GAME BOARD FOR HIGHER FEES FOR TOURIST ANGLERS

PORTLAND, Dec. 10.—(AP)—The state game commission recommended today three changes in Oregon game laws for next year. The recommendations will go before the legislature. They were to increase non-resident angling license fees from \$3 to \$5, to restrict use of artificial lights in forests and abandonment of the 31 three-day tourist angling license.

Commenting on the non-resident angling fee, Chairman Dexter Rice said: "Fellows like Zane Grey come up here and more in on a river for several weeks. They fish three or four miles daily and when they get through there isn't any fishing left. We can't afford to raise trout at this rate of a \$3 license."

Charles Leach, new member of the commission, suggested limiting artificial lights to two-cell flashlights to prevent spotlighting of deer. The commission also recommended amendment of the present law forbidding shooting from a state highway to read "from or across a state highway."

The commission adopted a 1939 budget providing \$49,973.50 for administration; \$82,920.20 for game bird propagation; \$19,838.45 for game protection; \$15,108.33 for fisheries; \$5,433 for scientific research in fisheries; and \$10,222.50 for fishways and streams. The total budget, including capital outlay, was \$658,807.74.

PRESIDENT DEEDS LAND FOR MUSEUM FOR HIS PAPERS

WASHINGTON, Dec. 10.—(AP)—President Roosevelt disclosed today that the title of his family home and 100 acres of land surrounding it would go to the government upon his death, and that in the meantime his papers would be collected there to be available easily to the scholars of the future.

The president, calling reporters to his study in the White House, issued a prepared statement outlining the project. He explained that a building to house the collection—probably a simply-designed, fireproof structure of native field stone—would be built partly by public subscription and turned over to the government.

Mr. Roosevelt said he would contribute to the project all funds—minus taxes—that he has received from the sale of material to newspapers, magazines and book publishers. A similar contribution would be made, he said, by Justice Samuel I. Rosman of the New York Supreme Court, who collaborated with him in preparing his papers for publication.

The gift of the Roosevelt family home to the government upon his death has been approved by his mother, Mrs. Sarah Delano Roosevelt, who owns the property during her lifetime.

The national architect will have "primary responsibility for the collection," the president said.

GOP HOUSE AGES HELD OPPOSED TO OLD AGE PENSION

WASHINGTON, Dec. 10.—(AP)—The General Welfare Federation of America reported today that the "two leading candidates" for leadership of Republican forces in the House, Representatives Martin of Massachusetts and Wadsworth of New York, were in direct opposition on the old age pension issue.

Martin had expressed himself, a federation statement said, "in behalf of improving the old-age security program and in favor of a hearing by the House ways and means committee." The federation proposes an old age pension of about \$60 a month for every citizen past 60, financed by a two per cent gross income tax.

Wadsworth was the "only avowed opponent" of its program, to which more than 100 members of congress are committed, the organization continued.

It was the New Yorkers who wrote the federation a letter saying: "I am opposed to the act. A long study of this and similar proposals convinces me that the imposition of the enormous tax, proposed in the measure, piled on top of our already burdensome state and federal taxes, would postpone recovery indefinitely and eventually break down our economic structure."

Arthur L. Johnson, executive secretary of the federation, wrote Chairman John Hamilton of the Republican National committee recently, asking him to state the position of the committee in view of what the federation said was "the fact that many Republicans won seats in the House on promises to support Old-Age pension programs."

Hamilton replied that the subject matter of Johnson's request concerned more the members of congress than the national committee.

DRUG FIRM LOSS ABOUT 18 MILLION, ASK BANKRUPTCY

NEW YORK, Dec. 10.—(AP)—Mrs. Carol E. Coster was temporarily restrained today from using her \$100,000 brokerage account as State Attorney General John J. Bennett, Jr., investigating the financial affairs of McKesson and Robbins, Inc., \$87,000,000 drug concern headed by her husband, heard testimony that the company's estimate of crude drugs in stock might be \$18,000,000 too high.

The restraining order, signed by Supreme Court Justice Aron Steyer on the application of Assistant Attorney General Joseph F. Ruggieri, requires Mrs. Coster and her husband, Steiner, House & Co., to appear in court December 19 with all books and records relating to the inquiry into McKesson and Robbins.

The giant firm, wholesaler, distributor and manufacturer of drugs, filed a petition Thursday in federal court to reorganize under the new Chandler (bankruptcy) act. This was done after a private investigation of the crude drugs department by one of the firm's directors disclosed what he called a "fantastic" financial state of affairs.

It was brought out then that huge supplies of drugs listed in the inventories might not actually have existed.

W. L. Cummings, a director, was the one who described the financial affairs of the company as "fantastic" in a statement to a New York stock exchange committee.
