supplant contracts expiring Saturday.

Fritz Igel, union business agent, declared no strike vote had been taken or was contemplated, but that "we rejected the wage cut and won't go to work Monday if the employers don't change their minds by that time."
