

SCIENCE FIGHTS FOR LIFE OF BURNS BOY

BURNS, Nov. 17.—(AP)—The five-year-old son of Clarence Mace held to a thin edge of life last night as medical science, handicapped by lack of facilities, fought to overcome the inroads of spinal meningitis. Artificial respiration was used to keep the boy breathing from 10:30 a. m. yesterday until a pulmonator ar-

rived from Ontario late at night. Drs. W. G. Homan and George Cash, Mrs. D. W. Harvey, nurse, and Rev. Vincent Egan took turns wearily providing the muscular effort needed to breathe.

Pheasant Filled With Stone
