MORGAN MAN CONSIDERED FOR MONOPOLY INQUIRY POST  
 DESIRE INDICATED TO MAKE INVESTIGATION SCIENTIFIC  
 DEATH OF TALENT IN NEW DEAL ALSO ILLUSTRATED  
 SEE NEED U. S. EQUIVALENT OF BRITISH COIN SERVICE

WASHINGTON, Oct. 12.—Considering the creeping terrors aroused in business by the anti-monopoly investigation, it is interesting to find an employee of Morgan, Stanley and company being considered for an investigator's job. After all, the underwriting house is an offshoot of J. P. Morgan and company, and the great parent bank is certain to be one of the principal topics of anti-monopolistic inquiry.

Yet the investigating committee's securities and exchange commission division is seriously thinking of asking Hilton Moore, Morgan, Stanley's well known railroad expert, to head up the investment banking section of the committee staff. Chairman William O. Douglas of the SEC, who is usually thought of in Wall street as an enemy of the whole Morgan connection, has already been consulted on the subject. And he has told his subordinates to try to get Moore, if they want to.

Knowing that Moore already has a job far better than the government can give him, and being discouraged by many previous refusals from similarly placed men, the investigators may never make Moore an offer. Probably Moore would refuse if the offer were made. But the fact that the offer is under discussion still remains, with all its implications. The investigators are so anxious to do telling and scientific work that they will even go to the camp of the

## FLORIDA IN PATH MILD HURRICANE

JACKSONVILLE, Fla., Oct. 13.—(AP)—The weather bureau reported today a moderate tropical disturbance over the Gulf of Mexico would move over Florida during the next 24 to 36 hours, causing rain and a general squally condition.

The bureau in an 8 a. m. (PST) bulletin advised precautions by small craft in the Gulf of Mexico and Florida coastal waters and by persons on exposed islands and beaches. The bulletin said, however, the disturbance "is not a storm of hurricane intensity, but merely a disturbance attended by rain and winds up to about 40 to 48 miles per hour."

Forecasters Grady Norton said the disturbed conditions probably would prevail over most of Florida. He said the disturbance covered a wide area and had no well-defined center.

## CLARK JOHNSON, 32 SHOT IN BACK ON FISH LAKE HUNT

Wound Serious, Has 50-50 Chance—Companion Admits Tragic Error, State Police Say.

Mistaken for a deer and accidentally shot through the back with a 30-30 calibre rifle, Private Clark Johnson, 32, of the Oregon state police lies seriously injured in Community hospital. He has at least a 50-50 chance to recover, his attending physician said today.

The bullet was fired, state police said, by William T. Coy of 504 Hamilton street, while the two and Mr. Coy's brother, Edward N. Coy of 1118 West 11th street, were hunting in the heavily-timbered and brushy area about two miles south of Fish Lake.

The hunting accident, second of the year in Jackson county, occurred between 9 and 9:30 a. m. yesterday. Following the mishap, the Coy brothers, who were hunting for deer, could, then carried the injured state policeman two miles to their camp and automobile and from there rushed him to the hospital here, arriving shortly after 3 o'clock yesterday afternoon.

Private Johnson spent a restful night and is doing remarkably well, considering the seriousness of his injury, his physician stated today. The soft-nosed bullet entered the left side of his back, pierced his kidney, continued on up through his left lung and came out his chest. Two ribs were shattered. The bullet barely missed the policeman's spinal cord, striking of which would have meant instant death, the doctor said.

No large blood vessels were pierced, the physician explained, which saved him from bleeding to death. The policeman is conscious and in good spirits, he doctor said.

State police quoted Mr. Coy as saying: "I was certain I was shooting at a buck with forked horns." Mr. Coy is broken-hearted over the accident, he and the state policeman being close friends.

The Coy brothers and Private Johnson had left their camp near Fish Lake shortly after sunrise, and had moved southward through the heavy timber and brushy terrain. A short time before the accident, they had "jumped" a deer, and had spread out about 75 yards apart to beat the brush. It is believed by state police that Private Johnson, working his way through the brush, forged slightly ahead of his two companions. Mr. Coy was between 75 and 100 yards from the state policeman when he fired the shot, state police said.

After the accident, the policeman was given all the first aid possible by the Coy brothers. Bleeding of the wound was checked to some extent, and he was then carried back to camp, the trip taking several hours because of the rough country-side.

The two Coy brothers and Mrs. William T. Coy had left Medford Sunday and established the camp near Fish Lake. Private Johnson joined them Wednesday.

The state policeman has been stationed in Medford for the past two years, and with his wife and family resides at 130 Kenwood avenue. He was transferred to Medford from Tillamook.

## WOMAN CLAIMS OTHER WOMAN HIT HER WITH POKER

Utility to Operate As Independent Company Under SEC Order Issued Today

SALEM, Oct. 13.—(AP)—The effect of today's securities commission order affecting the Republic Electric Power corporation will be to make the Southern Oregon Gas company an independent corporation, rather than a Republic subsidiary, Public Utilities Commissioner N. G. Wallace said today.

The Southern Oregon Gas company, which serves Klamath Falls, Medford, Grants Pass and Roseburg, will become the California Pacific Utilities company.

## MATTSON SUSPECT HELD IN CANADA

VANCOUVER, B. C., Oct. 13.—(AP)—City police announced today they were holding a suspect for possible investigation by United States federal agents in connection with the kidnaping-slaying two years ago of Charles Mattson, Jr. of Tacoma.

The suspect was sentenced to two years in the penitentiary a few days ago on a conspiracy charge, but has been kept in the city jail pending advice from U. S. federal agents, police here said.

## LOUISIANA CROWD LYNCH NEGRO, 19

RUSTON, La., Oct. 13.—(AP)—W. C. Williams, 19-year-old Negro suspected in the slaying of R. M. Blair and the beating of his woman companion, was lynched today by a mob of several hundred white men.

The fatal attack on Blair occurred Tuesday night at a parking spot near here, and was one of a series of similar crimes.

## What Hungary Demands of Czechoslovakia

The shaded areas just above Hungary on this map show the part of dismembered Czechoslovakia demanded by Hungary as the latter's troops prepared to occupy Satoralja Ujhely and Ipolyzag. Negotiations continued in Komarom, with frequent disorders reported. Borders of old and new Czechoslovakia after German occupation also are shown. Self-determination for Ruthenians is another point in the Hungarian demand.

## EX-WIFE CLAIMS OTHER WOMAN HIT HER WITH POKER

Preliminary hearing and trial in the Rhoades-Huber assault case continued in justice of the peace court this afternoon after Ida Huber had testified at the morning session that on a previous occasion Glen Huber, from whom she is divorced, "beat me within an inch of my life."

Pearl Rhoades of 121 North Grapp street is charged with assault with a dangerous weapon, being accused of striking Mrs. Huber with an iron stove poker on the night of October 3. Glen Huber is charged with assault and battery upon his divorced wife at the same time. Huber was on trial on the misdemeanor charge while Miss Rhoades was before the court on a preliminary hearing on the felony charge.

For the purpose of taking testimony both cases were combined. Mrs. Huber, first witness, said she saw Huber and Miss Rhoades in a car on the evening of October 3 when she was trying to find Huber to ask him for money for rent and other necessities. She stated she followed the couple to Miss Rhoades' nearby home and there, in the driveway while Huber and Miss Rhoades were sitting in the car, asked for the money.

After an exchange of heated words, Huber said he would knock Mrs. Huber's brains out, Mrs. Huber asserted. In self-protection, she testified, she threw a rock at Huber and hit at his hands with a stick in

## MOONEY'S PLEA TO ADVISORY BOARD

SACRAMENTO, Oct. 13.—(AP)—The question of a pardon for Thomas Mooney, convicted of the 1916 San Francisco preparedness day bombing "probably" will go to the advisory pardon board before any action is taken on it, Governor Merriam said today.

Commenting he had previously stated he wished the matter out of the courts before he considered the pardon question the governor said: "I shall now follow it up. Whatever I do will be along the usual lines in such cases. Mooney will not be treated differently than any others. His application probably will go to the advisory pardon board before it is given consideration by me. That is the usual course I have followed in matters of that kind."

A telegram from the San Quentin convict asked a pardon before the November 8 election and stated no further court action was contemplated.

## INDICT SEVEN IN HIGH-GRADE PLOT

SAN FRANCISCO, Oct. 13.—(AP)—An indictment linking seven California men with an alleged \$695,000 gold high-grading conspiracy was filed in federal court here today.

The seven named were: George J. Fuller, Frank E. Fuller and Benjamin J. Fuller, brothers; John J. Bernick, Joe Fuentes, Antonio Garcia and Edward Orr.

The indictment stated the men conspired to purchase gold stolen by miners from big mother lode mines in Amador and Calaveras counties, and then sold it to the mint on false affidavits that the gold came from the Fuller mine in Amador county.

Assistant U. S. Attorney Robert McWilliams said a year's investigation by Secret Service Agent Charles Rich and inspectors from the state bureau of mines assertedly disclosed that the Fuller mine was not capable of having produced so much gold.

## HUNGARY ROILED WHEN CLAIMS ON CZECHS DEFERRED

Budapest Crowd Unruly When Ultimatum Fails—Military Action Not Contemplated.

KOMAROM, Hungary (On the Czechoslovak Border), Oct. 13.—(AP)—The four statesmen who met at Munich and partitioned Czechoslovakia were asked tonight by Hungary to meet again as soon as possible to settle Hungarian territorial claims against Czechoslovakia.

BUDAPEST, Oct. 13.—(AP)—An angry, unruly crowd of thousands demonstrated against Czechoslovakia in Budapest's Liberty square tonight after receipt of news the Komarom conference on Hungary's territorial demands had broken down.

Hundreds of armed foot and mounted police rushed to the square in efforts to get the crowd under control and disperse it.

As soon as the end of the Komarom conference was known thousands gathered in front of the statue on the four sides of the square representing the four countries to which Hungary lost territories after the World War (Czechoslovakia, Rumania, Yugoslavia and Austria).

(By the Associated Press)

Czechoslovak-Hungarian negotiations on satisfaction of Hungary's territorial demands were broken off today and Hungary announced her claims would be handed over to a four-power conference for decision.

The Hungarian delegation to the conference of the two countries declared it saw no way to bridge difficulties an hour after expiration of a Hungarian ultimatum calling for Czechoslovak acceptance of Hungary's demands.

Troops were in place on each side of the border, but the announcement that the dispute would be transferred to a four-power group was believed to indicate immediate military action was not contemplated.

Czechoslovakia's foreign minister, Frantisek Chvalkovsky, was said meanwhile to be preparing to go to Berchtesgaden tonight to discuss with Adolf Hitler the basis of future relations between Germany and Czechoslovakia. Chvalkovsky had a two-hour conference with German Foreign Minister Joachim von Ribbentrop this morning.

## GREEN RE-ELECTED A. F. OF L. HEAD AS ANSWER TO LEWIS

Houston Meet Denounces Nazi 'Brutality to Jews'—New Deal Aide Urges Unity.

HOUSTON, Tex., Oct. 13.—(AP)—The American Federation of Labor re-elected William Green its president today by a roaring acclamation. He has served continuously since 1924.

Green was nominated by Vice President Frank Duffy, who demanded that the vote be by acclamation to "honor John L. Lewis, the A. F. of L. chairman who offered to resign if Mr. Green would resign from the federation presidency."

The convention reaffirmed its boycott on German manufactured goods and rejected a proposal the federation support united action by the democracies of the world against aggressor nations.

The action was taken on a report submitted by the committee on international labor relations.

The approved report "denounced the brutality that has forced Jews into exile and recommended the federation intensify its efforts 'in behalf of the persecuted and oppressed minorities of Germany.'"

Max Zerkow, of New York, head of the Hat, Cap and Millinery union, pleaded for the approval of the peace resolutions, declaring the democratic nations of Europe were "trembling" before dictatorship and "yielding under the threats of warfare."

Convention action on the report followed a speech on the new federal wage-hour law by Administrator Elmer F. Andrews in which he expressed the hope the warring factions of labor would soon end their strife.

## DUAL PRICE PLAN FOR MAJOR CROPS TO SAVE FARMER

WASHINGTON, Oct. 13.—(AP)—Senator Wheeler (D-Mont.), charging the administration's farm program is "breaking down completely," advocated today establishment of a dual price system for three or four major crops.

Wheeler, often an opponent of administration measures, endorsed the plan of Secretary Wallace to purchase crop surpluses for re-sale to low income classes at a reduced rate.

"There is a great deal of dissatisfaction in the west with the farm program," Wheeler told reporters. "What we have now is industry geared to mass production levels without having mass consumption. And you can't have mass consumption when the wheat farmer has to raise a bushel of wheat to buy two loaves of bread."

"We have not solved the industrial problem, with 12,000,000 unemployed on our hands, and it is my judgment we won't solve it until we solve the farm problem."

"We've got to come to the two-price plan, at least for three or four of the major crops. The farmer should be given the benefit of a high price on the home market and be permitted to dispose of his surplus at the world price level."

## RAY GILL'S STAND ON ANTI-PICKETING BILL IRKS BAKER

PORTLAND, Oct. 13.—(AP)—A charge that Ray Gill, state grange master, sought defeat of the farmer-sponsored anti-picketing bill on the November election ballot was hurled yesterday in a speech by George L. Baker, former Portland mayor.

"There is an unholy alliance between the politically ambitious Ray Gill and certain people he thinks are labor leaders," Baker declared.

The former mayor asserted farmers wanted the bill passed so they could get their crops to market without threat of strikes or violence. "This bill promotes good unionism, but it levels a death blow at bad and illegal unions and at racket tactics in unions," Baker added.

## 'POPEYE' CREATOR NIGH UNTO DEATH

SANTA MONICA, Cal., Oct. 13.—(AP)—E. C. Segar, creator of the comic personality, "Popeye the Sailor," was so critically ill at his home today that Dr. Raymond Sands said he may not live more than 24 hours.

The cartoonist has been ill for six months with an ailment that resulted in the removal of the spleen. Physicians have despaired of his life for some time. Segar lapsed into a coma last night.

## CHINA MOBILIZES TO REPEL NIPPON DRIVE ON CANTON

Troops Rushed to Bias Bay Sector to Hold Road—Britain, France Blamed by Tokyo.

HONGKONG, Oct. 13.—(AP)—Heavy Chinese reinforcements were rushed from the East river district to Bias bay area near here today with indications they might soon come to grips with a large new Japanese expeditionary force.

Roads to Waichow, 80 miles east of Canton and the garrison city nearest Bias bay, were choked with commandeered trucks and buses filled with Chinese soldiers.

Waichow is believed one of the first objectives of the Japanese contingent, estimated to number more than 35,000 troops, which landed yesterday at Bias bay. It is connected with the south China metropolis of Canton by a good highway.

The Japanese appeared to be pushing steadily inland towards Tamshui, a town ten miles from the coast. From there the invaders would have 25 miles to go across comparatively fit country to reach the vital Kowloon-Canton-Hankow railway at a point about 80 miles from the Hongkong frontier.

Bitter Fighting

Increasingly bitter fighting was reported in the Pingshan-Himshui district at the extreme northeast of Bias bay, where the Japanese apparently were consolidating for an advance up the highway to Waichow.

The defenders were expected to give the Japanese the first real resistance at Tamshui and farther inland beyond the range of Japanese naval guns. The Chinese were reported to have built up strong defenses to protect the railroad, over which munitions and other supplies have been shipped to Hankow, the Chinese provincial capital 550 miles north of Canton.

## SHANGHAI, Oct. 13.—(AP)—Japanese land and naval forces launched withering attack today on Shichangshan fort, just 60 air miles from Hankow, around which the invaders are slowly closing in while a new Japanese expeditionary force begins attempts to dominate south China.

Seek to Cut Railroad

Most Japanese army and navy officials here believed the new offensive near Canton, 550 miles south of Hankow, was aimed at severing southern railroads and capturing the southern metropolis itself, thus facilitating the relentless drive toward Hankow, the provisional capital.

The invaders established a spearhead at Shinyang, 100 miles north of Hankow, for two-way campaigns designed to add the Peking-Hankow railway mainline to their already captured railway.

Japanese war maps show Shinyang to be 187 miles south of Chengchow.
