Legion Auxiliary Formulates Plans For Season

Medford unit of the American Legion Auxiliary held its regular meeting Wednesday night following a covered-dish dinner given for members of the Legion and Auxiliary and a number of guests. A large crowd attended the dinner and talks on fire prevention were given by Fire Chief Elliott and George Hoard.

October will be a busy month for Medford unit as a number of interesting events have been planned, according to Mrs. Charles Kuns, unit president. The first of a series of dinner bridge parties will be given at the home of Mrs. H. J. Meiring, 211 Genesee street, on Thursday afternoon, October 20, at 1:30. The total scores of all players will be kept until December, when a final party will be held and prizes awarded. Anyone wishing to attend is asked to phone Mrs. Meiring for reservations.

A rummage sale will be held on October 21 and 22 and anyone having clothing and other articles to donate is asked to call Mrs. Kuns. The sale will be in charge of Mrs. Thomas Freed, child welfare chairman, and the location will be announced in a few days.

Mrs. O. L. Overmyer, membership chairman, announced at the meeting Wednesday night that the membership drive would start on Monday, October 24, with a no-host luncheon at her home. This year every active member of the Auxiliary has been asked to participate in the drive, which will close on Armistice day.

Plans are under way for the Armistice day program and Mrs. Timothy Dalley has been made general chairman of the luncheon, which will be held at the Medford hotel. It has been decided to again have a pet parade, and every school child in Medford and vicinity will be eligible for entry. Mrs. Edward Lesch will be in charge of the parade.

Following the meeting Wednesday night an informal dancing party was held with Dickey's orchestra furnishing the music.

CANADIAN BORDER FIRES QUELLED; LIGHT RAIN AIDS

(By The Associated Press)

Fires which swept through large areas of brush and timber along the Minnesota-Ontario border, taking a toll of 20 lives in Monday's outbreak, were reported under control today.

Authorities said there was no immediate danger of a new outbreak in the region about International Falls, Minn., and Fort Frances, Ont., where the score of persons perished.

Occasional drizzles of rain at International Falls and a slackening of the wind raised the hopes of forestry officials and provincial police who earlier had expressed concern over weather conditions.

The fire was at the outskirts of International Falls late yesterday but fire fighters poured water on the threatened area and brought it under control at that point.

A heavy pall of smoke still hung over the area but the improved conditions permitted the grimy and weary fire fighting forces to ease their efforts as work of caring for refugees proceeded.

More than 1,000 men took part in the struggle to hold off the flames from International Falls and at the towns of La Valle and Devlin, Ontario.

At Warroad, Minn., on the southwest shore of Lake of the Woods, several fires temporarily had broken out of control but no new fires were reported. Forestry officials said the situation was well in hand but potentially dangerous in the Warroad area.

No additional casualties from Monday's fires were reported although Berdina Le Belle, eight-year-old victim of the flames in Dance township, Ontario, still was in a critical condition in a Fort Frances hospital.

MAHONEY FAVORS ALL FARM WANTS

PENDLETON, Ore., Oct. 14.—(P)—Willis Mahoney, Democratic candidate for U. S. senator, last night pledged his support to Pendleton's campaign to obtain a federal regional farm research laboratory, spoke in favor of the Umatilla dam project and pledged his support to a proposed new triple-A bill which would include a processing tax and which he said would be introduced at the next session of congress.

Mahoney, who made nine talks in Umatilla county yesterday, estimated that eastern Oregon wheat growers would save three millions of dollars annually in freight costs if the Umatilla dam were built and water transportation to Portland became a fact.

ROSEBURG, Oct. 14.—(P)—Charles A. Sprague, Salem, Republican candidate for governor, told a campaign audience last night that "I am not seeking office on a platform of promises but on a program of common sense in government."

"Oregon must not go back to the financial hi-jacking of 1929," Sprague added. "The state can't print money and we don't want warrants again. What we want is an intelligent effort to serve all factions fairly. I repeat again that the best route to prosperity is down the center of the road."

Pickets Called Off PORTLAND, Oct. 14.—(P)—Circuit Judge J. P. Winter granted an injunction restraining the Motion Picture Operators' local from picketing the Oregon theater, a suburban playhouse. He said there was no dispute because the owners operated the moving picture machines themselves.

Miners Perish VANCOUVER, Oct. 14.—(Canadian Press)—Martin Alpaio was killed instantly and Mike Kovacs injured when they were buried beneath mud and ore in the upper levels of the Britannia Mining and Smelting company mine at Britannia Beach, B. C. yesterday, it was learned here today.

Shooting Suspect Visits Mother

Guarded by two deputy sheriffs and with handcuffs shackling his wrists, Charles McDonald, 32-year-old electrician, held in connection with the shooting in Los Angeles last August 19, of Mrs. Emma Krueger, wife of the noted Kansas City symphony orchestra conductor, is shown as he knelt at the bedside of his ailing mother, Mrs. Lucy McDonald, 89, in her Los Angeles home.

ASK CHANGE FOR AUTO CAMP LAWS

SALEM, Oct. 14.—(P)—With sentiment developing for an amendment to the Oregon tourist camp law the annual convention of the Oregon Auto Camp association went into session here today, and will continue through tomorrow.

Those favoring a change in the law claim that the statute is loosely drawn and discriminatory in favor

RAIL WAGE SLASH HELD DETERRENT TO PRESENT UPSWING

WASHINGTON, Oct. 14.—(AP)—Chairman Wheeler (D. Mont.) of the senate interstate commerce committee testified today a wage reduction in the railroad industry "would be a blow to our present recovery."

"I think the country as a whole would benefit if there were no cut," the Montana told President Roosevelt's emergency fact-finding board which is attempting to avert a nation-wide strike voted by almost 1,000,000 workers against the 15 per cent wage reduction asked by the carriers.

Senator Truman (D. Mo.) who collaborated with Wheeler in a lengthy investigation of railroad financing, told the board the proposed wage cut would not solve the industry's problems.

He asserted "banker management ought not to be allowed to sacrifice railroad labor" because of "inability to control a situation of their own creation."

"The proper thing for rail management to do," the Missouri senator said, "is to get together with the president, congress and railroad labor and solve the whole problem for the welfare of the entire country."

NAZIS SAY SPLIT WITH CHURCH NOW WIDER THAN EVER

VIENNA, Oct. 14.—(AP)—Nazi leaders said today the breach between the state and the Catholic church was wider than ever, after Austrian Nazi Commissioner Joseph Buerckel's anti-clerical speech, and predicted many Nazis would withdraw from the church.

Buerckel's listeners in Heroes' Square last night cried "We'll leave the church" after he announced: "If they pray against us in church, then I demand of every individual national socialist that he have nothing more to do with such a church."

Buerckel, commissioner by Chancellor Hitler to handle the details of integrating Austria into the reich, revealed negotiations for a working agreement with the church had been broken off.

This was the first time the public had been told such negotiations had been in progress.

He charged the Catholic leaders delayed the negotiations because they "speculated" on a war over Czechoslovakia which would give them a "new chance."

He blamed Czechoslovak Jews for demonstrations in behalf of Theodor Cardinal Intzler last Friday. The demonstration fired Nazi resentment, and in fighting on Saturday the car-
