FIREMEN'S BALL TICKETS GO FAST

Tickets are selling nicely for the annual firemen's ball in Oriental Gardens Thursday night, Chief Roy Elliott reported today. Because the annual event is held each year on Thanksgiving night, it is expected that a large holiday crowd will be attracted.

Proceeds from the ball are used each year in buying materials for the reconstruction and repainting of old and discarded toys for poor children at Christmas. Because it is hoped to reach every underprivileged child this year, the firemen are endeavoring to sell a record number of dance tickets.

The firemen restore the old toys in their spare time, donating their labor to the project on which the firemen work jointly with the Lady Lions club.

The discarded playthings are donated by families having no more use for them. The toys have been coming in slowly to date and the firemen are anxious to get started immediately, they said today. The old toys may be left at fire headquarters here, at the Phoenix barber shop in Phoenix or they will be called for by Lady Lions if fire headquarters are notified by a telephone call.
