GAIN FOR FARLEY SEEN IN ELECTION RESULTS
PARTY LEADER POSITION HELD CONSOLIDATED
BELIEVED HELPED BY McNUTT WEAKENING
GREAT INFLUENCE SURE IN 1940 DECISIONS

WASHINGTON, Nov. 15.—The smoke of battle clears, and it is possible to count the slain and enumerate those who escaped unscathed from the recent engagement at the polls. Among the Republicans, of course the casualties were few, and there are half a dozen warriors already thinking of themselves as the party heroes, who should have the great reward in 1940. But even among the Democrats, who have not finished burying their dead, some of the casualties were at least well chosen. Massachusetts' former governor, James M. Curley, for example, is a man whom his party can well do without. The home-coming of Mayor Hague's Jersey City organization should give the richest pleasure to every believer in the American constitution. Although puddler Jim Davis is not such-a-much, it will be nice to see the United States seal unscathed by George P. Earle, who must now stand a real investigation of the doings during his Pennsylvania governorship.

And there is the happy instance of the Hon. Paul V. McNutt, high commissioner of the Philippine Islands, owner of the handsome face in American politics, and ex-dictator of the state of Indiana. There was a time when the McNutt presidential ambitions seemed to have some substance. It was a pretty dreadful prospect, for, besides his distasteful air of having just descended from a white horse, McNutt is remarkable for his carelessness of the civil liberties, and for his success in building one of the most efficient, ruthless and shamelessly greedy state political machines ever seen.

Fortunately, the McNutt machine broke down badly in the election. Having re-nominated Senator Fredrick Van Nuys in order to prevent his telling tales out of school, the machine's rulers planned to demonstrate their strength by piling up a tremendous Van Nuys majority. Then Van Nuys squeaked through by a paltry handful of votes, making

FEDERAL ACTION RESULT OF LONG MID-WEST PROBE

Dr. Bundesen, Head of Chicago Health Board Among Accused — Ice Cream Industry Also Charged

CHICAGO, Nov. 15.—(AP)—Ninety-seven organizations and individuals in the fluid milk and ice cream industries and allied groups were accused of anti-trust law violations today in two federal indictments.

U. S. District Attorney Michael L. Igoe announced the number was 14 organizations and 43 individuals in the milk indictment and 20 individuals and 20 organizations in the ice cream indictment.

Among the defendants were Dr. Herman N. Bundesen, president of the Chicago board of health, and Daniel Gilbert, chief of the Cook county (Chicago) state's attorney's police.

Long Inquiry
 The indictments, returned November 1 by a grand jury that climaxed a year's inquiry by the department of justice with 16 weeks of its own investigation, had been suppressed at the government's request until today. They alleged:

That anti-trust statutes were violated in the sale of fluid milk in the Chicago area.

That an illegal combination and conspiracy of nation-wide proportions existed in the ice cream industry.

The fluid milk indictment charged conspiracy to fix wholesale and retail milk prices, to throttle independent competition and to control the supply of milk moving into Chicago from surrounding states.

Combine Claimed
 The cream indictment charged firms and individuals named had combined since January, 1929, to restrain the sale and transportation of counter-freers, a device to manufacture ice cream on the premises where sold.

The milk indictment, entitled the United States of America vs. the Borden company, et al. stated it covered a period from January, 1935, up to the present, and added:

The major distributors, the Pure Milk association, large middle western marketing group, and the Associated Milk Dealers, Inc., carrying out a concerted plan and agreement, met jointly at divers times and places in Chicago, where they fixed and agreed upon uniform terms and conditions for the purchase of all fluid milk bought through the Pure Milk association.

These terms and conditions included provisions as to prices, as to the basis for computing prices, as to the classification of milk for the purpose of pricing, as to the quantity of milk to be purchased through the Pure Milk association, as to the time and place of delivery, as to the time and terms of payment.

Price Agreement
 Beginning in March, 1935, each of the major distributors, the government charged, acting under the conspiracy, entered into individual agreements with the Pure Milk association to purchase substantial-

CHINESE PUT TORCH TO CHANGSHA BEFORE ENTRY OF JAPANESE

SHANGHAI, Nov. 15.—(AP)—Changsha, capital of Hunan province and next major objective of the Japanese, appeared today to be doomed to destruction by fire before the Japanese arrive.

Fragmentary advice reaching Shanghai indicated the populace of the city was panic stricken at the prospect of quick entry by the invaders, while Chinese troops burned buildings in keeping with their "scorched earth" policy.

The majority of Changsha's foreign residences were said to have taken refuge in the Standard Oil installations on the banks of the Siang river outside the city, where they were guarded by the British warship Sandpiper.

A group of foreign missionaries, however, mostly Americans, remained within the compound of the American Hunan Bible institute, inside the walls of the burning city. It was believed they would be reasonably safe there.

England Eyes Plan to Give Jews Haven; U. S. Envoy's Return Seen Hint to Nazis

COOPERATION OF MAJOR NATIONS WILL BE SOUGHT

LONDON, Nov. 15.—(AP)—The British government today gave urgent consideration to a bold scheme under which the United States and the British empire would find homes for thousands of German Jews seeking refuge from violence and restrictive laws in Germany.

United States Ambassador Joseph P. Kennedy, who has been working day and night on the problem since the latest wave of anti-Jewish violence began, was believed to be the author of the plan.

It was understood on the highest authority Prime Minister Chamberlain and Foreign Secretary Viscount Halifax, after a long session with the ambassador, had agreed to cooperate in the plan to move thousands of Jews.

Chamberlain weighed the plan as an increasing sign of dissent within his own conservative party from his plans for understanding with Germany, already hampered by British resentment at the Nazi anti-Jewish campaign.

Kennedy spent last week-end with Malcolm MacDonald, secretary for colonies and dominions, who is concerned immediately with Britain's vexed problem in Palestine and the general refugee situation.

Yesterday Kennedy also saw Sir Horace Wilson, the close adviser, who accompanied Chamberlain on his historic visits to Germany to confer with Adolf Hitler.

In government circles it was said the American ambassador was influencing the British government toward taking the lead in dealing with the plight of the Jews.

The "Kennedy plan," it was understood, aims at moving Jews by tens of thousands into the British empire and into North and South America.

Every major nation will be asked to take as many German Jews as possible in an effort to move most of the Jews out of Germany.

A conference may be called to discuss the problem in the light of the Nazis' recent anti-Jewish measures, officially explained as retaliation for the killing of a German embassy secretary in Paris by a young Polish Jew.

Some Jews may be moved at once into British colonies and the United States. The support of France and Chamberlain, it was understood, now is seeking support of the British dominions for the plan.

Reports in London said the United States was ready to admit 30,000 Jews.

ASK BANKRUPTCY ASSOCIATED GAS

NEW YORK, Nov. 15.—(AP)—The Associated Gas & Electric Co., one of the largest utility holding companies, was named in an involuntary bankruptcy petition filed today in U. S. district court.

The petition was brought under three security holders with claims of more than \$5000, to bring a petition for reorganization, based upon allegations the corporation is unable to meet claims as maturing.

The basic contention of the petition, filed by the law firm of Battle, Levy, Fowler & Neaman, associated with David Brady, was that the parent company was paying dividends for subsidiary companies out of funds not properly so applied.

U. S. CONSIDERING AIR FORCE BOOST

WASHINGTON, Nov. 15.—(AP)—President Roosevelt said today he and his advisors were considering an increased air force as the first step to insure protection for the 20 American republics of this hemisphere and Canada.

The president told a press conference defense studies embraced protection for the whole hemisphere rather than the United States alone. He added he did not anticipate any defection from complete solidarity in the defense move.

NO COMPROMISE IS CIO ATTITUDE

PITTSBURGH, Nov. 15.—(AP)—The CIO convention today adopted its "peace" committee's report which did not recommend any new steps to heal the breach with the American Federation of Labor.

The delegates adopted the report unanimously by a standing vote just before adjourning for lunch.

The report, read by Philip Murray, vice-chairman of the convention, declared there could be "no compromise with the CIO's 'fundamental purpose and aim of organizing workers into powerful industrial unions, nor with its obligation to fully protect the rights and interests of all its members and affiliated organizations.'"

JURY SELECTION SLOW IN ABDUCTION TRIAL

OLYMPIA, Wash., Nov. 15.—(AP)—The tedious task of selecting a jury to hear the "torture abduction" trial of Dr. Kent W. Berry, 50, society physician, and three other men moved slowly today, with a group composed mainly of middle-aged farm people tentatively selected as the defense recess.

The morning and the state each used three of the 12 peremptory challenges allotted them and court attaches said they doubted if a jury would be chosen by nightfall.

Teacher in Blue Slacks Flouts Court, Is Jailed

LOS ANGELES, Nov. 15.—(AP)—A 28-year-old kindergarten teacher wore blue slacks and a red and white blouse into court today and was sent to jail for five days for contempt by Judge Arthur Guerin.

The teacher, Miss Helen Hulick, who looks like screen actress Mariens Dietrich, flouted Judge Guerin's warning yesterday women in his courtroom must dress like women. He told her she could not take the witness stand because she was wearing gray-green slacks and a flaming-bonnet yellow sweater. He told her to come back today, wearing a dress.

Miss Hulick came back, took the witness stand and testified against

WILSON TO GIVE F. D. R. REPORT ON ABUSING OF JEWS

WASHINGTON, Nov. 15.—(AP)—President Roosevelt said today he could "scarcely believe" that Germany's campaign against the Jews "could occur in a 20th century civilization."

Revealing he himself asked for the calling back to the United States of Ambassador Wilson from Berlin, the president declared in a statement given at his press conference:

"The news of the past few days from Germany has deeply shocked public opinion in the United States."

He added "such news from any part of the world would inevitably produce a similar profound reaction among American people in every part of the nation."

WASHINGTON, Nov. 15.—(AP)—Secretary Hull said today he would undertake to indicate how long Hugh R. Wilson, the American ambassador to Berlin, will be kept in the United States.

Wilson was summoned home yesterday and, in the light of Hull's statement, informed persons believed the envoy might be absent from Germany indefinitely.

Wilson's call home, for "report and consultation," was quickly interpreted here as a clear hint this government disapproves of Germany's treatment of Jews.

Hull said Wilson would leave Washington, Franch, November 17. The Manhattan, on which the ambassador is sailing, is due in New York November 24.

Wilson has been in Berlin less than a year. He will report to President Roosevelt not only on the Jewish situation, but also on all problems affecting American relations with the Hitler regime.

Shortly after the announcements of his return was made last night, Senator King (D. Utah) proposed the United States sever diplomatic relations with Germany if Nazis continue their abuse of Jews.

King spoke on a nationwide radio (CBS) symposium in which Secretary Cokes, Herbert Hoover, Alfred M. Landon and religious leaders protested against anti-Semitic measures in the Reich.

FEEDER AIR LINE WILL ALTER ROUTE

MARSHFIELD, Nov. 14.—(AP)—Oregon Airlines, Inc., serving Coos Bay for nearly a month with daily round-trip air service to Portland, will alter the route to include Roseburg and open a new line to Klamath Falls from Portland, via Bend, L. W. Brooks, president, said today.

Brooks said last week he would start immediate service on a line from Klamath Falls to Medford, Eugene, Albany and Portland. The trip via Bend would be made when fog did not obstruct flying.

Although Mr. Brooks stated when he was here last week that the new service would start not later than November 14, no schedules had been started up to today and the Medford municipal airport management had heard nothing regarding inauguration of service.

It was thought, however, that starting of service had been delayed by unfavorable weather of the past few days.

HOMER CUMMINGS LEAVING CABINET FOR PRIVATE LAW

Roosevelt Reveals Attorney General's Resignation, Effective in January — Jimmy Also Resigned

WASHINGTON, Nov. 15.—(AP)—President Roosevelt announced today Attorney General Homer S. Cummings would leave the cabinet in January to resume private law practice.

The president announced the intention of Cummings to resign at a press conference where he also made known the resignation of James Roosevelt from the white house secretariat.

The president said his son, James, was resigning temporarily while recuperating from an operation and would return to his post as soon as he is able to assume secretarial duties, probably in the spring.

Speculation over who would succeed Cummings quickly centered upon Robert H. Jackson, solicitor general.

Jackson, regarded in the capital as a brilliant attorney, reputedly is a White House favorite. He became solicitor general early this year after Stanley Reed was appointed to the supreme court.
