### Carrier Counsel Attacks High Pay As Cause of Rail Plight at Strike Hearing.

WASHINGTON, Sept. 30.—(AP)—Railroad management and labor collided head-on today before the emergency board appointed by President Roosevelt to avert a nationwide strike.

J. Carter Fort, counsel for the carriers which have proposed a 15 per cent wage cut, attacked present railroad wages as "unreasonably high." He promised in an opening statement to prove these were a factor in "the desperate financial conditions of the railroad industry."

This was flatly denied by Charles H. Hay, counsel for 18 brotherhoods representing some 800,000 workers. Hay argued the present plight of railroads arose from two causes: "Decline of gross business due to competition and, in season, to the decline in general business."

"Bad financial policies and practices," Hay said a wage cut would not solve any of the problems, the need was for "a comprehensive national transportation plan for the proper regulation and correlation of all forms of transportation and the correction of financial abuses and a thorough-going program of reorganization."

The pay of railroad men, Hay continued, had remained nearly static since 1920 while thousands of them lost jobs, or went on part time, and other industries advanced wages.

Fort told the three-man board labor organizations, "and they alone," would be to blame if a strike were called.

Chief Justice Walter F. Stacy of the North Carolina supreme court told representatives for carriers and the railroad brotherhoods the board's "mission is findings of fact."

"Our desire is to get a full picture," the tall judge remarked as he asked lawyers on each side to work out an informal agreement for dividing time.

Several hundred persons, chiefly men, packed the large caucus room of the house office building more than an hour before the hearing started.

# RETIRED GENERAL CALLED DISLOYAL FOR RELIEF SLAM

WASHINGTON, Sept. 30.—(AP)—War Secretary Woodring termed "flagrantly disloyal" a statement issued by Maj.-Gen. George Van Horn Moseley upon Moseley's retirement from the army today.

Retiring on reaching the statutory age of 64, Moseley, one of the army's outstanding commanders, criticized administration relief and other policies in his statement, issued at Atlanta.

Moseley was commanding general of the fourth corps area and the third army, with headquarters in the Georgia city.

Woodring, in a formal statement, said: "Because he was disappointed in his ambition to become chief of staff of the American armies, Major-General George Van Horn Moseley has celebrated his retirement from military service by assailing the federal government and, by inference, attacking his commander-in-chief."

(President Roosevelt is commander-in-chief of the army and navy.) "As to reasons that General Craig (General Malin Craig, army chief of staff) was preferred for the important post, I do not think anyone

needs to look further than to read General Moseley's flagrantly disloyal statement.

"Obviously, the general is entitled to his own views on governmental and other policies, but I have an idea General Moseley's brother officers will be as much astonished and dismayed by this exhibition of pique and bad taste as the general run of American citizens who believe and have always accepted the theory an American officer's loyalty to his chief did not cease when he went off active service."

"Though he retired today, he continued to be an officer of the army, receiving the inactive pay which in his case is approximately \$8,000 a year."

At the war department, there was no indication any disciplinary action was contemplated.

# RELIEF COST IN STATE BOOST OF 8 MILLION, SEEN

PORTLAND, Sept. 30.—(AP)—The state relief committee approved the 1939-40 public assistance budget of \$25,824,500 today, an increase of about \$8,000,000 for the current biennium.

E. R. Goudy, state administrator, said relief needs had increased rapidly but the figure was the "absolute minimum."

Old age assistance work took a \$14,000,000 slice or about \$4,500,000 more than previously. Only persons more than 70 years old received aid last year. The limit was placed at 65 years this year.

The committee allotted \$443,100 for the blind. Goudy asserted 586 persons would be cared for at \$30 a month. This represented a case load increase of 153.

The budget included \$3,200,000 for about 6275 dependent children compared with about 3251 for the current period. Each dependent child under 16 years will receive \$17 per month.

Other items included care of poor \$6,651,400, child welfare \$100,000, crippled children \$280,000, projects \$380,000, non-resident care \$800,000. The budget will be subject to changes by congress and the state legislature.

# CANADIAN GROUP RIDICULE HITLER

MONTREAL, Sept. 30.—(UP)—A statement ridiculing Chancellor Adolf Hitler's pretensions he is "concerned" about the welfare of the Sudeten Germans and expressing the hope the Nazi regime soon would be overthrown was issued by the German-Canadian League today.

"If Hitler is really as concerned as he pretends to be about all Germans living outside the German borders, if his heart is really bleeding whenever he sees a fellow-German suffer, then he must not hesitate for a moment to send very urgent memoranda to Mussolini demanding the immediate improvement of the conditions in South Tyrol," the league said.

It stated the German minority in Czechoslovakia was treated fairly, while Germans in the South Tyrol are "submitted to great oppression and sufferings under the dictatorship of Mussolini."

"Because he was disappointed in his ambition to become chief of staff of the American armies, Major-General George Van Horn Moseley has celebrated his retirement from military service by assailing the federal government and, by inference, attacking his commander-in-chief."

# CHAMBERLAIN AND HITLER AGREE TO ANGLONAZI PACT

(Continued from Page One.)

Both Sign  
"I have always had in mind that if we could find peace on this Czechoslovak question a way might be open to appeasement in Europe," he said.

"The fuhrer and I have had a long talk this morning."  
"We have both signed this new declaration."

MUNICH, Germany, Sept. 30.—(AP)—Adolf Hitler has effected the greatest coup of his career toward his dream of a great Germanic confederation, a Germany greater than that of the pre-war empire.

Here is the way things look to many statesmen and political observers today:  
Hitler, having already gained Austria, has made a gigantic stride toward his Germanic confederation by which nazis aspire to become a dominant power of Europe.

What Czechs Gain  
The war-born Czechoslovak republic gives up territory of industrial wealth and may, therefore, be reduced to an ineffectual small state over which Germany can command economic supremacy.

The reduction in size and economic power of Czechoslovakia will materially weaken the powerful military machine France sponsored in eastern Europe as a safeguard against German aggression. That machine was the Little Entente—Czechoslovakia, Yugoslavia and Rumania.

A weakened Czechoslovakia would eliminate her as what Germany in the past always considered a springboard for potential Russian attack. An over-lordship of Czechoslovakia would open the flood-gates for German economic control of the Balkans. It is an old dream of the former German kaiser more near than ever before to reality.

Already Hungary, Yugoslavia, Bulgaria and Greece are friendly and rapidly becoming members of the German economic circle.

Rumania is outside that family, thus far, but Germany continues overtures there with her eyes on Rumanian soil.

# OAKLAND GROCERS SIGN AGREEMENT FOR LONG HOURS

OAKLAND, Cal., Sept. 30.—(AP)—Hungary Oklanders can now buy food for early morning snacks up to 7 a. m., after nearly a year of having to do all of their shopping before every grocery store in the city closed at 7 p. m.

Climaxing the lengthening hours, key to a protracted dispute between the Grocery Clerks union and the Food Employers association, was the reopening today of Andrew Williams' big downtown store which locked its doors nearly a year ago when the union enforced night and holiday closing.

Williams' announced his store would be open from 8 a. m. to midnight except on Friday and Saturday when it would close at 11 p. m.

areas inhabited by minorities of their nationals. The Munich agreement prepared the way for satisfaction of their claims by negotiation within three months.

Russia, which was a defensive ally of Czechoslovakia but which was not invited to the Munich meeting, regarded the solution as anything but satisfactory. The "big four" conference was described in Moscow as "a committee for the coordination of aggression."

At Geneva, the assembly of the League of Nations took steps toward divorcing the covenant of the league—its constitution—from the Versailles treaty which created it and imposed peace terms on Germany.

No French Hate  
Premier Daladier of France also left Munich today, beginning his air journey to Paris at 1:30 p. m. (4:20 a. m. P.S.T.).

Before his departure he made the statement that no feeling of hate or enmity of any kind prevails in Germany against France.

"Be assured the French on their part feel no hostility toward Germany," Reichsfuehrer Hitler has stressed repeatedly in recent weeks that Germany has no quarrel with France.

Crowds gathered around Daladier's hotel during the morning and gave him repeated ovations. When he appeared at a window he was given cheers and hells.

Premier Mussolini of Italy was the first of the big four to leave the scene of the historic parley. He boarded a train soon after its conclusion early today to return to Rome.

The crowd cheered when Joeserand praised the Manhattan stockman for his "courage and ability."

Caseant spoke after Wallace had mentioned the Farmers' Liberty league, organized in Kansas with Caseant's aid.

After Caseant's remarks, Albert Marti, of Burdette, said from the balcony "Let us farmers reduce the acreage even if the government never gives us a dime—give us a square deal and we farmers can take care of ourselves."

Mrs. Chester Dunn, of Cowley county, assailed the program, asking Wallace "Why do you not let us (farmers) vote on this—I demand this right." She told the meeting "After you learn your penalties you will not be for it."

# KANSAS FARMERS TURN DOWN CRITIC OF AAA PROGRAM

(Continued from Page One.)

HUTCHINSON, Kas., Sept. 30.—(AP)—By an overwhelming "sitting vote" wheat farmers of a dozen states who heard Secretary of Agriculture Henry Wallace speak here yesterday repudiated a challenge to the AAA program advanced by one of its most outspoken critics, Dan Caseant, of Manhattan, Kan.

Caseant asked all opponents of the AAA in the crowd estimated by city officials at 1,500 stand after they had heard his denunciation of "planned economy" during the meeting.

The meeting's chairman, Guy Juserand, president of the state board of agriculture, hesitated but when he called for the vote only a few stood.

To calls of "now the other vote" Joeserand replied, "Well, we'll all get up when we leave anyway."

The assembled farmers cheered the new deal cabinet members' advocacy of a processing tax for wheat as an alternative to price-fixing proposals.

In a cheerful mood they booed Caseant as he rose to assail the AAA program as "bribery to farmers" and to declare "We can't have planned economy in a democracy and if this is carried through it will destroy our democracy."

The crowd cheered when Joeserand praised the Manhattan stockman for his "courage and ability."
