

CONVICTIONS DEAL STAGGERING BLOW TO LONG MACHINE

Seymour Weiss and Four Others Found Guilty of Mail Fraud in Louisiana University Purchasing

NEW ORLEANS, Sept. 15.—(AP)—Convictions of Seymour Weiss, a Huey Long lieutenant, and four other persons on mail fraud charges spurred federal prosecutors today in their attack upon Louisiana scandals and paved the way for trial of Weiss and former Governor Richard W. Leche on other charges.

The convictions, punishable by 10-year sentences and \$10,000 fines, rendered a staggering blow to the Long political machine, now fighting for retention of power with a state gubernatorial election only four months away. The late Senator Long's brother, Governor Earl K. Long, is a candidate.

Weiss, one of the three heirs to the powerful Long machine, and four co-defendants were found "guilty as charged" last night on the government's contention they bilked Louisiana State university out of \$75,000 in an alleged double sale of hotel furnishings to the university.

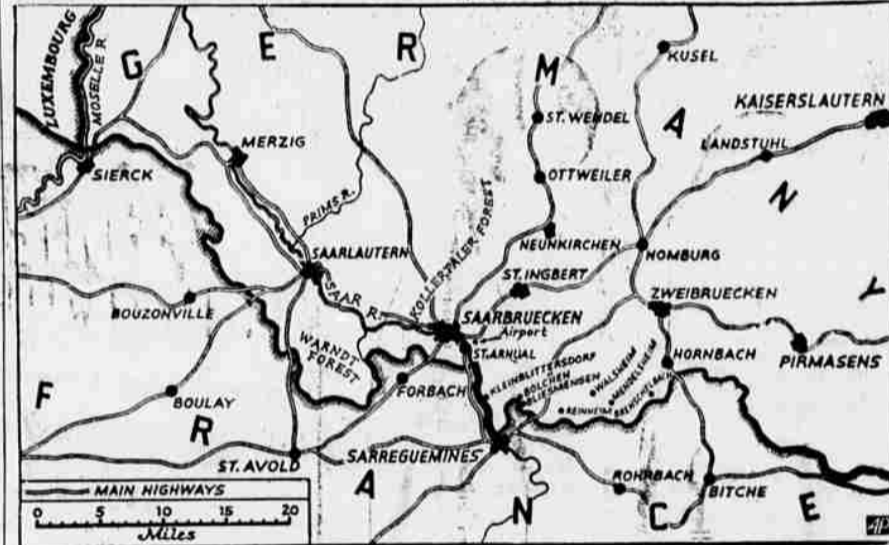

Convicted with him were Dr. James Monroe Smith, much-indicted former president of the university; Monte Hart, wealthy New Orleans contractor; Louis C. Lesage, former Standard Oil official, and Emory Adams, Smith's nephew by marriage.

The government contended Weiss got \$10,000, Dr. Smith \$25,000, Hart about \$17,500 and Lesage \$8,500 in a deal whereby Blenville hotel furnishings were sold to L.S.U. for \$75,000 after the university allegedly purchased them previously in a \$75,000 deal for the hotel. Prosecutors charged the mails were used in the transaction, leading to convictions of each on two counts.

Maps Show Action East, West Fronts

This map emphasizes Poland's principal rail lines, vital links between Germany and Russia, and shows hot spots on the eastern front. Germans claimed virtual encirclement of Warsaw and had crossed railway east of city (1). Nazi vanguard reported at Lwow (2). In "mystery area" (shaded) some 60,000 Poles were battling to get out of "pocket." On Radom front (4), another battle in progress. Black arrows indicate direction of German drives; white arrows, Polish movements; broken line, approximate battle front. American flag denotes U. S. embassy at Sniatyn.

This close-up map of the northern flank of the western front shows German long-range artillery, hidden back of Saarbruecken, sent shells screaming against French forces attempting to close pincers on the industrially and strategically important city. French guns blasted in reply to Nazi bombardment with the village of St. Arnual bearing the brunt. Bayonet fighting was reported near Luxembourg, to northwest.
