

RELIEF COST CUT HELD NECESSARY BY STATE BODY

County Committees Ordered to Review All Cases — Curtailment Impends in Several Parts of Oregon

An order from the state relief committee makes it mandatory for all county relief committees to begin immediately a recheck of all relief and social security cases with a view of remaining within budgeted funds.

It has become necessary, the state committee said, to reduce substantially the case loads and expenditures in several of the counties of the state.

The following notice was issued by Elmer Gouzy, state relief administrator:

"That relief, old-age assistance, blind assistance and aid to dependent children expenditures shall be kept within the funds budgeted for such purposes by the counties and the state of Oregon was the policy unanimously laid down by the state relief committee at a special meeting held in Portland on November 27.

"Members of the state relief committee, in discussing the problem with Governor Martin, advised that under this policy assistance may be continued temporarily in most counties of the state on the present standard but that it will be necessary to substantially reduce the case loads and expenditures for relief purposes in Multnomah and a few other counties.

"Defeat of the special tax levy by the voters in Multnomah county at the general election held on November 8 and a reduction in the funds budgeted by certain counties have created a situation which will require that relief shall be provided for employable persons on a basis of temporary emergency cases only, and will further require that no new cases may be accepted for old-age assistance, blind assistance and aid to dependent children in Multnomah and certain other counties, unless and until additional funds are made available.

"The state relief committee has requested all county relief committees to begin immediately a review and recheck of all relief and social security cases, taking into full account all resources and funds available for care in each program.

"This policy and regulation is to be effective as of December 1."

'LUCKY' GUESSERS STILL WAIT \$5000

The five Medford men who Saturday pooled \$5 each and played a 10-game Portland football parlay to win \$5,000, were still waiting for their money early this afternoon.

The local agent for the parlay organization, through whom the Portland operators have sent their "payoff" money all season for distribution to local winners, stated that he failed to receive a letter from the Portland outfit in this morning's mail delivery. However, the letter containing the money may have arrived on the morning train and be delivered this afternoon, the agent explained.

A hitch in the payoff was held possible because the winning tickets didn't arrive in Portland until Saturday night, after being sent out on a northbound stage from here Saturday morning, the agent said, even though that method of sending local money and tickets had been used all season without a "kick" from the Portland operators.

AGING TIGER JACK OUTPOINTS GAINER

NEW YORK, Nov. 30.—(AP)—Tiger Jack Fox, the aged Spokane Negro, who has been haunting the light heavyweight throne room for the last five years, has only Mello-Bettina, the Beacon, N. Y. southpaw in his way now.

The coast Negro outpointed Al Gainer of New Haven, Conn., in 15 slow, tireless rounds at the Bronx Coliseum last night in the fight of two elimination bouts ordered by the New York State Athletic commission. The winner of the Fox-Bettina brawl will be recognized as champion in this state although the National Boxing association still calls John Henry Lewis king.

But Lewis is not champion here. The commissioner vacated the title when he failed to meet Fox.

GERMAN AIRMEN LAND IN TOKYO

TOKYO, Nov. 30.—(AP)—A four-motored German Condor plane landed here at 10:40 p. m. (5:40 a. m. PST) after a 6375-mile goodwill flight from Berlin. The unofficial flying time was 41 hours, 24 minutes.

Thousands cheered as the large Focke-Wulf plane came down on the Tachikawa army airfield, with a crew of four and one passenger, to return the visit by the Japanese plane "Divine Wind," which flew to Berlin in April, 1937.

The German plane made the journey in four hops.

SOCIALIZED MEDICINE TERMED DUAL DANGER

SPOKANE, Nov. 30.—(AP)—Dr. H. E. Rhodetshamel, Spokane, president of the Washington State Medical association, and John Witty, Portland, president of the National Association of Retail Druggists, denounced socialized medicine in addressing the Washington Pharmaceutical association last night.

Dr. Rhodetshamel said "socialized medicine is a dual danger to us. Despite the fact we have been told one-third of the people received inadequate care, the actual truth is that never has a nation of 130,000,000 people had such length of life and low mortality."

He criticized the social security law for its failure to provide funds for medical care.

Arthur R. Davis Not Accused Man

Arthur R. Davis of the Pierce Auto Freight lines called attention today to the fact that he is not Arthur L. Davis who is being held for the grand jury on a charge of non-support.

Because both men have the same first name, Mr. Davis said he had been confused with the defendant in the non-support suit.

NEW HAZARD FOR PLANE SURVIVOR

PADUCAH, Ky., Nov. 30.—(AP)—Police Chief W. E. 500 Arrested

In the Paris region about 500 persons were arrested, but the capital was outwardly quiet.

In the northern industrial region, where the strike movement originated, military guards were heavy. Private industry there operated at a reduced rate.

Observers were inclined to believe Daladier would emerge in a much stronger political position, even though he has lost socialist and communist parliamentary support which helped carry him into office.

Czechs Elect

Czechoslovakia, its period of most intense stress past, elected Dr. Emil Hacha, a distinguished jurist, as new president to succeed Eduard Benes, who resigned after the Munich conference arranged the partition of the Czechoslovak republic.

All was quiet on the Spanish front. In the far eastern conflict the Japanese announced they had completed mopping up along the borders of British Hongkong and were moving their troops northward along the Canton railway.

He retired in 1927 as an army major general, and served in congress from 1930 to 1934, when he was elected governor.

The Martins were expected to move into the home immediately, the governor planning to commute between Portland and Salem for the rest of his term.

Republican Irish Blamed In Blasts

BELFAST, Nov. 30.—(AP)—A bomb blasted an Ulster custom house to bits today on the border between northern and southern Ireland, as police hunted republican extremists they blamed for five similar explosions along the frontier last night.

In two other customs houses police found suitcases containing time-bombs that had failed to go off. They had been set for midnight.

Phoenix Health unit may be closed as soon as possible after Christmas. The Jackson County Health association urges that a seal be put on every letter sent between now and Christmas, not merely on Christmas cards and packages. Phoenix will be responsible for booth sales in Medford for two days between now and Christmas, with all proceeds from these days being credited to Phoenix.

Everyone is asked to buy what seals he can and return the remainder promptly.

Phoenix Thursday club members met at the home of Mrs. Robert Purry Tuesday and continued saving for their bazaar scheduled for Saturday, December 10 at Grange hall. Besides fancywork, candy, lunch, rummage, and a fish pond booth have been planned.
