

MISSOURI U. MUST ADMIT NEGRO, IS HIGH COURT EDICT

Contention of Student That University Violated Equal Protection Clause of Constitution Is Upheld

WASHINGTON, Dec. 12.—(AP)—The supreme court ruled today the University of Missouri law school should admit Lloyd L. Gaines, St. Louis Negro, as a student.

Gaines contended he was rejected solely because he was a Negro and this violated the "equal protection" clause of the federal constitution.

His petition said there were 16 states which exclude Negroes from state universities because of race or color.

The university said the Missouri legislature had provided that Lincoln University, Mo., until it developed a law school for Negroes, should pay the tuition at the university of any adjacent state for Missouri Negroes wishing to study law.

Boasts A.B. Degree Gaines, who has an A.B. degree from the Lincoln university, did not apply for tuition at another university.

Among other actions, the court refused to review a national labor relations board contention the Peninsular and Occidental Steamship company should reinstate 145 seamen dismissed from two ships. This, in effect, was a defeat for the labor board. While the high tribunal did not pass on the merits of the controversy, it left in effect a decision against the board by the fifth federal circuit court.

The circuit court held that the men had engaged in a sit-down strike, had taken possession of the ships and this was "at least prima facie evidence the crews were guilty of mutiny."

Gross Negligence "It would be gross negligence," the court added, "for a vessel to put to sea with that kind of crew."

It was contended by the labor board, however, the men should be returned to work and given back pay because their discharge was due to their joining and assisting the National Maritime union, a CIO affiliate.

Thomas J. Mooney's long fight for freedom encountered defeat again in the supreme court.

The tribunal refused a petition for a writ of habeas corpus, designed to free the California convict from San Quentin penitentiary where he is serving a life sentence for complicity in the 1916 Preparedness Day bombing in San Francisco.

Women Fatally Burned

PORTLAND, Ore., Dec. 12.—(AP)—Flames from an open stove fatally burned Mrs. Viola Turley, 92, at her home yesterday. Her 67-year-old son, Don Turley, beat out the flames, but the aged woman died a short time later.

Find Drivers Body

OREGON CITY, Dec. 12.—(AP)—The body of Paul D. Ehmer, 33, missing since an automobile accident last April, was found yesterday on the bank of the Willamette river near Oak Grove. It was identified through a driver's license and an engraved watch.

School Busses Figure in Smashups

School busses received rough treatment in last week's traffic. Three students of McMinnville, Ore., grade school were hurt when the bus shown above collided Friday with an automobile. Several others of the 25 children in the bus were shaken up. Sixteen children were injured when the bus shown below crashed into a pole between Tacoma and Seattle Friday. The driver had swerved to avoid hitting an automobile.—(A.P. Photos)

DECASTO MAYER STRANGLES SELF IN SEATTLE JAIL

(continued from page one)

rather he had been hanged than kill himself—then the creator would have forgiven him. I wanted him to tell the truth about the whole matter."

These were Mrs. Smith's words to Sheriff William B. Sevyns several hours after she had recovered from the shock of learning her son had committed suicide.

The sheriff spent more than an hour with her in an attempt to learn the whereabouts of Bassett's body, but said little information was obtained during the interview.

"If she can remember she'll be glad to help the authorities," Sevyns said. "But 10 years is a long time and she isn't very well acquainted with the ground where the body was reportedly buried. I'm afraid Mayer is the only one who could have told us where it was."

He said Mrs. Smith changed her story, repeated by witnesses at the trial that the body was cut up and buried in different places. In her interview, he said, she said Mayer carried the body in several parts to the same burial place because he could not carry it all at once.

Didn's Carry Shovel

He said she revealed Mayer did not carry a shovel, indicating the body was not buried very deeply. The sheriff admitted he was not optimistic about recovering the body.

Mayer's body was found in his cell yesterday afternoon. Sevyns said Mayer used a spoon and a leather belt to hang himself from the upper bunk. To make his act doubly certain, the sheriff said, Mayer stuffed wads of paper down his throat, wrapped a black cloth around his head, lashed his mouth with the belt and then tied his hands with a rope.

He left a note to his mother. It read: "Dearest mother: 'Words are sometimes meaningless. I am tired and wish to 'depart from a place wherein is oppression' and leave the house to tell its builder's fate. And, for the place I leave, I shall find another land."

"Everything is all right with me and it will be easier for you to the future."

JOINT YULE PARTY FOR LEGION AND AUXILIARY IS WEDNESDAY EVENING

A pre-Christmas party will be enjoyed by members of Medford American Legion post and auxiliary after regular meetings of the two organizations Wednesday night in the armory.

Each member is asked to bring an inexpensive toy which will be sent to Roseburg for distribution to children of veterans in the Roseburg hospital. There will be musical numbers, a Christmas tree and Santa Claus. Refreshments will be served by the auxiliary after the party.

Medford post has made an appropriation for the Christmas cheer fund for veterans in various hospitals in this area.

The annual Christmas party for needy local children, sponsored each year by the post and the Salvation Army will also be a part of the post's activity this month.

Frank P. Kurtz, post commander and present chaplain of Seaman Post 496 of California, will give a short talk on the major crisis program at the meeting Wednesday. The program has proved a great help in major disasters and Commander Robert R. Ebel urges all Legionnaires and auxiliary members to be present to hear Mr. Kurtz.

Killed By Auto

NORTH BEND, Dec. 12.—(AP)—An automobile struck and fatally injured Charles Padrick, 71, oyster boat watchman, on the Coos Bay bridge yesterday. The driver was not held.

In a speech prepared for delivery to the Federal Communications Commission by the association, an organization of attorneys representing the radio industry, Wheeler said a "trend toward monopoly" was in evidence. He urged a congressional investigation of the FCC.

"Just as soon as we permit monopoly in radio—or anything which favors monopoly or monopolistic practices to develop," he said, "just so certain are we to have government ownership and control of radio broadcasting."

CASCADE BUILDING AT SAN FRAN FAIR VISITED BY GROUP

Commissioner Billings and Wife and E. C. Jerome Among Representatives On Junket to Fair Site

Commissioner Ralph Billings and wife of Ashland and E. C. (Jerry) Jerome, field representative of the Shasta-Cascade Wonderland association returned Sunday from a trip to San Francisco where they visited Treasure Island and inspected the site of the association's space at the 1939 world's fair. Representatives of the nine districts in the association were present.

The Wonderland's building and court cover an acre of ground. The foundations of the main building is supported by huge pine logs and is 70 feet in diameter. The smaller galleries are supported by smaller pine logs with the bark left on them. Pine is used in the interior decorations.

Around the main floor are several dioramas portraying the various activities in the Shasta-Cascade Wonderland, including agriculture, horticulture, mining, lumber and wild life. There is also a large relief map of the Wonderland area.

The Shasta-Cascade group was the first one to see the building as guests of the commission. The group embraces nine counties in northern California and southern Oregon. (Jackson, Klamath and Lake.) The commission erects the building, and the individual groups furnish the interior and provide the exhibits.

In the court is space for a bonfire, surrounded by thousands of plants and forest trees, many from Jackson county.

The local delegation left Friday, and at Sacramento boarded the Delta Queen for a river trip to Treasure Island, arriving there Saturday morning. Following the inspection tour, a short business session was held. The party returned home Sunday.

GERMANY WORKING ON FORMULA FOR JEW EMIGRATION

Disclosure of Plan Coincides With Hint at Slight Relaxing of Severe Anti-Semitic Regulations.

By Louis P. Lochner
BERLIN, Dec. 12.—(AP)—A high German source disclosed today Germany was working out what may become a new Nazi formula for the emigration of Jews.

The problem probably will be solved, he said, by allowing one wealthy and four impoverished Jews to leave the country as enough German exports are sold abroad to yield foreign exchange to meet the costs of their emigration.

The disclosure coincided with intimation of a slight let-up shortly in the severity of Nazi anti-Semitic measures in return for which, it was indicated, Germany expects foreign Jews to provide foreign exchange.

To Pay Own Way "The government, together with foreign Jewish associations, is working out a plan of coupling emigration with exports," this source said.

He told it in connection with a DNB, official German news agency announcement, which deals with aid

that foreign Jews and wealthy German Jews can contribute to ridding Germany of her entire Jewish population.

"In pursuance of this plan," he said, "every emigrating wealthy Jew should agree to take four penniless Jews with him."

"Obviously we cannot give him foreign exchange to finance such an operation."

"He should find some wealthy Jew abroad to lend him such sums as may be necessary for enabling him and his four co-religionists to start life modestly anew in some other country. Repay in Goods

"We are willing to reimburse this foreign Jew but obviously can do it only by furnishing made-in-Germany goods."

"The emigrating Jew thus has it in his own hand to hasten the day of his departure from Germany, if he can provide additional markets for German-made products."

This source was confident such a method promised success.

It was obvious from his manner the DNB communicate was calculated to ease foreign tension over Germany's anti-Semitic drive, thus paving the way for foreign Jewish aid for German Jewish emigrants.

The announcement said that restrictions against Jews entering hotels, restaurants or stores owned by non-Jews would be relaxed after January 1.

Signs proclaiming "Jews unwanted" were put up by all restaurants and hotels except those with large international clientele after the November wave of anti-Jewish violence.

COUNTY OFFICES STAY IN BUDGET

All county offices and departments will end the year within their budget allowances, the report of the county clerk's office for November shows.

The report shows that up to the end of November, \$53,763 was expended for relief, which includes all items but the county farm. Chief items were old age assistance and miscellaneous relief.

It is figured the total relief costs to January 1, will crowd the \$60,000 mark.

When You Have Cold Troubles Do What 3 out of 5 Mothers Do

Here are 4 Proved Ways They Use to Relieve Discomforts of Colds

- Head-Cold Sniffles and Misery.** Mix a spoonful of Vicks VapoRub in a bowl of boiling water, then inhale the steaming vapors. These medicated vapors loosen phlegm, clear air-passages, make breathing easier. Then, at bedtime, massage throat and chest with VapoRub; leave bed-covering loose around neck so the medicated vapors, released by body heat, can be inhaled freely during the night. VapoRub's direct action brings comfort—relieves local congestion—helps you relax into restful sleep. Often, by morning the worst of the cold is over.
- Coughing or Sore Throat** due to the cold. Use steam treatment outlined above. Also put a small lump of VapoRub on the tongue. It melts, trickles slowly down—bathes the throat with soothing medication which brings comforting relief to the irritated membranes and checks tendency to cough.
- Night Coughs** due to colds—especially of children—can often be prevented by massaging VapoRub on throat and chest at bedtime.
- Chest Colds.** Thoroughly massage VapoRub on throat, chest and back. Then spread a thick layer on the chest and cover with a warm cloth. VapoRub goes right to work—two ways at once: (1) Direct through the skin like a poultice; (2) Direct on the irritated air-passages as its medicated vapors are inhaled with every breath. This direct double action loosens phlegm—eases coughing—clears the air-passages—eases muscular soreness or tightness—relieves local congestion.

Children's Colds are always a problem to mothers. Neglect is dangerous, because it often paves the way for more serious trouble. But constant internal dosing is risky, too. It often upsets a delicate little stomach, lowers resistance just when it is most needed to overcome the cold and ward off complications. . . . It is for these reasons that most mothers depend on VapoRub to relieve the misery of their children's colds. With VapoRub there's no needless dosing, no risk of stomach upsets. It can be used freely, as often as needed, on even the youngest child.

Many Other Ways in which VapoRub can help you are described in the medically-approved directions folder that comes in each VapoRub package.
