## HAM AND EGGERS TO SEEK SPECIAL BALLOT ON PLAN

Working of Measure Will Be Revised — Petitions Circulated Within Few Weeks—Funds Available

SAN FRANCISCO, Nov. 11.—(AP)—California's 430 every Thursday plan, though defeated by the voters Tuesday, remained a potent factor in state politics today as backers declared in announcing plans for a special election.

Sherman J. Bainbridge, director of the pension organization, said in Los Angeles some of the \$300,000 collect-

**GIVE YOUR THROAT THIS MEDICATED BATH To Relieve**

### IRRITATION Coughs due to Colds

When your throat's troubled with huskiness, dryness, a cough due to a cold... let a Vicks Cough Drop dissolve naturally in your mouth. This bathes the tender throat tissues with soothing medication for 12 to 15 minutes. Relief comes fast... because Vicks is medicated, medicated with throat-soothing ingredients of Vicks VapoRub, standby for relieving discomforts of colds.

**MEDICATED VICKS COUGH DROPS**

ed to put the plan over at the polls remained, and would be used in circulating petitions for a special election in which the plan will be re-submitted.

To Change Wording  
Bainbridge said the wording of the "ham and egg" plan would be revised and petitions circulated in four or five weeks for the election.

"We're going to take three or four weeks to accept suggestions from our quarter million members," Bainbridge asserted.

The \$300,000 fund came mostly from elderly citizens who contributed a penny a day to the hope chest. Pension sponsors claimed \$30 every Thursday votes elected Culbert L. Olson governor, and confidently asserted he would "give us a special election any time we want it."

Sheridan Downey, Democratic senatorial candidate who rolled into office along with Olson and Lieut. Governor-Elect Ellis Patterson, backed the "ham and egg" plan, and announced immediately after his election he would strive to get adequate pensions for oldsters in congress.

Olson Margin Grows  
Late returns from the election continued to add to the margins of Downey, Olson and Patterson.

With 12,250 precincts of the state 12,472 reporting, Olson had 1,355,124 votes to Governor Frank F. Merriam's 1,138,650. Downey had 1,377,092 to Republican Philip Bancroft's 1,091,807. With 12,249 precincts in, and Patterson's total for 12,120 precincts was 1,255,360 to Dr. Walter Scott Franklin's 1,084,231.

Republicans, on the basis of unofficial returns doubled their number of congressmen from this state, electing eight. In one district, the 18th, Republican Thomas M. Eaton's margin over Rep. Byron Scott was only 107 votes, and the official count is needed to definitely determine the race. The California delegation numbers 20.

## Ballot Bonfire Brings Problem In Pt. Townsend

PORT TOWNSEND, Wash., Nov. 11.—(AP)—Because 146 city primary ballots were inadvertently burned before they were counted, Port Townsend voters wondered today who, if anyone, was nominated for mayor and what's to be done about it.

The ballot bonfire occurred election night in the fifth precinct. Votes cast there totaled 247 and, contrary to county election board instructions, poll officials counted the first batch of 101 city primary ballots before starting the general election tabulation.

The other 146 city ballots were missing when sought later, and it was discovered a poll official had shoved them into a stove.

## WASHINGTON SUED BY CONSTRUCTION FIRM

OLYMPIA, Nov. 11.—(AP)—A \$281,217 suit against the state of Washington and Washington State college, brought by a contracting company which said the plans under which two buildings on the W. S. C. campus were constructed were so defective that it was impossible to follow them, was on file in Thurston county superior court today.

The structures are the health and physical education building for women, and a women's residence hall. The plaintiff is the Hoag Engineering company. The buildings were started in 1936 and have been completed and accepted.

## FRENCH SOLDIERS PATROL STREETS TO RESTRAIN VETS

City Resembles Armistice Day of 20 Years Ago—Demonstrations by Former Soldiers Are Feared

PARIS, Nov. 11.—(AP)—Thousands of steel-helmeted mobile guards patrolled Paris today with strict orders to stop any war veterans' demonstration for a "public safety" cabinet.

The presence of the mobile guards, carrying carbines over their shoulders and extra squads of police gave the capital an air akin to that which saw the world war end in the armistice 20 years ago.

Pomp and martial music, highlighted in a massive military parade past the tomb of the unknown soldier, found Frenchmen of all stations calling for a new regime to strengthen the nation in the face of Nazi Germany's rise to power from defeat in 1918.

The day's celebration proceeded peacefully with hundreds of thousands of persons jammed around the Arc de Triumphe to see President Albert Lebrun lay a wreath on the tomb of the unknown soldier. Troops then paraded down the Champs Elysees for more than an hour. Premier Edouard Daladier left in a motor car to shouts of "long live Daladier" after reviewing the troops.

Veterans' organizations have declared a government above political parties and with great power is needed if France is to mend her finances and economic system and regain a strong diplomatic and military position in Europe.

Thousands of veterans from Paris and the provinces were ready to answer the call of their leaders should they carry through plans to ask President Albert Lebrun to turn Premier Edouard Daladier out of office for this "public safety" government.

## QUESTION SUSPECT IN SHIP BOMBING

OAKLAND, Cal., Nov. 11.—(AP)—A San Francisco longshoreman was questioned by police here today concerning the explosion which disabled the German ship Vancouver in the Oakland estuary November 3.

Police Officer H. A. Hartke said Herbert Huntman, 38, was taken into custody early today at the dock where the vessel was being unloaded.

Albert Von Stritzky, fourth officer of the vessel which was beached on a mudflat after the explosion tore open the hull and injured five seamen, told police Huntman had made "suspicious" remarks.

The ship's officer, Hartke said, related he heard Huntman say: "Nazis, huh! The next time I hit this ship I'll put it down in deep water where nothing will be saved and nobody will be saved."

Hartke, however, said the longshoreman was intoxicated when he and Patrolman J. J. Conroy and A. R. Treadwell brought him to the police station.

## TURKEY ELECTS NEW PRESIDENT

ANKARA, Turkey, Nov. 11.—(AP)—Gen. Ismet Inonu was elected by the national assembly today to succeed his late friend and long-time comrade, Kamal Ataturk, as president of Turkey.

Ataturk, who died yesterday, once said of Inonu—a reformer and strong man in his own right—that "he is my conscience, he is always on the alert and finds out what is wrong and criticizes me."

The new leader, known as the "military bookkeeper," was premier for 13 of the 15 years Ataturk was head of the state.

The strong-willed, deaf little peana was chosen as an extraordinary session of parliament sitting in Ankara, Ataturk's self-made capital.

A salute of 101 guns signalled the election, a little more than 28 hours after the "gray wolf" died in Dolma Bagtche palace at Istanbul of cirrhosis of the liver.
