**SPECIAL SESSION CALLED FOR SEPT. 21**

**ROOSEVELT BIDS PARTY LEADERS TO CONFERENCE**

Informal Meeting at White House Planned for Day Before Congress Opens—Limited Session Is Aim

WASHINGTON, D. C., Sept. 13.—The stone that was rejected by the builder has become the keystone of the arch. Business for years bulled by the new dealers of the inner circle, held up to contempt and made to wear a half shirt, is now being relied on by President Roosevelt to advise him in charting a course to meet any emergency which may develop because of the European war. When no one knows what perils may threaten this country, the president is "giving the air" to the so-called liberals and their theories and is turning to the seasoned, conservative business executives.

In peace and politics, Mr. Roosevelt capitalized his antagonism of the leaders of the industrial world. He enjoyed seeing them squirm, either from his own statements (in 1936 he said he wanted history to record that in his second administration they had met their master), or attacks by Secretary of Interior Ickes, Solicitor General Jackson, and the punitive legislation prepared by Benjamin Cohen, Thomas G. Corcoran, et al. But, confronted by the gravest situation this country has faced in a quarter-century, Mr. Roosevelt turns first to the excoerated "economic royalists."

SALEM, Sept. 13.—(AP)—Senator Charles L. McNary, minority leader of the senate, said President Roosevelt telegraphed him today that a special session of congress to consider changes in the neutrality law would begin September 21.

Senator McNary had no comment other than to say the president had asked him to confer at the White House September 20.

WASHINGTON, Sept. 13.—(AP)—President Roosevelt today called congress to meet in special session at noon September 21.

Although his proclamation made no mention of the neutrality act, the president already had stated informally he would seek repeal of the arms embargo clause and try to confine the session to that action.

At the same time he signed the proclamation convening congress, the president sent telegrams to a group of Democratic and Republican leaders in both senate and house asking them to meet him the afternoon of September 20 for an informal conference at the White House.

The proclamation convening congress follows:

"Whereas public interests require that the congress of the United States should be convened in extra session at 12 o'clock noon, on Thursday, the 21st day of September, 1939, to receive such communication as may be made by the executive;

"Now, therefore, I, Franklin D. Roosevelt, president of the United States of America, do hereby proclaim and declare that an extraordinary session of the congress of the United States to convene in extra session at the capitol in the city of Washington on Thursday, the 21st day of September, 1939, at 12 o'clock noon, of which all persons who shall at that time be entitled to act as members thereof are hereby required to take notice."

The telegrams inviting leaders to the White House conference the day before the session starts, went to Vice President Garner at Uvalde, Texas; House Speaker Bankhead at Jasper, Ala.; Senator Barkley, Democrat, at Paducah, Ky.; Senator McNary, Republican leader, at Salem, Ore.; Senator Minton, assistant Democratic leader, at New Albany, Ind.; Senator Austin, assistant Republican leader, at Burlington, Vt.; Senator Pittman, the Democratic chairman of the foreign relations committee, at Tonopah, Nev.; Senator Byrnes (D. S. C.) at Spartanburg, S. C.; Representative Rayburn, house Democratic leader, at Bonham, Tenn.; and Representative Martin, house Republican leader, at North Attleboro, Mass.

The president advised these leaders that after a careful study of the whole situation he had decided to call a special session.

He expressed the hope each of them could arrive in Washington a day early for the informal meeting with him.

While the chief executive is anxious to limit not only the legislative scope of the session to neutrality revision but also would like the session to end as quickly as possible, many senators, including Borah (R. Idaho), Vandenberg (R. Mich.), and Nye (R. N. D.) have declared they would insist on full debate, although without any effort to filibuster.

ROSEBURG, Ore., Sept. 13.—(AP)—Elmer L. Giles, Roseburg timber agent, died suddenly this afternoon from a heart ailment while showing timber to prospective purchasers.

WASHINGTON, Sept. 13.—(AP)—The state department made public today a telegram from Ambassador Anthony J. Drexel Biddle, Jr. in Folland that German air forces were "taking advantage of every opportunity, without regard to the danger to civilian population, which may be involved."

The telegram, dated September 8, added, "It is also evident that the German bombers are releasing the bombs they carry even when they are indeed as to the identity of their objectives."

Ambassador Biddle cited a number of instances:

"The attacks made on my villa and that of my neighbor, a heavy and thick modern apartment building in the suburbs of Warsaw, situated one kilometer from military barracks; the destruction of a sanatorium, involving the death of ten children, in the woods near Otwork; the bombing of a refugee train on its way from Kutno, damage done to a hospital train carrying a party of wounded soldiers, which was plainly marked with a Red Cross on the roof and drawn up at the uncovered station of a Girl Guide hut in which 12 girls were killed."

It was recalled here President Roosevelt, immediately on the outbreak of German-Polish hostilities addressed an appeal to all likely belligerents, urging them not to bomb civilian populations, and favorable replies were received from all.

**GERMANS TAKING MANY PRISONERS IN RADOM SECTOR**

Strong Forces Pushing Forward to Complete Circle About Warsaw Says High Command's Communique

BERLIN, Sept. 13.—(AP)—The German high command today reported a rapid thrust deep into southeastern Poland, tightening of a "vice" closing on Warsaw and the wiping out of Polish resistance near Radom.

The high command communique told of the capture of an "enormous number" of prisoners in the Radom sector, about 60 miles south of Warsaw.

Push Southward  
 The communique gave this German picture of the rapidly shifting Polish campaign:

"Strong forces" east of Warsaw pushed doggedly southward in an effort to complete a circle around the Polish capital.

Five Polish divisions and two cavalry brigades in a pocket above Lodz, the third front, continued stubborn resistance against Germans slowly closing in. The Poles have been fighting bitterly for three days to edge their way out of the trap.

Further southeast, German vanguards reached Lwow, capital of the Polish Ukraine, while the main body of troops in that region took the towns of Jaworow, on the Skole river, and Sambor, on the Dniester. Both towns are west of Lwow in Carpathian foothills.

(Dewitt MacKenzie in his analysis of European fighting today said "the Germans are trying to smash through the Polish line and reach the Russian border, so to open rail communications with the Soviet for supplies. . . . The capture of Lwow will represent a major loss to the Poles.")

Rumanian Line Goal  
 The advancing Germans fighting through the valleys are attempting to reach the Rumanian frontier and cut off Poland's southeastern outlet. The German circle around Warsaw has not been completely closed, but troop detachments seemed to be in position to join each other.

Despite statements there is little to fear from a sea blockade, Germany took steps last night to conserve materials of which there is a chronic shortage.

Sweeping orders confiscated all rubber tires in the reich and forbade gasoline consumption for private use. Many tires will be delivered to the government at once, while owners of automobiles, bicycles and other vehicles were ordered to keep their tires in good condition and give them up on demand.

Stricter limitations also were placed on food rations. The meat consumption per person was reduced from 700 to 500 grams weekly—slightly more than a pound.

**Central Oregon Drought At End**

BEND, Ore., Sept. 13.—(AP)—Heavy rains fell on central Oregon today, ending four months of drought and soaking forests where the deer season will open next Wednesday.

Deschutes national forest officials said the woods, under dry yesterday, were safe from fires today.

**Aluminum Co. Sued For Million, Half**

NEW ORLEANS, Sept. 13.—(AP)—The United States government today filed suit here against the Aluminum Company of America and two affiliates, seeking to collect \$1,500,000 on charges of conspiracy to violate the Elkins act, which regulates freight rates.

**DALADIER FORMS WAR CABINET TO BACK FIGHTERS**

Ministers of Blockade and Armament Created—Many British Troops Joining in On West Front

PARIS, Sept. 13.—(AP)—Premier Daladier hand-picked the members of a new "win the war" cabinet today, assuming the foreign ministry for himself to bolster the government behind the lines of the French army slowly advancing into the fringes of Germany.

He created two new ministries—blockade and armament—established an under-secretaryship of national defense and an under-secretaryship of state. The functions of the latter post were not immediately made clear.

PARIS, Sept. 13.—(AP)—British troops were reported in French military dispatches this afternoon to have entered action with the French against the Germans on the western front for the first time in 1939 European war.

French advices said a "great number of well-equipped British troops are participating in combat."

Creation of a Polish army in France was under way with recruiting offices opened throughout the country to receive Polish volunteers.

French infantrymen were reported in dispatches reaching Paris as continuing to edge forward in German territory toward the Siegfried line at several points along a 100-mile front between the Rhine and Moselle rivers.

While rival fliers clashed in the air and the big guns of both sides pounded enemy territory, military advices said French forces east of Saarbruecken had made a "substantial" advance.

In Saarbruecken, Fleet French tanks and armored cars were reported to have reached the outskirts of Saarbruecken, railroad junction and industrial heart of the rich Saar basin, yesterday and to have thrust immediately into the suburbs.

In the Warndt forest west of Saarbruecken, where the Germans have been counter-attacking, the French asserted they still held two-thirds of the woods and the situation was unchanged since they first advanced.

Military observers commented that in the second week of operations the campaign nevertheless still remained in the preliminary phase with a major offensive believed foreshadowed by yesterday's first meeting of the Allied supreme war council not yet in evidence.

**SAYS REDS AIDED BY MILLIONAIRE**

WASHINGTON, Sept. 13.—(AP)—Alexander Trachtenberg, chairman of the literature committee of the American communist party, told the Dies committee today a "millionaire" had subsidized a communist-operated publishing company to the extent of \$35,000 in the last 15 years.

The witness said Heller "made plenty of money" as a business man in Russia before the revolution.

Heller was president and owner of the international publishers of New York, which publishes works of Shakespeare, as well as those of Lenin and Stalin, Trachtenberg said.

**SABIN ELIMINATES AUSTRALIA'S QUIST**

FOREST HILLS, N. Y., Sept. 13.—(AP)—Wayne Sabin of Portland, Ore., produced a jarring upset in the national tennis championships late today when he eliminated Adrian Quist, Australian Davis Cup star and top seeded foreigner, 11-9, 4-6, 8-6, 6-1, in a fourth-round match.

SALEM, Sept. 13.—(AP)—Contract for grading and paving 1.94 miles on the Dundee-West Dayton section of the Pacific highway west in Yamhill county was awarded today by the state highway commission to McNutt Brothers of Eugene, who submitted a low bid of \$103,705.

**14 PLANES TAKE REFUGEES FROM CONFLICT ZONE**

German 'Suicide' Corps Drops in Poland by Parachute—Poles Seize Jumpers—Warsaw Holding On

BUDAPEST, Sept. 13.—(AP)—A dispatch from Cernauti, Rumania, at the Polish frontier, said tonight Eugene Kwiatkowski, Polish finance minister, and ten other Polish officials had arrived there.

The Rumanian ambassador to Warsaw and his staff also entered Rumania at Cernauti.

The dispatch said that during the day 14 planes flew out of Poland and landed at Cernauti, bringing 48 passengers, mostly members of the families of Polish Commercial Airlines pilots.

A German "suicide corps" dropping silently from the skies by parachute, is making desperate efforts over a widespread territory to expedite the Nazi advance across Poland, it was reported here today.

Poles reported that several of the Germans, after being captured, revealed they had been assigned to discover the locations of Polish headquarters, air ports, war supplies, factories and warehouses, and to cut communication lines ahead of the advancing German columns.

In each instance Polish soldiers and peasants rushed to seize the parachute jumper.

WARSAW, Sept. 13.—(Polish Telegraphic Agency, via Stockholm)—The army and the civilian population of Warsaw are repelling with an incomparable heroism the concentric attacks of overwhelming enemy forces. Anti aircraft artillery dispersed German bombers who attacked the city yesterday 14 times.

A German tank which succeeded in penetrating one of Warsaw's suburbs was captured and disarmed by the civilian defenders, mostly women and children.

The Warsaw radio station is working as usual.

LWOW, Poland, Sept. 13.—(Polish Telegraphic Agency, via Stockholm)—The enemy continues bombarding the civilian population and evacuation trains. German airplanes bombed Lwow yesterday 12 times, alarms sounding without interruption for eight hours. The Germans dropped bombs also on Lwuk and Lublin doing great damage in the latter city. An evacuation train running from Warsaw to Lwow had to stop 72 times to permit the passengers to get off to avoid bombing.

In spite of German radio announcements to the contrary, Gdynia remains in Polish hands.

**Up Front With Map Maker**

Maps show latest developments on eastern and western fronts. Top, major engagement is in the making in triangle formed by the Moselle and Saar rivers, with thousands of French and German troops blocking roads as they move up. Further east, French drive is indicated by smaller arrows. German aim is to blast the French out of the Saarland. Lower map shows what German high command claims is the area of Poland now in German hands. Berlin reported the Polish army fighting at the Modlin fortress northwest of Warsaw was trapped, and an encircling movement was reported closing in on Poznan. In the south, the Germans announced crossing of the San river in the Jaroslav sector.

**Lighter War News Censorship**  
**British Labor Leader's Demand**

LONDON, Sept. 13.—(AP)—Acting Labor Leader Arthur Greenwood demanded in the house of commons today the British public and the world at large be told more fully about the progress of the war.

In vigorous criticism of news and censorship methods which he said had resulted in "mess and muddle" Greenwood declared "this is creating a situation which is undermining the confidence of the people in the government. . . ."

"The truth is that there is no real effective coordination between the fighting services and the ministry of information," Greenwood also declared there must be "no profiteering in this war" and asserted "at this moment plundering is going on upon a large scale."

He voiced the feeling unless swift and courageous action were taken "the government might find itself faced with a crisis like the shell crisis of the last great war. . . ."

"One of the great industries of this country is the machine tool industry. That industry today is making profits which are a national crime. Steps must be taken immediately to end any possibility of this kind of crime."

Greenwood declared that "all this absurdity of Monday night" when the ministry of information released, then withdrew and then again released news about British troops in France "was really due to one person, the secretary of state for war (Leslie Hore-Belisha). I say he has no right to override the minister of information."

**PROFITEERS DUE FOR INDICTMENT**  
**4-H BARGAIN DAYS WILL HELP SHOW**

ATLANTIC CITY, N. J., Sept. 13.—(AP)—Thurman W. Arnold, official "trust-buster" for the United States government, served notice today his office would make generous use of the criminal indictment to break up wartime "profiteering."

He served this warning during a speech before the National Petroleum association, which comprises most of the country's oil men.

Arnold said his office was being "flooded" with letters complaining about current "profiteering." He said his office would take swift action to "deter reckless offenders from getting started and compelling orderly business men to follow in self-protection."

In observance of the 4-H club livestock show September 19, 20 and 21, "4-H Bargain Days" will prevail at Medford stores during the three-day period, it was decided at a meeting of retail merchants at the Jackson County Chamber of Commerce last night. Charles Adair, committee chairman, presided.

Special merchandise will be offered at bargain prices in order to bring a larger number of county residents to Medford and to the 4-H show. It was explained. Some store windows will be decorated with an agricultural motif and all will display placards calling attention to the 4-H club show.
