"Back To School" Tuesday Evening

Parents who expect to attend "school" on "back to school night" at Junior high next Tuesday are notified by the teachers and committees not to bring books, gym suits or lunches. "Lunches" are to be provided by the "school" and—well they won't need any books or gym suits because they are not going to recite, they are just going to be taught.

However, anyone wishing to bring shiny red apples to his favorite teacher will be privileged to do so. Schedules are being made out so that each parent will follow the same class routine that his own child does every day.

"Building guards," Messrs. James Hoy, A. E. Brockway, J. A. McDougal, Curtis Hopkins Sr., L. J. Holbrook and C. W. Wells are all ready to act as guides for all the "new kids."

The next meeting will be held at the home of Mrs. Adrienne Steward on No. 1 Eastwood Drive, on October 18. A covered dish luncheon will be served with Mrs. D. Ford McCormick and another member as co-hostesses.

Medford Musicians Entertain Assembly

At Southern Oregon Normal school assembly Wednesday morning, in Ashland, Helen Young, from Medford, furnished a delightful 20-minute assembly program consisting of two groups of piano numbers. Helen, just 12 years of age, possesses real artistic ability of very unusual degree as revealed in her natural grace and poise, mature interpretation, wide repertoire, and advanced technique.

Her rare gift of absolute pitch tested by musicians and found in her to be most keenly sensed, is an additional asset the little lady possesses.

Assisting in the program was Verlyn Thomas, also of Medford, talented young violinist, who played the beautiful "Thals" by Massenet, accompanied by Helen. These children were most heartily received and appreciated.

PORTLAND, Oct. 7.—(AP)—Portland financial institutions reported record deposits of \$248,043,384 in answer to the September 28 bank call issued by the comptroller of the currency.

The highest previous total was \$247,988,252 for the December 31 call, 1937. Virtually all banks reported gains.

The United States National bank had \$115,885,041 deposited compared with \$112,914,392 in June and the First National reported \$102,850,883 compared with \$100,988,756 at the last call.

BAR NON-WRITERS FROM PRESS BOX

NEW YORK, October 7.—(AP)—Rogers Hornsby, former big league star, was asked to surrender his world's series working press ticket before yesterday's game in Chicago because "the press box is intended for press men only."

This was the explanation advanced today by Leslie McCoun, secretary to Baseball Commissioner Landis, who arrived with the commission for tomorrow's resumption of the series at the Yankee stadium.

Two National league umpires—George Magerkurth and Larry Goetz—also were asked to give up their press box seats.

Landis had no comment, but McCoun said: "That's all there is to it. Hornsby is not a working newspaper man and neither are Goetz and Magerkurth. If we catch any more umpires or managers masquerading as writers or radio men we'll ask for their press seats, too."

THE NASONS BACK IN NEW YORK CITY AFTER ICY JAUNT

The many valley friends of Mrs. Susan Nason and her daughter, Margaret, of the Old Stage road, who have followed with interest through previous stories in the Mail Tribune their exciting cruise aboard a Hudson Bay company relief ship through 12,000 miles of ice-laden waters of the north, will be glad to learn that the two Medford women have returned safe and sound to New York city, starting point of the three-month voyage.

The couple, who left here last May and, after a trip through the Panama canal to New York City, booked passage on the Nasacople for the northern trip, are expected back home sometime in January. They plan to visit friends and relatives in New York city and Chicago before starting for Medford in a new automobile, which they will purchase in the east.

Mrs. Nason was greeted at Fort Ross as the oldest white person to ever set foot on that lonely outpost in the Northwest Passage, according to a clipping from the Oct. 2 issue of the New York Times. She is 75.

In several letters written to friends here, Mrs. Nason has described the amazing sights she and her daughter saw on the trip. Altogether, there were only eight women aboard the Nasacople, an ice-breaking freighter which makes an annual trip to the Hudson Bay company's northern posts to deliver supplies, take in new personnel and collect the fur cargo.

Two Medford women took a movie camera with them on the voyage, and their friends are anxiously awaiting their return and the showing of the pictures.

EAGLES USHER IN FALL ACTIVITIES

With the largest attendance in many months, Crater lake aerie and auxiliary of the Fraternal Order of Eagles ushered in the fall and winter season with their regular meetings and social hour in the new lodge hall at 42 North Front street last night.

The social hour was a sort of house-warming party as the new lodge and club rooms were used for the first time last night. A dance climaxed the evening's entertainment.

The aerie initiated 12 new members and it was announced that more than 100 applications are now being considered for membership. With new lodge and club rooms and a record number of applicants on file, a banner year is in prospect, said A. H. Barwell, president.

Guests were present last night from the aeries and auxiliaries of Ashland, Grants Pass, Selem and Boise, Idaho.

It was announced that a district convention would be held here November 6. The district embraces Klamath Falls, Lakeview, Ashland and Grants Pass.

RAILROADS BLAME CUT ON NEW DEAL

WASHINGTON, Oct. 7.—(AP)—Railroad management contended today increased costs resulting from two new federal laws provided additional reasons for cutting rail wages 15 per cent.

Ernest E. Norris, president of the Southern railway, said the railroad retirement tax and unemployment tax under the social security act had added a heavy burden for carriers.

He presented his argument to the emergency fact-finding board which is seeking to avert a strike vote in protest against the proposed pay cut.

Answering questions of James M. Landis, of the board, Norris said he regarded both tax laws as "a social movement for the benefit of the employees" and equal to a wage increase.
