Couple Collect Twigs

CLEVELAND, Ohio. (UP)—Phelps Meeker and his wife spend their leisure hours collecting and caring for leaves and tree twigs. They have 90 of Ohio's 190 species of tree leaves, and believe they know more about trees than anyone else in northern Ohio.

Hospitals make such STUFFY grandstands

ONE THING about those ancient Romans . . . the Messrs. Nero and Caligula, for instance . . . was that they held their real rough-housing inside their stadiums. When they turned loose the animals they did it where everybody could see. The crowds went home thankful they didn't have to bite a lion.

When the football season opens—and that's what makes ancient Rome timely just now—we moderns seem to get in our worst licks on the way to the stadiums. This isn't due so much to heavy traffic as to a few drivers who would be taking smaller chances biting lions.

Of almost every accident in football or any other traffic it can be said that it happened because there wasn't time to avoid it. Nobody has an accident on purpose. But few, indeed, are the accidents which telegraph that they're coming. A split-second usually tells the story.

Because the time element is such a great safety factor, we'd like to offer a slogan for this football season: "Start 10 minutes earlier—and avoid that hospital detour." Ten minutes is enough to absorb a great many of those dangerous split-seconds. In football traffic it's what the early bird doesn't catch that counts.

M-J-B WHY?

"I found the answer at 10,000 feet..."

1 The boss phoned from New York: "I want you here tomorrow to help me close that Simpson contract." Just like that I barely had time to kiss the wife goodbye and catch the evening plane. Early next morning the stewardess asks if I'd like some breakfast. "Sure," I say, so she fixes a tray and pours me a cup of hot coffee from a thermos bottle.

2 It smelled great and I took a sip. "Gosh," I said, "do I have to fly every time I want such swell coffee?" She smiled. "We'd like to have you, but frankly it's M-J-B—same as you get in any grocery store. We've standardized on M-J-B because its fine, full flavor makes a hit with everybody."

3 "Thanks for the tip," I said. Next day I wired the Mrs. from New York: WE GOT THE CONTRACT I GOT A RAISE SWITCH TO M-J-B LOVE. She must have thought I was crazy, but she took the hint.
