## Wall St. Report

NEW YORK, Nov. 29.—(AP)—Stocks tipped the scales on the rallying side in today's market, but light selling in the final hour substantially reduced or cancelled top gains running to 2 or more points.

Liveliness of a few low-priced issues, such as Continental Motors and Richfield Oil, both of which touched new highs for the year, accounted for much of the volume approximating 850,000 shares.

During the greater part of the proceedings selected steels, motors, rails, rubbers, chemicals and specialties were in the forefront of the comeback. The majority of the utilities, petroleum, mail orders and farm implements were accorded only mild support.

## PUPILS PREPARE FOR STAGING OF OPERETTA FRIDAY

Work is progressing rapidly on to opera, "Rumpelstiltskin," to be presented by students of the four grade schools and junior high school in the senior high auditorium the night of December 2.

Students in Miss Pauline Conradt's art classes have designed and painted the scenery to be used, and sets for the scenery have been made in the shop at junior high school, under the supervision of Albert H. Fitch, manual training instructor.

The scenery is being made as a child would see it in his imagination; flat, or on a one-dimensional scale. The windmill was designed by Eva Hedrick; the huts by Virginia Jegg and the castle by James Buckmaster.

Costumes for the colorful operetta are of the peasant type, and are being made under the direction of Miss Gladys Benge, of Junior high school.

Department music teachers who have taught the choruses are Mrs. Gertrude Lorton, Jackson school; Mrs. Elizabeth Hamilton, Lincoln school; Miss Laura York, Washington school and Mrs. Florence Hunsaker, Roosevelt school.

## KIWANIS COMPLIMENT SQUAD AND COACH ON SUCCESSFUL SEASON

Medford high school football squad and its coaching staff were complimented for their successful season at yesterday's weekly luncheon-meeting of the Kiwanis club in the Hotel Medford. The players and coaches were guests of the club.

Dr. C. H. Paske, known as the "down-town quarterback," expressed the Kiwanis club's praise in a brief talk reviewing the team's victories. Head Coach Bill Bowerman and his assistants, Ed Kirtley and Russ Achee, gave short talks on the past season and Bowerman answered questions on football plays and situations that developed in several of the games, thus clarifying questions in the minds of the Kiwanians.

Kiwanian E. H. Hedrick, superintendent of city schools, said all the school officials were grateful for the sacrifices made by the players in representing the high school and the work of the coaching staff in turning out a successful team.

## "I'LL GIVE YOU MY COLD"

By Harold Wainwright

You've heard people offer to sell, or give, you a cold many times. Most facetiously, but serious in fact. People do spread infection when they have colds. The gift is a costly one.

Winter colds and bronchial infections are treacherous, devastating, enervating.

Avoid the society of afflicted persons. Keep up your vitality. Live sensibly, moderately during cold waves. Exposure is serious, but not as much so as an exhausted condition of the system.

Your physician can advise you how to prevent these winter colds, how to alleviate them if they do strike at a weak moment.

His prescription should be filled by a capable druggist.

WITH THE ANNOUNCEMENT of the handsome new 1939 Packards, no Packard owner now finds himself left with a style "orphan."

In fact, no Packard owner has ever awakened one morning, full of pride in his still-new car, only to discover that radical style changes have branded it an "out-of-date model."

Does this mean that Packard opposes style changes? Of course not—for change is the essence of progress. But Packard believes that style can, and should be, used in the best interests of the car owner, rather than against them.

This is why Packard makes its style changes with common sense and restraint, rather than with sensationalism.

So, again for 1939, you will find Packards re-styled, more beautiful than ever. But you will also find them unmistakably Packards—no one has to guess what they are.

And, again, you will find new advances in Packard design and construction—new evidences of the quality that contributes a long mechanical life to match Packard enduring identity.

See your Packard dealer today. Discover that a Packard—the car that is built to last longer and look well longer—is surprisingly easy to buy, own and run. It costs nothing to get the facts.
