

KNIFE SLAYING IN LOVERS' LANE IS ADMITTED BY BOY

Companion of Leona Vluht Slew Her 'For No Reason at All,' He Tells Police — Car Tracks Clue

OAKLAND, Calif., Dec. 8.—(AP)—Police reported today a young railway clerk confessed that "for no reason at all" he fatally stabbed Leona Vluht, 19, former University of California student, as they sat in his parked automobile in the Oakland hills after a 2 a. m. "date."

"I don't know why I did it," Police Inspectors Tom Duffy and Lucien Jewett quoted the clerk, Rodney Greig, 21, of Berkeley.

Greig, a slender, 6-foot youth with dark hair and eyes and an unconcerned manner, was being held on an open charge. Inspector C. R. Kunes said police expected to get a relative of the slain girl to sign a complaint today charging Greig with murder.

Case Cleared
The case which started out as a mystery yesterday when a mushroom hunter found the body of the girl, was cleared up as a result of Greig's statements, officers said.

Inspectors Jewett and Duffy said young Greig told this story:

He and Miss Vluht kept a 2 a. m. appointment yesterday at a downtown Oakland restaurant, after she attended a dance with some other

AMERICANS URGED TO COOPERATE IN NEW PROSPERITY

Common People, Capitalists and Government Should Pull Together Says President of Manufacturers

NEW YORK, Dec. 8.—(AP)—Representatives of many thousands of America's industrial concerns heard Charles R. Hook, president of the National Association of Manufacturers, call today for cooperation of America's common people, capitalists and government for a new and enduring prosperity.

His audience, the delegates to the 43rd Congress of American Industry, had assembled from throughout the nation for the three-day meeting. It will close Friday night with a banquet of 4,000 at which Anthony Eden, former British foreign secretary will speak.

Must Make Jobs
"To make America go ahead," said Hook in his prepared address, "we've got to get our 9,000,000 unemployed back to work. We cannot regain prosperity until we do. That was apparent in 1933; it is equally apparent now."

The manufacturing head, who also is president of the American Rolling Mill company, urged business, labor, agriculture and government admit the "mistakes" of recent years.

Hook continued: "We should leave no doubt in the minds of the people that, for the public good, we favor regulation of certain phases of our incentive system. We agree that as a public safeguard, government must set up certain standards designed to protect the public interest."

Utah would play the leading senior team and the University of Hawaii during the 1939 visit.

FITCH HONORED BY HORTICULTURISTS

EUGENE, Dec. 8.—(AP)—The Oregon Horticultural society yesterday elected Dan Fitch of Hood River, president and picked Hood River for the 1939 convention.

Fitch succeeded Truman Chase, Eugene. Other officers elected were Chester Fitch, Medford, vice-president; E. A. McCornack, Eugene, second vice-president; A. S. Hazeltine, Hood River, third vice-president; O. T. McWhorter, Corvallis, secretary; H. S. Merriam, Goshen, treasurer.

The society passed resolutions asking that the state seed laws be unchanged to preserve the present high quality of products; that every care be taken to conserve soil; that private ownership with reasonable federal regulation of railroads be continued; that the state legislature be petitioned to determine the best methods of combating the cherry fruit fly now threatening the industry.

EX-OREGON CHAMPION KAYOED BY WILLIAMS

SALEM, Dec. 8.—(AP)—Paul Williams, 200, Seattle, knocked out Tiny Cooper, 180, Brooks, former Oregon heavyweight champion, in the third round of a scheduled 10-round bout last night. Williams had his opponent on the floor in the second round.

KLUM WANTS TILT WITH OREGONIANS

HONOLULU, Dec. 8.—(AP)—Coach Otto Klum of the University of Hawaii football squad expressed a desire today to bring the University of Oregon team here for a game New Year's day.

Klum indicated his second choice would be Oregon State or Washington State.

Graduate Manager Theodore Seale was instructed by Hawaii's board of athletic control to open negotiations with the three teams.

The board announced that Hawaii would play Utah university at Salt Lake City November 11 next year, as the second half of a home-and-home arrangement.

A new such arrangement was announced with Utah, the Utes starting in 1941 with a police benefit game here.

Utah would play the leading senior team and the University of Hawaii during the 1939 visit.

EVER WONDER WHY YOU'RE CONSTIPATED?

Do you ever have days when you just have to drag yourself along, when you feel tired, sunk—because of that constipation? Then why not find out the real cause of your trouble?

What have you had to eat lately? Just things like meat, bread and potatoes? If that's it, you may not have to look any farther. It's likely your trouble is you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and aids elimination.

If "bulk" is what you lack, your ticket is a dish of crisp crunchy Kellogg's All-Bran for breakfast every day. It contains the "bulk" you need plus Nature's great intestinal tonic, vitamin B.

Eat it every day, drink plenty of water, and join the "regulars"! Made by Kellogg in Battle Creek.

COUGAR CAGERS WILL RETRIEVE LOST HONOR

PULLMAN, Dec. 8.—(AP)—The Washington State Cougars, whose gridiron efforts were nothing to write about, are ready to make it up on the maple floor. The 1938-39 edition of the Cougars' basketball machine sounded a warning to aspirants for the northern division, coast conference title last night when they defeated the Whitman college Missionaries of the northwest conference, 72 to 44.

COUGAR CAGERS WILL RETRIEVE LOST HONOR

Summing up American prosperity potentials he said: "Have the Makings We have the money—billions are idle in our banks. We have the manpower—9,000,000 men are unemployed. We have the same boundless natural resources we had before 1929. We have pent up consumer demands and obsolescence in plants to satisfy. We have over 2,000,000 families more than we had in 1929 to supply. We have scientific knowledge to serve us as never before."

The audience burst into applause and laughter when Dr. George W. Gallup, director of the American Institute of Public Opinion, reviewing a survey of the likelihood President Roosevelt would be elected for a third term, said: "There is real doubt that President Roosevelt could be elected should he ask to be returned to the White House for an additional four years." Responding to the handclapping, Gallup said: "I left a space there for applause."
