

BRITAIN ABANDONS PLAN TO PARTITION PALESTINE REGION

Conference of Jews and Arabs Will Be Called in Effort to Make Peace — Many Difficulties Cited

LONDON, Nov. 9.—(AP)—The British government announced today abandonment of its proposal to partition Palestine.

Instead, a conference of Jews and Arabs will be summoned in London and an attempt made to work out an amicable settlement. If the conference fails, the government will "take their own decision in the light of their examination of the problem and of the discussions in London and announce the policy which they propose to pursue."

In a statement issued simultaneously with the report of the royal commission, headed by Sir John Woodhead, the government announced its conclusion "political, administrative and financial difficulties in the proposal to create independent Arab and Jewish states inside Palestine are so great that the solution of the problem is impractical."

The statement said members of the commission were "unable to recommend boundaries for the proposed areas which will afford reasonable prospect of the eventual establishment of self-supporting Arab and Jewish states."

The commission's report came as 80,000 British soldiers sought to restore peace in the Holy Land where an Arab rebellion against British rule and Jewish immigration to their "homeland" has resulted in 2468 casualties in the last four months and 2047 in the previous two years.

"Drums" Coming To Rialto

The savage beat of drums; the tide of empire moving on; a man's conquest and a woman's love; a friendship between an Indian prince, played by Sabu (The Elephant Boy) and Desmond Tester, a Scottish drummer; life in mysterious India—and countless other thrills are brought to the screen in technicolor in "Drums," mighty drama of India coming to the Rialto theatre for a three-day run starting tomorrow. Raymond Massey and Valerie Hobson have featured roles with Sabu in the technicolor film.

Clarence E. Muldrew's "In Old Mexico," starring William Boyd, George Hayes and Russell Hayden, will play as the added feature with "Drums." Both films are Movie Quiz pictures.

ABBEY PREVIEWS 1939 NASH LINE PORTLAND VISIT

Bringing enthusiastic news of a new kind of automobile, Mr. Walter W. Abbey, head of Walter W. Abbey, Inc., returned home Monday from the Nash new car preview at Portland, Ore.

Dealers of Nash motors from this entire section of the country attended the meeting to see the 22 new models being introduced for 1939 by this company.

"These new cars are different in many respects," he said, "and already the entire industry is talking about them. They have a beautiful new streamline styling with narrow radiator grilles, 'catwalk cooling,' lights set in the fenders. They are big cars. The all-steel bodies are stronger and safer and wider. There is more windshield vision.

"The things that make them so much different are the 'weather eye' conditioned air system for winter driving; the new sound-proofing; the new simplified motors, which have less parts and are more powerful and yet more economical to operate; the new riding comfort and safer steering made possible by giant airliner rear shock absorbers—40 percent larger than those used last year.

"Steering post, remote gearshift levers are available, as are automatic tuning radios. Speedometers no longer are dial type, but are a new strip kind. The speed numbers are large, and all are on a horizontal line.

"There's a new Nash bed arrangement this year, and the cruising gear, or fourth speed forward, again is a feature.

"Although the 'weather eye' automatic conditioning system is truly a sensation, I believe there is another sensation just as great in the new low-priced Nash LaFayette. It is a simplified L-head motor which makes a 99 horsepower automobile possible in a low-price car. Although these cars have all that power, they are 10 percent more economical to operate than last year's."

SPRAGUE CARRIES REPUBLICANS TO OREGON VICTORY

(Continued from Page One)

Republican attorney, The incomplete precinct count gave Angell a larger lead than the complete but the margin was believed safe. The Angell victory represented another loss for a new dealer who is a personal friend of the Roosevelt.

Two hundred complete precincts out of 438 gave Mr. Honoyman 25,074 and Angell, who was never behind, 27,349.

Congressman Pierce, after a tight count shortly after the polls closed, led Republican U. S. Balentine, Klamath Falls, 19,767 to 14,913 in returns from 231 of the 415 precincts in the second district.

The Democrat, Andrew Burk, never threatened Congressman James Most, Republican, in the First district.

Mot led in 510 out of 828 precincts 67,926 to 26,834.

Picket Ban Wins

The anti-picketing measure, a hot campaign issue because of the labor violence earlier in the year, was about 50,000 votes ahead. It trailed only 30,000 votes behind, Clatsop, Columbia and Deschutes, each important in the industrial picture.

Both gubernatorial candidates opposed the restriction of labor and no other major candidate endorsed it.

The 2 per cent transaction tax to provide old-age pensions, the other measure of primary interest, was approximately beaten by approximately 45,000 votes.

The Republican trend was clearly shown in Multnomah county where all 18 candidates captured lower house seats. At the last session the Democrats had 12 and the Republicans one.

The results of other state contests: Secretary of State—Earl Snell, Republican, 182,693, Emily Edson 34,858 in three counties; superintendent of public instruction—Rex Putnam, Democrat, 99,270; state labor commissioner—C. H. Gram, Republican, 94,876; Clarence Hyde 77,328 in 941 precincts; state supreme court—Henry J. Bean, chief justice, 74,466, Howard Zimmerman 70,832.

WEALTHY BRITISH CANADA SEEKS WAY TO BOOST WHEAT PRICES

LONDON (UP)—How to get rid of unwanted stocks of canned food is puzzling many housewives from the wealthier classes all over the country.

Canned meats, fish and fruit by the thousands are "all dressed up and nowhere to go." This is because those who feared food shortages during the recent crisis bought large quantities of the food which in normal times are seldom served on the tables of high society. Now hostesses don't want to eat it.

Many put in orders for canned goods up to amounts varying between \$250 and \$500 and sometimes more. According to an official of a large department store here, these same people spent as much in a week as they would normally in six months. Now, he said, even Mayfair hostesses telephone personally asking the various stores to "take back the awful stuff," but the stores in most cases are adamant.

Hospitals are benefitting in many cases. In desperation, people who can't get the stores to reimburse them for their "war stocks," are sending them to the reserves which they all kinds of public institutions from hospitals to charitable institutions.

Most of the "gifts" are anonymous. . . . the "donors" not being particularly anxious to have it known that they bought up such large quantities.

Secrecy is the explanation for the quandary in which a number of society people found themselves when the crisis was considered to be ended. Nobody wanted to let friends of their same set know the amount of foodstuff they had stored.

In some cases servants in wealthy homes were instructed to "dispose" of the goods as they saw fit. Less generous homes may be looking for new kitchen staffs if they attempt to carry out plans to make the servants eat the reserves which they bought as war food.

One man has sent two cases each containing 24 cans of beef to his local hospital. It took him 10 days of careful and cautious "donating" to get rid of his entire stock. He kept only two cases of peaches and two cases of pears which, he said, would come in handy for visitors who liked "something more substantial than tea with their cream."

Unemployed families are among those who are benefitting from the "generosity" of the surplus. Their supply comes mainly from the houses of families with children. Such circumstances made it necessary to have reserves of canned milk in event of a shortage of live stock. Those disposing of milk did so openly and unashamedly by offering the now unneeded supplies to less fortunate neighbors.

WHEAT PRICES WAY TO BOOST

WINNIPEG, Man.—(UP)—Authorities from the United States and other leading exporting countries of the world are being invited by the Manitoba government to attend a conference here in December to study the marketing of western Canada's wheat and other agricultural products.

The proposed conference was announced by Premier John Bracken, and the dominion and other provincial governments have indicated they would co-operate by sending representatives.

Premier Bracken said the conference will not be restricted to study of wheat marketing problems, but will include consideration of the problems associated with marketing of surpluses of cattle, hogs, butter, honey and poultry products and fish.

"Outstanding Canadian and United States authorities will be invited, as well as representatives from the other leading exporting countries, and if possible an authority on European markets," he explained.

The premier said the decline in world wheat prices and growing surplus made a study of "the future trend of prices and markets and what to do about them" a matter of "paramount importance."

The dominion government is particularly concerned over the marketing of this year's wheat crop. It is pledged to pay growers a minimum price of 80 cents a bushel, no matter how low the world price drops, and with wheat at present slightly above the 60-cent level, it faces a loss that may run into \$50,000,000 on the crop.

"In terms of gold, present prices of wheat are not very far away from the levels established at the low point of the depression in 1932," Bracken said. "The 80-cent price for wheat

this year, established by the wheat board and the dominion government, has saved western Canada, but what of next year and the years that are to follow? The situation is a challenge to western agriculture and a challenge to the nation as a whole."

Animals Dine for Public

TOLEDO, O.—(UP)—Toledo zoo's animals now have their meals scheduled to suit the convenience of on-lookers. Caretakers have found that visitors like to see the animals "at table," so they have shifted main feedings to the afternoon.

Peanut Surprise Crop

TISHOMINGO, Okla.—(UP)—One Tishomingo farmer was helped by a federal allotment which more than halved his cotton crop. He planted the superfluous acreage to peanuts, and said they brought him more money than he formerly made from cotton.

Race Gain Called Myth

OTTAWA, Ont.—(UP)—The theory that was improved the qualities of the human race and made men stronger and harder is a myth, according to Raymond Turpin, noted French biologist and authority on heredity, who recently spoke here.

Money Awaits Claimants

OMAHA, Neb.—(UP)—It is estimated that in Omaha banks there is \$70,000 "just lying around" waiting for someone to claim it. The money is in "dead" accounts. Some of the rightful owners have forgotten the money—others are no longer alive.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of fluid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the world looks pink.

A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25 cents. Stubbornly refuse anything else.

EIGHT DEAD COUNTED AFTER GUN PLAY IN KENTUCKY ELECTION

LOUISVILLE, Ky., Nov. 9.—(AP)—Kentucky counted eight dead today in election day gun play.

Back in 1933 the toll reached 18 in the November general election. Until yesterday voting days had been far less marred by shootings.

Democrats of the state turned out to give Senate Majority Leader Alben Barkley a lead of more than 91,000 votes over John P. Haswell, his Republican opponent, on returns from 3725 of Kentucky's 4324 precincts. The latest tabulation gave Barkley 312,175 to Haswell's 120,304.

Along with Senator Barkley eight of nine congressmen appeared certain of re-election on incomplete unofficial returns. Only Rep. A. J. May of the seventh district was in danger.

Harian county, long known for labor and election disorders, reported four dead. National guardsmen watched over the ballot boxes during the night.

Harian's dead: B. P. Hanshell, 34, deputy sheriff; Odell Sizemore, 35; Willie Ryan, 38, and Sherman Howard, 38, former deputy sheriff.

Albert McIntosh, 42, and Sidney Gabbard, 58, were slain in Owsley county.

Clarence Cooper, 30, was killed in Bell county.

Robert Parrish, 27, was slain in Todd county.

One other person was reported dying and two others shot, but not seriously.

ORDER OF MARCH GIVEN FOR PARADE ON ARMISTICE DAY

Plans for the annual American Legion's Armistice Day parade Friday were announced today by Col. W. H. Paine, parade committee chairman, as follows:

The parade will be formed at Medford city park at 11 a.m. At 11:05 it will move on Main street to Riverside, north to Sixth, west to Bartlett, south to Main, return on Main to city park.

All patriotic, social, fraternal, educational and civic betterment organizations and activities of Jackson County are invited to take part in the parade.

It is requested that assemblies be as follows:

Bands and drum corps, library lawn; all veteran and auxiliary societies, city park; churches, religious and relief organizations, North Ivy street, near Main; fraternal and social organizations, South Oakdale, near Main; Boy Scouts and Girl Scouts, library lawn; granges and schools, North Oakdale, near Main; civic betterment organizations, such as chamber of commerce, Lions and Business and Professional Women's club, and all cases of doubtful classification, or not provided for above, Main Street west of Oakdale.

Representatives of the American Legion will be at the above places to assist in the formation of the parade.

BIG GAIN NOTED IN MEAT EATING

KANSAS CITY, Mo.—(UP)—During the first eight months of 1938 Americans ate 125,000,000 more pounds of meat than they consumed during the same period of 1937, according to R. C. Pollock, general manager of the national livestock meat board.

What is more, indications point to even larger meat consumption during the next few months, Pollock said.

Pollock, who is from Chicago, made the announcement while in Kansas City attending the American royal livestock show.

"Figures for the first eight months of this show show the per capita consumption of meat under federal inspection exceeds last year," Pollock said.

"The total amount consumed during the first eight months of 1938 was 7,839,000,000 pounds, which is 125,000,000 pounds ahead of the first eight months of 1937."

There are now approximately 128,000,000 meat animals on American farms, Pollock said. This is almost one animal for every person in the country.

During the first eight months of 1938 nearly 44,000,000 head of cattle, hogs and sheep were slaughtered under federal inspection. These animals provided a meat supply of nearly 8,000,000,000 pounds, including lard, Pollock said.

JOSEPHINE COURT TO APPOINT NEW SENATOR

GRANTS PASS, Nov. 9.—(AP)—As the result of State Senator W. A. Johnson's election yesterday as Josephine county judge, a new senator will be appointed, Johnson stated during his campaign that he would resign immediately if elected so that the present court might appoint his successor.

The law specified that the vacancy be filled by the person of the same political affiliation—in this case Republican.

One Hunter in 9 Lucky

PORTERVILLE, Cal.—(UP)—An army of 9998 licensed hunters moved into the Sequoia National Forest for the 1938 open deer season, and brought back 1259 bucks, or about one deer for every nine hunters.

Thief Forecasts Winter

PITTSBURG, (U.P.)—Peter Portin told the police he knows how to tell winter weather. He said he had a sack of coal besides his house all summer. Then there was a sudden turn in the weather and the sack of coal disappeared.

Approximately one-half of all the district court cases filed at Oklahoma City in the past 12 months have been divorce petitions.

ASSASSIN'S SHOT KILLS NAZI AIDE

PARIS, Nov. 9.—(AP)—Ernest Von Rath, secretary of the German embassy, died today from gunshot wounds inflicted in the embassy Monday by a 17-year-old Polish Jew.

In spite of four blood transfusions made under direction of Adolf Hitler's personal physicians, sent from Germany by the Fuehrer, the 32-year-old Von Rath succumbed in the Paris hospital to which he was taken after the shooting.

His parents arrived just before he died.

His assailant, Herschel Grynszpan, is held by the Paris police. He said he shot Von Rath to avenge Polish Jews recently expelled from Germany.

Kind Deed

CANFIELD, Cal. (U.P.)—School children here unanimously rejoiced in what the "busy bee" doeth. A swarm settled in the Canfield school house apparently for long-time honey operations, so there wasn't any school that day.

Wed at Police Station

TURLOCK, Cal. (U.P.)—Love laughed, if not with locks, at least with turnkeys when Marion Oles and Miss Kathryn Martin were married at police headquarters. Desk Sergeant David C. Peters, a retired clergyman, officiated, while Chief of Police E. W. Grady was one of the witnesses.

A migration of grasshoppers last July from states to the east of Montana cost farmers of eastern and northeastern Montana approximately \$6,880,000.

YOUTH HELD HERE ON GRAIN THEFT

State police last night arrested George Albert Pierce, 22, of route 1, Medford, and lodged him in the county jail to await officers from Klamath county, where he is wanted on a charge of larceny of grain. He was arrested on Graves creek in Josephine county, and state police today are in that district for the purpose of apprehending a partner of Pierce's who allegedly aided him in the alleged grain thefts.

Pierce, state police reported, confessed to the larceny of three truckloads of harvested and threshed grain, one load being from Klamath county and two from Modoc county in California. Owners of the grain, according to police, were Hugh O'Connor of Klamath Falls and Roy C. Hetney of Main.

Oil Boom in Ohio

XENIA, O. (U.P.)—More than 25,000 acres of land now are under lease in a search for oil and gas in commercial quantities in Greene county. Seven more leases recently were filed at the county auditor's office here, bringing to 206 the number of farms being exploited for that purpose.

CARNIVAL QUEEN KNOWN TONIGHT

As final plans were completed today for the gala junior high school carnival tonight, it was announced that, although the name of the queen was not known, her identity would not be revealed until the colorful coronation climaxing the special program of entertainment, which starts at 7:30.

The queen of the carnival, an added attraction to the annual school affair, has been elected by votes procurable by purchasing tickets to the carnival. The girl with the greatest number of votes has been named queen, while the next two highest will be princesses in the queen's court.

The carnival will continue to 11 o'clock during which time patrons will be entertained by the special program and the usual array of booths of all varieties and descriptions.
