

COUGHLIN RAPS RADIO STATIONS BARRING SERMON

Priest Charges Censorship Result of Jewish Ownership—'Showed Very Poor Intelligence,' He Says

NEW YORK, Nov. 28.—(AP)—Lewis Strauss, a partner in Kuhn, Loeb and company, last night issued the following statement in connection with the Rev. Charles E. Coughlin's change in a radio speech that the banking firm was concerned in financing the Russian revolution.

DETROIT, Nov. 27.—(UP)—Father Charles E. Coughlin said last night that three radio stations failed to carry his weekly sermon Sunday and in so doing "showed very poor intelligence."

Station WJLD, Chicago, WIND, Gary, Ind., and WJCA, New York, did not carry the address, in which he reiterated the views he pronounced a week ago last Sunday. A storm of protest from Jewish leaders and others followed last week's speech.

Father Coughlin said the reason the stations did not carry his talk today was "because they are Jewish-owned stations."

Tactics Cause Misery "They showed very poor intelligence," he said. "Such tactics are the cause for such misery suffered by the little Jews throughout the world down through the ages. These men only stir up animosity."

Officials said they believed 43 stations carried Coughlin's speech Sunday. The complete network numbers 45 stations.

Following his address a week ago Sunday, station WJCA charged that the priest had uttered "mistakes of fact." Later the station said it would not carry Sunday's sermon unless provided with a copy of the talk at least 48 hours in advance.

A week ago Sunday Father Coughlin named Jews as leaders of communism in Russia and in Germany before Adolf Hitler's regime. He said last night that he would pursue this theme further in next week's address.

Attacks developing since the first talk, Father Coughlin said, accused him of a "most un-American speech, of defense of nazism and the national program of being a sadist, and of gross errors in fact."

OF COURSE you know Bill Jones

YOU know Bill Jones and Jim Smith—Eddie Brown and Pete Doakes, the lads who look after the Standard Station down at the corner. You may not know their names, but you do know the manner of men they are. When there's a job to do they do it—cheerfully, thoroughly. That's why you like them. We know you do like them because everybody likes them.

Such Bills and Jims, Eddies and Petes, man all our stations. They realize that every detail in serving your car is a responsibility—not just another task. And they meet such responsibilities in the knowledge that they are our "front men."

They appreciate the fact that everybody else in a great organization—from an oil-field roustabout to president—depends upon them to maintain the Company's standing with the public. They know that thousands upon thousands of motorists trust them implicitly.

These things—as well as a policy of fairness and promotion—account for their morale. That's why it's common sense, even when selecting a rest room, to look for the sign that assures cleanliness because cleanliness definitely is a part of their responsibility to the public.

MAN-MADE GEYSER spouts rock dust at the site of a temporary diversion channel—part of the Shasta dam project on the Sacramento river, California. The workman has turned a stream of air into the hole to clear it of rock dust. The hole he is drilling is to be used to blast out rock in the canyon, where the dam is being built by the U. S. bureau of reclamation.

"Admittedly," he said, "I did attack and will continue to attack Atheistic Jews and Atheistic Gentiles. But I will prove actually I invited and still invite the non-communist, non-atheistic Jews, whom I respect and with whom I deeply sympathize, to join me in combatting communism."

Father Coughlin said the transcription of his first address would prove the charges were "gross misrepresentations of fact."

"I will prove," he said, "that I did not defend nazism but condemned it vigorously. I will prove that I condemned the Nazi pogrom."

The priest attacked specifically the Detroit Times, the Communist Daily Workers and the Detroit Jewish Chronicle.

After running the transcription of the discussed portion of the previous Sunday's discourse, Father Coughlin offered proof of his statement that Kuhn, Loeb & company of New York contributed to the Russian revolution.

He quoted "The Mystical Body of Christ in the Modern World" by Prof. Denis Fahey, of Dublin, Ireland. Quoting the book of Professor Fahey, he said:

Says Proof Indisputable "The chief document treating of the financing of the Russian revolution is the one drawn up by the American secret service. It was found that the following persons were engaged in this work of destruction (the revolution): Jacob Schiff, Gustav Frumkin, Kuhn, Loeb & company, of which the following are the directors: Jacob Schiff, Felix Warburg, Otto Kahn, Mortimer Schiff and S. H. Hanauer.

"There can be no doubt the Russian revolution... was launched and fomented by Jewish influence," Father Coughlin said this proof, a report of the secret service, was indisputable.

"Is it a pack of lies?" he asked. "If it is un-American to bestir sympathy for persecuted Christians, then I must plead guilty. If I am an advocate of nazism when I decry both communism and nazism, then I plead guilty."

Quoting a newspaper account of the American Jewish congress in New York last October, which said a proposal for a stand against communism was shouted down, Father Coughlin said:

"There is evidence Jewry is silent on communism and is reluctant to oppose it. There is the question of so-called anti-Semitism which is really anti-communism. If Jews persist in supporting communism directly or indirectly, that will be regrettable. By their failure to fight communism as vigorously as they fight nazism, they invite the charge of being supporters of communism."

FLIER WILL ATTEMPT S. F.—PORTLAND MARK

SAN FRANCISCO, Nov. 28.—(AP)—Frank W. Fuller, noted speed flier, has tentatively scheduled for Wednesday an attempt to better his own record of 2 hours and 35 minutes for a flight between here and Portland, Ore.

before the Dies committee as an individual only.

Bar Strip Tearer Before the hearing began, Dies told reporters the committee was not interested in obtaining testimony from Gypsy Rose Lee, former burlesque star, who had offered to "bare all" about communist activities in Hollywood. He said the committee had asked several persons from the coast to testify in a few days including Detective Capt. John J. Keegan of Portland, Ore. It was understood Keegan's testimony would concern Harry Bridges, west coast C.I.O. leader.

Baron suggested at one point committeemen scrutinize the articles of communist Heywood Brown in the press for the last two years.

"Heywood Brown, you'll find," he said, "has criticized and attacked practically every political section in public life including President Roosevelt, but I say you won't find one written word in which he criticizes or disagrees with the fundamental tenets of the communist party."

To Ask More Coin Dies said he would ask the new house to give his committee \$200,000 to continue its investigations for two years.

The committee originally received \$25,000, and Dies had said it would be unable to study numerous phases of its subject unless additional funds are provided.

He made public a letter asking Secretary of State Hull to request justice department prosecution of the communist party, the German American Bund and other groups for alleged violation of the law requiring agents of foreign principals to register here.

Undersecretary Welles of the state department said Dies' request had not been received, but it would be given full consideration when it did appear.

Dies Aiding Reds Earl Browder, general secretary of the communist party in the United States, described Dies in an interview here yesterday as the communist's best recruiting agent, declaring his committee had given the party \$49,500,000 worth of free publicity.

Later, in an address commemorating the Soviet Union's 21st anniversary, Browder advocated a Washington-Moscow axis to offset the Rome-Berlin-Tokyo pact. Touching on the United States' defense program, he said communists, though traditionally opposed to armaments, would support the program "if it is used to stop fascism."

Wall St. Report

NEW YORK, Nov. 28.—(AP)—Late buying came into the stock market today and chopped down extreme losses running to 3 or more points. Steels and motors led the forenoon retreat of the industrials. Utilities held fairly well for a time, but some of these eventually weakened. Rails were rather resistant throughout, although the majority remained behind minus signs.

Brokers could find no outstanding reason for the extension of last week's decline. Tax selling for income returns, more beneficial to speculators and investors than under the law in existence last year, was believed to have had as much as anything else to do with the setback.

DIES COMMITTEE TOLD NEW SOLON RADICAL LEADER

Rep. Elect Marcantonio of New York Presiding Head of Communist Front Organization Is Claim

WASHINGTON, Nov. 28.—(AP)—House investigators received testimony today Rep. Elect Vito Marcantonio of New York "is the presiding head of the International Labor Defense," which was described as a "communist front organization."

The testimony came from Sam Baron, of New York, appearing before the Dies committee investigating un-American activities.

Baron said the I.L.D. had sponsored a meeting in Jersey City, N. J., last year at which Representatives O'Connell (D., Mont.) and Bernard (FL. Minn.) were to have spoken in protest against alleged circumvention of civil rights in the city.

Certain of Statement He said the organization "stuck its foot in the water, found it too hot, and ran."

"Vito Marcantonio," Baron asserted, "is the presiding head of the International Labor Defense."

"You are certain it is a communist front organization," asked Chairman Dies (D., Tex.).

"There is no doubt whatsoever," the witness replied.

Marcantonio, a former congressman, was elected to congress November 8 on the Republican and American labor party tickets, defeating the incumbent Representative Lanzetta, a Democrat.

The two congressmen, O'Connell and Bernard, went to Jersey City and then decided not to make their speeches, on the advice of the I.L.D.

Baron resigned from the socialist party, he said, in order to appear
