

DEFER DECISION IN ASSAULT CASE; TO FILE BRIEFS

Decision in the assault cases against Pearl Rhoades and Glen Huber was held under advisement by Judge William R. Coleman today pending the filing of briefs. Preliminary hearing and trial of the cases were completed in justice of the peace court late yesterday after an all-day session.

Miss Rhoades is charged with an assault with a dangerous weapon upon Mrs. Huber, divorced wife of Glen Huber. Huber is charged with an assault and battery upon his former wife.

Self-defense was pleaded by the defendants at Huber's trial on the misdemeanor charge and Miss Rhoades' preliminary hearing on the felony charge.

Both Miss Rhoades and Huber took the stand and testified Mrs. Huber started the assault in the yard of Miss Rhoades' home at 121 North Grape street the evening of October 8. Huber said he had gone to ask Huber for money and had encountered the couple sitting in a car.

Both defendants stated that Mrs. Huber tried to choke Huber by pulling his necktie, beat him with a stick and threw rocks at him and Miss Rhoades. Miss Rhoades testified that she hit Mrs. Huber over the head with an iron stove poker only after Mrs. Huber had failed to heed her warning to let go of Huber.

Charles W. Reames of defense counsel cited authorities in an effort to show that a host has the lawful right to go to the defense of his guests, contending Huber was a guest of Miss Rhoades.

District Attorney Frank J. Newman, who prosecuted for the state, asked time in which to file a brief covering the law in the case. Defense counsel asked permission to file an answering brief. Both requests were granted by Judge Coleman.

SUSPECT HELD IN THEFT OF DRUGS

SEATTLE, Oct. 14.—(AP)—Traced by serial numbers on narcotics capsules, Wallace Warren was being held today at Coos Bay, Ore., on charges of holding up St. Luke's hospital and a service station here a month ago. Detective Capt. Marshall O. Scraftford said.

The capsules were found when he was arrested on a charge of assault with robbery at Coos Bay, Captain Scraftford said. Approximately 2,500 grains of narcotics and \$25 were taken in the hospital holdup and \$41 at the service station. Robbery charges were filed against him here yesterday.

He was linked with the service station holdup because the handwriting on threatening notes in both holdups were similar.

C., when a crowd of women, estimated by civil service commission officials at 25,000, stormed a police station in an effort to obtain application blanks for jobs as charwomen in federal buildings. Only 1,500 women got application blanks, although harried officials had intended distributing 2,000. The jobs will pay \$1080 a year.

TEN-YEAR TERMS GIVEN SMUGGLERS

PORTLAND, Ore., Oct. 14.—(AP)—Two blank-eyed Chinese who spoke and listened to the court through a pretty Oriental interpreter were each sentenced to 10 years in a federal prison and fined \$10 today for smuggling the largest shipment of narcotics into this port in 50 years.

The men, Cheong Shao Hsing, 36, and Sing Ngou Bow, 37, pleaded guilty when they were arraigned yesterday.

Government agents said the customs value of the cache found on the freighter Granville in July was \$90,000. They estimated the returns on the smugglers' market would have been about \$200,000.

Hsing took the sentence passively, but Bow asked through the interpreter, Mary Hong, if he could be deported.

"Tell him I'm trying to do something he doesn't like," replied Judge James A. Fee.

Carl Donough, United States attorney, said the men were "tools" and "taking the rap for higher ups."

RAIN, NEAR-GALE SWEEP FLORIDA

JACKSONVILLE, Fla., Oct. 14.—(AP)—Rain and near-gales swept the south Florida peninsula today while a tropical storm of moderate intensity moved slowly across the lower part of the state from the Gulf of Mexico.

The weather bureau, emphasizing the storm was not a hurricane, said the center of the disturbance was about 180 miles west northwest of Key West at 9 a. m., eastern standard time.

"It has spread over a considerable area with local squalls of from 40 to 60 miles an hour reported," the weather bureau advised.

"The slow movement will cause squally weather to continue over south Florida and adjacent waters today and tonight."

ACT TO PUT END TO MILL STRIKE

PORTLAND, Ore., Oct. 14.—(AP)—Direct intervention by the national labor relations board to untangle the year-long jurisdictional dispute at the West Oregon Lumber company appeared likely today.

Nathan Witt, a board attorney, was informed yesterday a trial examiner's intermediate report and recommendations would be waived and the parties granted ten days to file oral arguments or briefs after receiving proposed findings and orders.

A trial examiner recently heard CIO charges the company discriminated in favor of the AFL. When the mill employed a CIO crew the AFL boycotted its products. The company has been operating with AFL labor for several months.

Factional disputes affecting the sawmill industry since a year ago last August have been quiet since the West Oregon hearing. Labor and employer representatives said a decision in the West Oregon case might prevent a solution to the entire controversy.

PAROLEE ADMITS SEX SLAYING OF INDIANA GIRL, 17

FORT WAYNE, Ind., Oct. 14.—(AP)—Adrian H. Miller, 31, confessed the sex slaying of Alice May Girton, 17, pretty brunette business college student. Detective Capt. John Taylor said today.

Miller lived just across the hall in a Fort Wayne rooming house from where the girl's nude and ravished body was found early yesterday, her own bloomers stuffed down her throat to strangle her.

Taylor said Miller, a native of Racine, Wis., had a criminal record on the west coast.

Captain Taylor said Miller told him he waited until he heard Howard Zimmerman, 18, of Riga, Mich., leave the girl's room and then went over and knocked on the door.

He quoted Miller as saying Miss Girton objected, but the man forced his way in, seized a pillow from the bed, smothered her with it and then assaulted her.

"After that," the detective said Miller told him, "everything went black and I don't remember."

Miller, who is from Racine, Wis., was arrested early today. He has been taking an engineering course at a technical school here.

Taylor said he learned the man had received a federal sentence for Mann act violation in San Diego, Calif. in 1931, and served seven months before being paroled. Miller also spent some time in a San Diego psychopathic institution in 1932, Taylor said.

The detective said Zimmerman told him he was in the girl's room from 6:30 p. m. Wednesday until 3:15 a. m. yesterday, but insisted she was unharmed when he left.

Miss Girton came here from her farm home near Winchester, Ind., to prepare for secretarial work. She was the daughter of Mr. and Mrs. Carl Girton. Because her arm was crippled, the state rehabilitation department had been helping her through school.

IMPROVED TONES IN WOOL MARKET

BOSTON, Oct. 14.—(AP)—The Commercial Bulletin will say tomorrow: "The improved tone noted in the wool market a week ago has been translated into better prices. The market is definitely stronger and fine wools which were sold with some difficulty a few days ago at 65 cents are now difficult to purchase at 70 cents, clean basis. This improvement has extended to the west, where prices are quite up to the Boston level. Medium bright fleeces wools maintain their position of relative dearth."

"Australian markets are firmer on the basis of keener continental competition, although the pound sterling shows a disposition to decline again."

"There is better consumption at the mills, due in part to the better demand from the automobile trade, and, in part, to better men's wear movement."

"Mohair is less keen, as kid hair has lost its peak position of a week or ten days ago. Sales in Texas are reported at 37 for adult and 50 cents for kid."
