"The humanitarian service of the American Red Cross is known around the world," said O. O. Alexander, campaign manager, in explaining the use to which the funds are put by the participating agencies.

"The records also show that during the past year the chapter conducted 2,179 office interviews and 276 home calls, extended relief to 105 families and carried a case load of 622 for an average of 170 a month.

"The Medford Girls' Community club, another participating agency, is rapidly becoming one of the best known youth organizations throughout the state.

"The spacious and attractive club room is available any Friday night for private parties for young persons. Kitchen facilities may also be used. There is no charge for this.

"The club also provides supervised living accommodations for six girls. An attempt is made to assist the young employed girl in establishing herself in the business field by offering her all privileges of a real home for a one-year period.

"Educational classes and physiotherapy building games such as basketball and badminton are included in the club's program. Religious services are conducted Sunday afternoons by the Salvation Army.

"The club is situated at 226 North Bartlett street and is incorporated as a non-profit organization. The property is controlled by a board of trustees and operation of the club is supervised by a board of directors."

"The records also show that during the past year the chapter conducted 2,179 office interviews and 276 home calls, extended relief to 105 families and carried a case load of 622 for an average of 170 a month.

SECOND DRIEST AT J'VILLE RECORDED

JACKSONVILLE, Oct. 6.—(Sp.)—With only 25 of an inch of rainfall in the period from May 1 to September 1, Jacksonville experienced its second driest summer in 30 years, according to figures released by Emil Britt, voluntary observer.

"The decision, announced by the court here Monday, voided laws which had blocked a grand jury investigation of Governor Earle and 13 associates and ruled Atty. Gen. Guy K. Bard could not take over the grand jury inquiry. The inquirer's story accurately predicted the outcome."

Paul Harry Christian, 28, a magazine salesman who has been in Medford about a week, was to be arraigned in justice of the peace court this afternoon on a charge of larceny from a room. He was arrested by city police shortly before 10 o'clock last night as he was about to purchase a stage ticket at the Greyhound terminal.

NEWSPAPER HELD IN CONTEMPT FOR DECISION STORY

PITTSBURGH, Oct. 6.—(AP)—The state supreme court today warned the Philadelphia Inquirer it was in contempt of court for the publication of a story forecasting the court's decision on laws affecting a proposed grand jury investigation of campaign charges against Gov. George H. Earle and 13 others.

The court, acting under a century-old law regarding the publication of stories about courts, announced it would certify the records of today's proceedings to the district attorney of Philadelphia county "for such criminal or other action as he may see fit to take."

Chief Justice John W. Kephart, discussing the article and similar stories, told publisher M. L. Annenberg of the Inquirer:

"This practice of writing and publication must be stopped. It is contempt of court. Punishment must be visited on those responsible. Publication of the article is an indictable offense."

The chief justice added: "People who read the article, are led to believe the paper had been previously informed or someone connected with the court informed them."

The state payroll taxes amounted to \$4,067,418, with \$3,674,105 of this collected under the social security act. Corporation income taxes totaled \$3,881,840, an increase of 33 per cent.

Individual income tax collections of \$3,623,512 represented a 20.5 per cent boost.

WASHINGTON, Oct. 6.—(AP)—The American Red Cross has arranged to help wash as well as feed the destitute on both sides of Spain. The relief agency will ship 25,000 cakes of soap Saturday for distribution to civilians. Officials said a skin disease was spreading through civilian areas because of lack of soap.

PORTLAND SEEKS SCHOOL TAX RISE

PORTLAND, Oct. 6.—(AP)—Director William J. MacKenzie said today school district No. 1 was prepared to ask the supreme court for authority to increase the county school tax levy.

Although Assistant District Attorney Frank S. Sever said the county had fulfilled its obligation by levying a \$10 per capita tax for each child of school age, the board asserted it frequently failed to receive the amount because of tax delinquencies.

The board faces a \$700,000 deficit in December.

COMMUNISTS HALT GERMAN TRAFFIC

AIGEN, Germany, Oct. 6.—(AP)—German sources reported here today "communists" crippled traffic on the road to Krumau, in the first Sudetenland zone occupied by Germany.

TEST CASE NEAR ANTI-PICKET LAW

LOS ANGELES, Oct. 6.—(AP)—An early court test of Los Angeles' new picketing ordinance, voted September 16, was assured today as one of nine men accused of violating the statute obtained his release on a writ of habeas corpus.

Each of the men pleaded innocent to the charges and demanded a jury trial.

The ordinance limits picketing to establishments where a strike is actually in progress; provides that pickets must be striking employees, and allows not more than two per entrance, plus one every 25 feet.
