Shirley Temple In Craterian's Wednesday Hit

Shirley Temple thinks she's discovered "Uncle Sam"—of the U.S.A.—and the way she hurries to "help him out of trouble" makes a glorious story for everyone. It turns on the sunshine for Claude Gillingwater, Sr., Amanda Duff and Charles Farrell (left) and Joan Davis and Bert Lahr (below). The picture is "Just Around the Corner," and opens a four-day run tomorrow at the Craterian theater, with a Mickey Mouse cartoon on the same program.

Starring Role

FATLAND CLAIMS SPEAKERSHIP SURE

SALEM, Nov. 29.—(AP)—Rep. Ernest R. Fatland, of Clatsop, today claimed his election as speaker of the 1939 House of Representatives of the Oregon legislature to be assured, with a pledge of more than a majority of the 60 members in his hands. Fatland's claim of victory in the four-cornered contest for the speakership came following the action of Rep. Walter Fisher, Marion county, and Rep. Earl Hill, Lane county, in releasing their pledges and announcing their preference of the eastern Oregon legislator for the post. Convinced that their continued presence in the contest could only result in a deadlock and delay selection of a speaker and the problems of organization until the session convenes here January 9, Fisher and Hill last night agreed to release the members, most of whom they said favored Fatland as a second choice.

CONFER ON PEACE FOR STOCKYARDS

CHICAGO, Nov. 29.—(AP)—Hopes for settling a strike that has halted trade at the Chicago stockyards were carried to a peace parley today. Representatives of striking CIO handlers and spokesmen for the Union Stockyards company conferred with federal conciliators in an effort to break the nine-day deadlock.

Robert Mythen, government conciliation commissioner, reported "some progress" had attended negotiations yesterday—the first optimistic note in the dispute. Meanwhile, sales on the big open market were suspended, pending termination of the controversy. Some 12,000 cattle, hogs and sheep were received, but most of them had been sent directly to the packing houses, thus circumventing the strike-bound channels.

Moving westward at slow speed over the brow of the hill, Bill Horrell, alfalfa rancher, and driver of the bus, skidded on the highway which was glazed with ice, and careened into a meat truck operated by Roy Smith. Both drivers escaped injury.

MAY DISCONTINUE TOURIST REGISTRY

SALEM, Nov. 29.—(AP)—Secretary of State Earl Snell said today he was considering protests against the continuation of registration of out-of-state automobiles.

"Considerable protest has been registered both by non-residents and Oregon motorists because of the inconvenience and annoyance of border-line registration, and they contend that little if any benefit results," Snell said.

He said the value of the service was doubted because less than 60 per cent of out-of-state motorists register, and added that the detection of stolen cars, one of the strongest arguments for registration, has not been facilitated greatly.

Non-registration has been in force for 18 years, reaching a peak last year of 155,000 cars.
