How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 52), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells.

Just get more fresh air, 8 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made *especially for women*. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life.

Pinkham's is WELL WORTH trying.

LA GUARDIA TO HOLD SUPPORT OF LEHMAN UNTIL PLEDGE GIVEN

HYDE PARK, N. Y., Oct. 21.—(AP)—Mayor LaGuardia of New York City indicated after a conference with President Roosevelt today he would withhold his support of New York's Gov. Herbert H. Lehman for re-election unless the governor stated in the campaign he was firmly behind the New Deal.

Talking with reporters after the conference, the stocky mayor criticized Lehman for avoiding a direct reply to reporters' questions whether he would stress and support the national administration during the state campaign.

"Lehman should have answered the questions you boys put to him here the other day after he visited the president," he said.

Lehman, Democratic candidate for a fourth term at Albany, has received the endorsement of the American labor party in which LaGuardia is a prominent figure and active member.

LaGuardia said he discussed politics and public housing at the temporary White House.

Asked whether he would support Lehman, he replied:

"I'm going to endorse the senatorial and congressional candidates who can be depended on to support the federal administration."

PERFECT HUSBAND FINISHES DEFENSE

CHICAGO, Oct. 21.—(AP)—The defense rested in Rudolph Sikora's murder trial today after the pallid defendant told how he staked the man who stole the love of his comely wife.

An avid court room crowd heard Sikora, the "perfect husband," relate the story of his shattered romance—an account that ended in the gun death of Edward Solomon, the "other man" in the triangular case.

Sikora testified his wife, Margaret, a 22 year old brunette, was weaned away from him by furtive kisses in an office vault.

Dr. Ralph C. Hamill, a psychiatrist, testified Sikora, a poker faced man of 31, was "mentally sick" on the day of the slaying.

Sikora said "I don't remember" when asked about the actual shooting.
