## Elks Dance Heads Social Calendar

An anticipated event for Saturday evening is the Elks club annual Halloween dancing party. Always a gay affair, the dance this year promises to surpass those of previous years because of the excellent orchestra which has been engaged for the evening. Jack Mills and his band have been featured by National Broadcasting and Columbia broadcasting networks, and according to Murray Bell, chairman of the dance committee, it is unusual to secure an orchestra of this character for a small community such as Medford. He assures the Elks of this vicinity that whether they dance or not they will be entertained by just attending the affair and listening to the orchestra's splendid music. Numerous parties have been planned to precede the dancing party, which heads the calendar this week for outstanding social events.

A. recognizes that the fundamental rights of childhood and youth—the rights to health, to education, to happiness—are the rights of every child, whatever his condition and wherever he may live. To reach these goals the local P. T. A. builds its program to fill the needs of its own community. In Medford the P. T. A. has sponsored Club Packs and Brownie groups for grade school children. Trained workers and money are furnished to provide these character building activities. The national association is working to enact laws that will ensure better choice of moving pictures shown in our cities. The state association is working to enact laws which will better our schools in Oregon. Parents can well be proud of both the aims and accomplishments of this organization, which seeks their membership during this week.

## REAL HERO ROLE MAY COST ACTOR CAREER IN FILMS

Lyle Talbot Drags Actor From Burning Home — Both Men Suffer Burns

BEVERLY HILLS, Calif., Oct. 25.—(AP)—Lyle Talbot played a real life hero's role today as he dragged his house guest to safety in a fire that destroyed his \$50,000 residence, but the movie actor's bravery probably ended his career before the camera. Trapped by flames on the second floor of his house with his guest, Franklin D. Parker, an actor, Talbot, although groggy from smoke and fumes, dragged the unconscious Parker from a bedroom to a narrow hallway, from which firemen later rescued him. Talbot leaped 20 feet to the ground after flames cut off his escape from the second floor. Guest Unconscious Witnesses said Talbot's pajamas were in flames as he leaped from a window of the nine-room house. Parker, suffocating in his bed from smoke, was unconscious as Talbot tipped away his pajama coat and dragged him from the bedroom. The beds of both men were burned to the floor. Parker suffered severe burns on his back. Both men were taken to a receiving hospital and later removed to the Cedars of Lebanon hospital, where doctors said their condition was critical.
