Thirty-fourth Year No. 157.

"CASH AND CARRY" FOR FORMER BLOC

WASHINGTON, D. C., Sept. 22.—As congress debates what course to pursue to keep America out of war, it may be of interest to reveal the activities of agents of Hitler and Stalin in the United States. Both dictators have been directing representatives with the object of essential control of this country and, while documentary evidence accumulated, nothing was done about dealing with propaganda until the current threat of war.

After midnight conferences at the White House, the United States recognized the Union of Soviet Socialist Republics on November 16, 1933, eight months after the inauguration of President Roosevelt. One of the pledges made by Comptroller Maxim Litvinoff was that there would be no communist propaganda in the United States.

Despite this pledge, President Roosevelt was handed a report a few months later, documented to the last detail, showing various communist activities; showing, also, that the propaganda was being personally supervised by Joe Stalin himself. Copies of that report are still extant.

OPERATION of the OGPU (secret police), in the United States, and the strange disappearance and death of communists at the hands of the OGPU are matters of record. The victims failed to execute instructions. These communists, many American born, have been trained in schools maintained in Russia for instruction in revolutionary tactics. Millions of dollars have been spent to carry on the propaganda.

Part of the plot is to cause an uprising of colored people in the southern states and create an independent, black soviet. Other phases: creation of discord in organized labor, promotion of strikes, hunger marches, demonstrations; corruption of army and navy personnel; sabotage—all directed by Stalin and the comintern in disregard of the solemn pledge made to Mr. Roosevelt by Litvinoff.

HITLER'S former ambassador, Hans Luther, carried on propaganda to supplement the subversive actions of numerous German consuls in the distribution of printed pamphlets calculated to set one American against another. The tie-up of the bunds and Hitler has long been known but only recently attracted public notice.

Members of congress who attempted to arouse the administration and exposed the conspirators were ridiculed; some congressmen were alarmed over the communists, others specialized in protesting at the next operations. Despite testimony elicited at secret meetings of congressional committees, it was impossible to prod enforcement officers into dealing with the situation.

There is so much intrigue, mystery, thrills and sensations in the undercover plot to undermine the American system of government that it all sounds too fantastic to be true. But it is true and at long last the president has given orders to step on the termite.

JOHN WHEELER, who has been the Pacific northwest regional reporter for the Associated Press at (Continued on Page Ten.)

Special Favor
 GRANTS PASS, Ore., Sept. 22.—(AP)—As a special favor, Justice of the Peace R. S. Anderson yesterday added a week of hard labor to Carl L. Baynes' three-months sentence for pointing a firearm at another person. He authorized Baynes' release for a week to harvest clover crop and to care for his livestock.

HI JOHNSON LEADS EFFORT TO RETAIN NEUTRALITY LAW

Sen. LaFollette Says Group Will Fight Embargo Repeal 'From Hell to Breakfast' — 24 Join Fight

WASHINGTON, Sept. 22.—(AP)—Senator Borah (R-Idaho) disclosed today senatorial opponents of repealing the neutrality law's arms embargo had discussed formation of a national committee of prominent private citizens to campaign for their cause.

Among those mentioned during informal consideration of such a committee, Borah said, were Henry Ford, the motor car manufacturer, Col. Charles A. Lindbergh, former President Hoover and Philip P. LaFollette, former governor of Wisconsin and a brother of Senator LaFollette (Prog.-Wis.), who is a member of the senate's anti-repeal bloc.

Borah emphasized discussion so far had been indecisive and indicated that he himself might oppose such a plan.

The work of the committee, if eventually it was decided to form one, would be to conduct an educational campaign on neutrality, Borah indicated.

Two Factions Gird
 The opposition group was one of two factions getting set for a conclusive battle over President Roosevelt's renewed appeal to scrap the arms embargo and substitute a "cash and carry" system under international law.

Led by 73-year-old Hiram Johnson (R-Calif.), 24 senators quickly organized a bloc to oppose the sale of arms to warring nations, on the ground that it would be likely to force the United States into the European conflict.

Senator LaFollette (Prog.-Wis.), speaking for the group, said it would fight repeal of the embargo "from hell to breakfast." Senator McCarran (D-Nev.) added the opponents believed they now could muster 35 or 37 votes and hoped to increase their strength during debate.

Proponents Confident
 On the other hand, confidence of ultimate victory was expressed by supporters of the president, who included some Republicans and "old line" Democrats as well as New Dealers.

With the senate and house in recess until Monday, the senate foreign relations committee will begin a study of the president's recommendations tomorrow. Democratic members asked Chairman Pittman (D-Ore.) and Connally (D-Tex.) and Thomas (D-Utah) to prepare a bill to repeal the embargo and enact the six points of the administration program.

These points embrace the "cash and carry" system requiring belligerents to pay cash here for all commodities and take them away in their own ships; restrict American merchant vessels entering war zones; prevent American citizens from traveling on belligerent ships; bar war credits to warring nations; regulate collection of funds in the United States for belligerents; and maintain a licensing system for arms transactions.

Josephine Exhibit Wins \$250 Award
 GRANTS PASS, Sept. 22.—(AP)—Josephine county's exhibit today won \$250 first prize in Del Norte county's fair at Crescent City, Calif. The exhibit was prepared by the Deer Creek and Illinois Valley granges. The fair closes Sunday night.

U-BOAT LURKS IN ALASKA WATERS

WASHINGTON, Sept. 22.—(AP) President Roosevelt disclosed today that submarines, which he said were not identified had been sighted in waters off southern Alaska and off Boston.

The maritime commission, the chief executive told reporters, had been informed of the presence of the two undersea craft.

The submarines were not American, Mr. Roosevelt said, and they were sighted by ships at sea.

He declined to disclose the specific source of the government's information about their presence, but said those sources were perfectly reliable.

The submarine in the Pacific, Mr. Roosevelt asserted, was off the southern boundary of Alaska, where it joins Canadian territory.

Rumania Conducts Mass Execution of Pro-Nazis

Assassin's Victim

With six bullets in his chest and abdomen, Prime Minister Armand Calinescu (above), was slain yesterday while driving in his auto along one of Bucharest's principal streets. His slayers were believed to be Iron Guards and a coup was feared. (A. P. photo to Mail Tribune by airmail.)

SPRAGUE APPOINTS INSURANCE MAN TO CORPORATION COM.

SALEM, Sept. 22.—(AP)—Lloyd R. Smith, Portland insurance broker and treasurer of the state Republican central committee, was appointed by Governor Sprague today to become state corporation commissioner on October 1.

Smith will succeed James H. Hazlett, a Democrat, who submitted his resignation to the governor today. Smith, who was born in Portland in 1881, played a prominent role in Sprague's gubernatorial campaign last year.

Hazlett was appointed four years ago by former Gov. Charles H. Martin. He was a Hood River attorney and was a state senator.

The governor refused to comment on the resignation of Allan D. Greenwood of Portland, state aeronautics inspector. Greenwood, in announcing his resignation in Portland last night, said the governor forced him out of a month job could be abolished. Those sources said the governor believes the job is superfluous, since the federal government inspects all airplanes.

Greenwood was state head of the Young Democratic organization.

WASHINGTON, Sept. 22.—(AP)—Dr. Fred R. Sanderson said today that Supreme Court Justice Pierce Butler, in a hospital with bladder trouble, "had a comfortable night but his condition shows no improvement."

HEAVY GUN DUEL IN PROGRESS ON WESTERN FRONT

French Report New Drive Against Saarbruecken — Senegalese Troops Enroute to Assist Frenchmen

PARIS, Sept. 22.—(AP)—Premier Daladier was disclosed tonight to have flown to England to meet Prime Minister Chamberlain for two urgent meetings of the allied supreme war council.

PARIS, Sept. 22.—(AP)—A new drive against the German industrial city of Saarbruecken was reported today by the French general staff.

A military communique which gave few details indicated a recent lull had been shattered by new French maneuvers and advance guard skirmishes.

Artillery on both sides, the communique said, was active along the entire front from the Moselle river, which becomes the boundary between France and Germany 100 miles to the southeast.

Small patrols were sent out to learn the strength and future plans of the German defense units.

A heavy gun duel was reported in progress, although firing on both sides was characterized as sporadic.

The French empire's black Senegalese troops were reported en route to the western front in the war which Premier Daladier declared would end German attempts at "world domination."

BASEL, Switzerland, Sept. 22.—(AP)—French army units—striking a wedge toward the heavily manned Siegfried line—were said today to have occupied more than 80 German towns and villages in the Saar-Moselle triangle northeast of French-German-Luxembourg border junction.

A German "buffer line" in front of the westward defense was reported doggedly resisting the methodical advance of French troops into the apex of the Saar-Moselle triangle.

AGED MEN SUICIDE BY HANGING IN SAME TREE

ALBANY, Sept. 22.—(AP)—Two aged inmates of a state hospital, T. F. Skinner, 70, and John Belousek, 81, committed suicide by hanging themselves from a tree near Stayton, District Attorney Harlow Weirick said today.

The bodies were discovered side by side early today by Mr. and Mrs. Elmer Archambeau on the bank of the North Santiam river.

SEATTLE, Sept. 22.—(AP)—Seventeen naval bombing planes were at Sand Point naval air station here today after a 909-mile flight from Sitka, Alaska, air base.

AUCTION CLOSES LIVESTOCK SHOW FOR 4-H CLUBS

Hereford Champion Tops Sale at 22 Cents Lb.— Patty Von der Hellen's Lamb Brings 55 Cents Lb

Sixty-seven head of fat stock were sold to Jackson county merchants and individuals at the 4-H club auction sale held here yesterday afternoon. Prices held a steady average throughout the bidding, with the 1082-pound grand champion Angus beef going to Medford Sweeney for 29 cents a pound. The steer belonged to Bill Ousterhout of Little Butte. The auction closed a highly successful 4-H livestock show held at Fifth and Riverside avenue Tuesday, Wednesday and Thursday.

The Groceria stores paid the highest price, 22 cents, for the champion Hereford, 738 pounds, belonging to Clayton Charley of Lake creek. Average price for beef was 14.7 cents. Sweeney was the heaviest buyer, taking 7, with Groceria next, buying 6.

Sheep Price Rockets
 The sheep price skyrocketed for a time when Patty von der Hellen's 79-pound showmanship champion lamb, "Bumpus," went for 55 cents a pound. It was bought by H. C. Cleland of California Oregon Power company, who will present the sheep to his son as a pet. Average sheep price was 30 cents, and the hog price averaged nine cents. Col. Hayes Dudley of Medford auctioned the stock.

Loyal Newby of Bellview captured both silver cups as this outstanding dairy exhibitor, receiving the trophy contributed by Charles A. Wing's registered Guernsey dairy, and the silver cream pitcher given by the American Guernsey cattle club. This is the second year that Loyal has received the Wing trophy on the basis of quality exhibit, interest in Guernsey breeding, and 4-H work, and record book.

Norman Smith of Central Point received a Duroc Jersey pig, presented by Marvin and Melvin Poyer

WINNER in 4-H Stock Show
 Young exhibitors in the Jackson county 4-H livestock show proudly piloted their charges in a parade through Medford's business section yesterday, as a feature of the closing day's program. A section of the parade is shown above on East Main street. (Willey photo.)

TRIO ACCUSED OF SLAVERY KIDNAP

SAN FRANCISCO, Sept. 22.—(AP)—The federal bureau of investigation filed a complaint today before U. S. Commissioner E. E. Williams, charging Harold Busby with transporting 14-year-old Evelyn Thompson on September 14, from San Francisco to Cave City, Ore., for immoral purposes.

His bail was set at \$2,500. FBI agents said Busby had not been apprehended but their agents working out of Portland were on his trail. The complaint is legal procedure so that when he is arrested he can be returned here.

Sally Stanford, who police say is Busby's sister, and Dorothy Heber, both of San Francisco, are in jail at Merced, charged with child-stealing in connection with the disappearance of Evelyn, who came from the town of Livingston, near Merced. The two are held under bail of \$50,000 each, and their case is to come up Tuesday.

IRON GUARDS PAY HEAVY PRICE FOR SLAYING PREMIER

Thousands Taken From Concentration Camps to Face Firing Squads — 'Tough' General Government Head

By LLOYD LEHRBAS
BUCHAREST, Sept. 22.—(AP)—Thousands were reported executed today as Rumania's virtual military dictatorship exacted a heavy blood-price from the pro-Nazi Iron Guard for the assassination of Premier Armand Calinescu.

Reliable sources said thousands of members of the outlawed Iron Guard had been taken from concentration camps throughout the country and shot to death to avenge yesterday's killing of the premier, who was an implacable foe of the Guard.

Some Women Shot.
 These sources also said that some women had been shot.

It was announced officially 40 Iron Guards were executed at the Mercuria-Ciuk concentration camp while 32 were shot by firing squads at Prahova.

Mass executions were said to be continuing.

The whirlwind cleanup of alleged pro-Nazi elements was pushed also with widespread arrests by the quick-acting government.

"Tough" General Rules.
 At the head of the government stood General George Argesanu, "tough disciplinarian" of 55 and a friend of Calinescu. Observers expected Argesanu to follow Calinescu's advocacy of closed Rumanian economic cooperation with Great Britain and France.

Rumanians watched the situation nervously as Germany, who wants Rumanian oil, and Soviet Russia, who sees former Rumanian territory a part of Rumania, drove their troops further into Poland north of Rumania. (Dewitt MacKenzie, in his analysis, declared the position "remained unaltered and dangerous in the extreme, not only for Rumania but for Europe as a whole.")

Hundreds of arrests were being made throughout Rumania and one of the questions raiding officers were seeking to answer was whether it was more than a coincidence that Calinescu was slain while German and Russian troops were moving north.

CALIFORNIA HEAT WAVE IS LONGEST

LOS ANGELES, Sept. 22.—(AP)—California's record-breaking heat wave rounded out a week of 100-plus temperatures today.

The thermometer reached 103 degrees at 11 a. m., the same as the corresponding hour yesterday.

The heat death toll mounted, with 65 deaths attributed directly or indirectly to the heat in Los Angeles and vicinity. There were hundreds of prostrations.

Schools in many communities remained closed or were closed at noon. In Los Angeles schools, which remained open, attendance dropped off by the thousands.

Weather bureau records show the present wave has broken all previous records for duration. The longest hot spell heretofore was in September, 1933, when the thermometer ranged from 99 to 104 degrees for five days.

SAN FRANCISCO, Sept. 22.—(AP)—Two deaths in the San Francisco bay area today were attributed to heat, bringing to 13 the number of fatalities blamed on the unprecedented wave which struck the bay area, along with most of California, a week ago.

Schools here were closed at noon because of the stifling weather.

POCATELLO, Idaho, Sept. 22.—(AP)—Fire of such intense heat that it exploded cartridges stored within the building, early today razed Pocatello's \$30,000 national guard armory and destroyed its equipments.

WARSAW'S RADIO RETURNS TO AIR

VERESZCKE, Hungary (at the Polish frontier), Sept. 22.—(AP)—The Warsaw radio, back on the air again after going silent yesterday, broadcast a shrill air raid alarm today in evidence the Germans still were attacking the beleaguered capital.

The alarm sounded clear in this little frontier village at 5:15 p. m. today (8:15 a. m. EST) and was succeeded by defiant calls and appeals to fight to the death.

Poish soldiers retreating into Hungary through this small village were cheered by this indication Warsaw still was holding out.

The final instrument of thousands of Polish soldiers and officers, routed by the German and Soviet Russian invasions, was started today here on Hungarian soil.

They said the projected treaty was expected to reinforce strongly Turkey's position in the Dardanelles and to assure safeguarding the Balkans from invasion by an "unfriendly power."

Turkish officials said the pact would complement Turkey's agreements with Great Britain and France.

OFF TO NATIONAL MEET

PORTLAND, Sept. 22.—(AP)—Department Commander Niel Allen of Grants Pass headed 50 Oregon American Legion and auxiliary members en route today to the national convention at Chicago.

Mayor Joseph K. Carson of Portland said he would go to Washington, D. C., after the convention to urge assignment of ship-building contracts for Portland. At Chicago Carson will discuss "The Legion and Its Service to Humanity."

PRE-FRESHMAN WEEK PUTS LIFE IN CAMPUS

EUGENE, Sept. 22.—(AP)—The University of Oregon campus came to life today with the opening of "pre-freshman" week. Fraternities and sororities will entertain prospective pledges until Tuesday, followed by registration Friday and Saturday.

Classes start Monday, October 2.

PRE-FRESHMAN WEEK PUTS LIFE IN CAMPUS

OTTAWA, Sept. 22.—(Canadian Press)—Canadian officials pointed out today there were no submarines in the Canadian navy in discussing President Roosevelt's disclosure in Washington that unidentified submarines had been sighted in waters off southern Alaska and off Boston.

He suggested laughingly that they might be Swiss and suggested that reporters not get too nosy.

But he remarked to correspondents they might get the identity if they kept on questioning. To some persons this indicated that the government probably had an idea of the nation in whose services the submarines were operating.

An official of the maritime commission said, without elaborating on the president's remarks that the maritime commission would continue to report the sighting of submarines by vessels under its jurisdiction. He added, however, that it planned no other action.

Seen by Fishermen

KETCHIKAN, Alaska, Sept. 22.—(AP)—Everett Hudson, Metlakatla Indian fisherman, arriving today, said he sighted an unidentified submarine in Clarence Strait, near Quak, Tuesday. He said the submarine, surfaced, was proceeding southward and drew abreast of Hudson's seine boat near Windy Point, Prince of Wales Island.

Hudson said that when the craft drew abreast his own vessel, and was about three-quarters of a mile away, it gradually submerged until only its periscope was visible under six-power field glasses.

Hudson told interviewers four companions also saw the submarine.

SIDE GLANCES

by TRIBUNE REPORTERS

Nestor Bishop averring that she is simply fed up with keeping care of her mama's canary bird and lawn during the latter's absence from the city.

Nell von der Hellen taking time out from two years of service to 4-H programs to talk about her Hollywood script writing and journalistic endeavors.

Maude Pool acting amazed to find a friend had not only never visited a ranch but was awfully frightened of cows and other farm inhabitants.

Everett Carlin outlining numerous plans whereby a store owner could pain his establishment, be doing quite nice of having to look at the queuing exterior all day long.
