**States Steel will probably prevent the price deflation which began with the steel increase last time. The open labor warfare seems to be over, and there will be no hysteria of fear, and no resultant inventory inflation. There is even a better relation between government and business, which may mean much.**  
Recovery has been so rapid that this year's national income is now estimated at almost \$91,000,000,000, or only about \$9,000,000,000 below that in 1937. The goal is still a national income of \$90,000,000,000, at which point, the treasury estimates, it will be possible to balance the budget. In the next year, the economists hope the country will come measurably nearer to this goal.  
If the economists are correct, the Republicans will have another tough time in 1940, no matter what their gains may be next Tuesday. In Frager's "Golden Bough," you can read how ancient peoples used to kill their kinsmen when the crops failed, and worship them when harvests were good. The same rule still applies in twentieth century America.

**RADIO MISUSE OF 'FLASH' ON CARPET**  
WASHINGTON, Nov. 5.—(UP)—Chairman Frank R. McNinch of the Federal communications commission announced today he had invited the presidents of the three major broadcasting systems to an informal discussion next week of broadcast programs.  
McNinch said the conference will be in reference especially to "the frequent and, at times misleading use of the newspaper term 'flash' in radio programs of various types."  
"I have heard the opinion often expressed, within the industry as well as outside," McNinch said in a statement, "that the practice of using 'flash' as well as 'bulletin' is overworked and results in misleading the public."  
A broadcast over the Columbia system last Sunday night of "The War of the Worlds" in which the news style was used, resulted in hysteria in many parts of the country and brought complaints to the commission.  
Closing time for Too Late to Classify Ads is 1:30 p. m.

The ticket sale is going strong here, according to Paul Luy, in charge of reserve seats, and all who plan to attend the concerts are urged to make their reservations at once. Every seat in the house will be reserved, according to Luy. The concerts will be staged in the Holly theater.
