

Janet Gaynor, Robert Montgomery, Franchot Tone In Craterian Comedy

SPARKLING MOVIE QUIZ PICTURE ON CRATERIAN'S BILL

A modern story of a "quadrangle" implants the age-old tale of the triangle in a new, bright and breezy comedy, "A Star Is Born," opening a three day run today at the Craterian theatre as the newest of the \$250,000 Movie Quiz contest pictures.

Janet Gaynor, Robert Montgomery and Franchot Tone offer a brilliant array of talent in the principal roles. Miss Gaynor in the best part she has had since the memorable "Seventh Heaven" and "A Star Is Born," gives a persuasive and sympathetic portrayal of a small-town girl who is given an insight into the sophistications of New York by Montgomery and Tone, her rivals in love. Montgomery has a made-to-order assignment as the flippant novelist and Tone handles the part of the publisher with polish and suavity.

The carefully chosen supporting cast includes Guy Kibbee as a bewildered and helpless father, Claire Dodd as a designing actress and Reginald Owen as a light-fingered butler.

The story laid against a background of ultra-modern New York life, tells of the troubles resulting from a novelist's casual invitation to a small-town girl to avail herself of his help if she ever encountered trouble on a visit to the big city.

PRESCRIPTIONS REQUIRE BEST

We have three experienced registered pharmacists to take care of your large list of prescription customers. Their ability is unquestioned. Our confidence in these men would not be enough to produce the results your doctor orders if we did not constantly watch something else—the quality of the products we use to compound prescriptions.

You select your doctor with care. You go to the one in whom you have the most confidence, not the one who will treat you for the least amount of money. Your doctor expects and demands that his prescriptions contain only the best products obtainable.

For a successful treatment you owe it to yourself and your family to use the same care in the selection of a drug store to fill your prescription needs.

If you are sick, see a physician.

Sonja Henie in Wednesday Craterian Show

Sonja Henie, of the flashing smile and the flashing skates, brings her new screen triumph, "My Lucky Star," to the Craterian theatre Wednesday for a four day run.

One of the \$250,000 Movie Quiz contest pictures, "My Lucky Star" is credited as being her happiest screen story and has for its climactic thrill the magnificent "Alice in Wonderland" ice ballet.

On the Louisiana plantations of the reckless 1850's, "The Toy Wife" presents Miss Rainer in the role of "Froufrou" Brigard, Douglas as George Sartoris, attorney and political figure, whom she marries; and Young as Andre Valliere, gambler, swordsman, and also actor for her hand.

Heading the supporting cast is Barbara O'Neil as Louise Brigard, the sister; H. B. Warner as the father, Victor Brigard; and Alma Kruger as Mme. Valliere, Andre's mother. Clarence Muse as Brutus, Andre's servant, leads a large group of colored players in supporting roles.

"Touchdown Army," first of this season's pigskin pictures and also a Movie Quiz Contest entry, plays as the companion feature with "The Toy Wife."

All-Local Cast to Be Featured Movie Filmed in Medford

However, the Rialto theatre has been able to secure the services of the production unit which is now here to furnish the people of Jackson county an opportunity not only to see motion pictures being made but also to get in the movie.

D. W. Baird, director in charge of filming the Medford movie, "Runnin' Wild," explained yesterday that 90 per cent of the tourists from the east visiting southern California exert every effort to try to get into

PARENT MEETINGS HELD PAST WEEK

Mrs. Maud Morse, extension specialist in parent education, conducted two meetings for parents of Jackson county last week. These meetings were arranged by Mabel C. Mack, county home demonstration agent, with the cooperation of parent education study clubs of the county.

An afternoon meeting was held at the Upper Rogue grange hall and an evening meeting at the Jacksonville grange hall. Both meetings were very well attended by members and leaders of 16 study clubs.

Mrs. Morse discussed "The Common Problems of Parents" based on problems that have been reported by homemakers in the state who were enrolled in study clubs work last year. The five problems reported most frequently by the 500 parents in the order of frequency were: (1) quarreling and teasing; (2) household duties and chores; (3) pick up clothes and possessions; (4) the activities of the children; (5) financial. These problems were also found to be the most prevalent ones faced by parents of Jackson county. Common courtesies were also discussed as a problem
