

Irene Dunne, Charles Boyer in "When Tomorrow Comes" at Craterian

DRAMATIC STORY, BRILLIANT CAST FEATURE PICTURE

For 25 years the name of John M. Stahl has been associated with great pictures — "Magnificent Obsession," "Only Yesterday," "Back Street"—and now he adds another triumph to the already long list. The picture is "When Tomorrow Comes," opening a three-day run today at the Craterian theater.

As a vehicle for his stars, Irene Dunne and Charles Boyer, Stahl has selected an unusual problem story in "When Tomorrow Comes." The adaptation provides a rich field for his directorial abilities and the acting genius of Miss Dunne and Mr. Boyer. The result is one of the most powerfully dramatic offerings of the season.

Miss Dunne is seen as Helen, a waitress, who because her restaurant is closed by a strike, accepts the invitation of a stranger, Phillip, played by Boyer, to spend a day in the country with him. He is leaving for France in three days, he tells her.

Trapped by a hurricane and each believing they are to die, they confess their love for each other. Then Helen discovers her companion to be a married man.

The powerful climax of the story, which begins as a tale of a light summer flirtation, is startling in its emotional force. It is an outstanding example of superlative direction and acting.

In the supporting roles are Barbara O'Neil as Boyer's wife; Nella Walker as his mother-in-law; Nydia Westman as Miss Dunne's roommate; Onslow Stevens as a labor leader; Fritz Feld as Boyer's valet; and Greta Meyer as a nurse.

As an added attraction on the same program, the Craterian has March of Time's "Metropolis-1939," presenting a pictorial story of New York City as few New Yorkers know it.

Joan Blondell and Melvyn Douglas In Comedy At Rialto

A hilarious conclusive proof that "Good Girls Go to Paris" is said to be provided by Joan Blondell and Melvyn Douglas in the new comedy hit by that title opening a three-day run today at the New Rialto theater. Hailed as one of the greatest laugh romances of the season, "Good Girls Go to Paris" is the second co-starring venture of the comedy team which made last season's "There's Always a Woman" so delightful.

Miss Blondell is seen in the new film as the prototype of many American girls, in that she wants to go to Paris. Miss Blondell, on the other hand, chooses a delightfully unorthodox method of attaining her ambition. She becomes a waitress in a college town tearoom, hoping to find a rich college lad whose father will provide the financial backing for her trip by "persuading" her to "forget" the boy. Unfortunately, in addition to this tendency toward gold-digging, the petite, pert waitress suffers from a strong conscience which prevents her from actually accepting money in order to "forget."

Douglas portrays an English exchange professor who is slightly bewildered at the frenetic activities of the American college, and completely dumbfounded at the unashamedly predatory, albeit pleasant, stiches of the lovely waitress. It is his conviving to straighten the girl out and help her get to Paris as a good girl that highlights the entire comedy situation.

Walter Connolly, Joan Perry and Alan Curtis assist Miss Blondell and Douglas with the comedy.

Tailspin Tommy, one of the screen's and comic page's most popular characters, comes to the New Rialto theater as the added feature today in "Sky Patrol," in which he patrols the skies against a group of foreign saboteurs and smugglers. John Trent has the title role as Tailspin Tommy and Majorie Reynolds heads the grand supporting cast.

FOREST CREEK LOGGER HAS NARROW ESCAPE

FOREST CREEK, Sept. 23.—(Sp)—John Davies recently escaped serious injury when his logging truck loaded with logs went out of control on a steep mountain grade and overturned.

Cause of the accident was a broken axle which killed the engine and disabled the brakes.

The driver jumped from the cab uninjured when he realized he had no control of the vehicle. It continued around a curve and overturned in the road, the logs rolling off down the bank. The truck is being repaired but will not be used further this season. Davies Brothers have logging operations on Thompson mountain by way of the right fork of Forest creek.

GOLD HILL HEALTH UNIT TO MEET WITH MRS. GAY

GOLD HILL, Sept. 23.—(Sp)—First meeting of the fall season will be held by the Gold Hill unit of the Jackson County Health association Monday, September 25, at the home of Mrs. Donald Gay, in the Riverside colony. All interested are invited to attend.

"If Rain Comes" - Dramatic Story of India, Wednesday Show

Louis Bromfield's powerful story of India, "The Rains Came," has been made into one of the season's biggest screen attractions and will come to the Craterian Theater Wednesday for a four-day showing.

With Myrna Loy, Tyrone Power and George Brent sharing stellar honors, and Brenda Joyce, Nigel Bruce, Maria Ouspenskaya, Jane Darwell, Henry Travers and Marjorie Rambeau top-

ping the supporting cast, this strange, thrilling story of three assorted humans, cut off from the rest of the world with all restraint swept away by the angry forces of nature, has already become known as sure to

be one of the top ten best pictures of the year. The earthquake, flood, fire and plague scenes are said to be among the most vivid spectacles the screen has ever shown.

INDUSTRIAL LIFE FEELS NEW THROB

NEW YORK, Sept. 23.—(AP)—Industrial centers felt the throb of a nation-like business advance this week and some saw payrolls approaching the high marks of the past decade.

The heavy industries, hardest hit in the depression years, tuned production schedules up to a wartime tempo. Steel, coal, ship-building, railroad, repair and miscellaneous machine-making plants prepared for a busy autumn.

The Associated Press index of industrial activity took its widest leap upward since 1934. It rose to 101 percent of the 1929-30 level, the highest since October, 1937, and 97 percent of the previous week. A year ago it was 78.6.

On the basis of this yardstick, business has recovered most of its

LOSS OF THE 1937-38 RECESSION, PUTTING IT WITHIN STRIKING DISTANCE OF THE HIGH POINTS TOUCHED IN THE SPRING OF 1937 ON THE RECOVERY FROM THE 1932-33 DEPTHS.

CHINESE REPORT KAOAN REGAINED

SHANGHAI, Sept. 23.—(AP)—Chinese officials declared today their troops had recaptured Kaoan, annihilated a Japanese force that occupied the city last Wednesday, and drove back the Japanese fighting machine along the entire Kiangsi province front.

(A Hongkong dispatch quoted Chinese officials as saying resistance had stiffened throughout the central Chinese provinces, and that Japanese had been halted in Kiangsi province, along the Yangtze river valley in Huper province, and north of Changsha in Hunan province.

ITALY TO REMAIN IN NEUTRAL MOOD

ROME, Sept. 23.—(AP)—Premier Mussolini declared today that Italy, desiring to localize the European war, was maintaining her policy of non-belligerence.

He said in a speech to fascist leaders of Bologna at the Palazzo Venezia, broke the silence he personally has maintained since last spring to give a part answer to much speculation on Italy's position.

Mussolini declared that Italian policy was "at least to localize the conflict." He said the situation did not call for an announcement of "historic importance."

"If and when," he declared, "I should appear on the balcony of the Palazzo Venezia and convolve the entire Italian people, it will be, not to outline the situation, but to announce to it—as I did October 2,

1935 (Italy's entrance into Ethiopia), or May 9, 1936 (the incorporation of Ethiopia into the new Italian empire), decisions—I say decisions—of historic importance.

"Now it is not such a case."

Heads Nevada U.

RENO, Nev., Sept. 23.—(AP)—Dr. Leon Wilson Hartman, professor of physics and member of the University of Nevada faculty since 1906, today was appointed president of the institution.

Mystery Hit Coming to Rialto

Tod Browning, the famous director who gave the screen such shockers as "Dracula" and the Lon Chaney mystery hits, now offers dimlylit the weirdest spine-chiller of the fall in "Miracles for Sale," which heads the double bill coming to the New Rialto theater for Wednesday and Thursday. Ghosts, demons, spirits and other hair-raising manifestations of witchcraft and

sovereignty share the spotlight with Robert Young, Florence Rice and Frank Craven, the three stars of the thriller. Other important players include Henry Hull and Lee Bowman. "Torchy Plays With Dynamite," the first of the new Torchy series starring Jane Wyman, will play as the second feature. Allen Jenkins and Tom Kennedy support the new star.

Roxy Romance

Dorothy Lamour and Lloyd Nolan make love to the rhythm of the old Mississippi in "St. Louis Blues," playing today and tomorrow only at the Roxy theater. La Lamour plays a Broadway celebrity who flees from fame and applause to find happiness on a Mississippi showboat. The Quinlan does a special in the film and Maxine Sullivan sings her famous "Loch Lomond" and "St. Louis Blues." Miss Lamour sings five new songs, including "Junior" and "Blue Nightfall."

WHEAT DECLINES TO STAGE RALLY

CHICAGO, Sept. 23.—(AP)—An easier tone prevailed in the wheat pit here today and prices declined nearly a cent a bushel before rallying.

Trade, however, was very light and the downward trend early in the session reflected only scattered, small selling and lack of any important buying. Speculative traders were not inclined to make new commitments and apparently preferred to await developments at Washington, where congress will reconvene Monday.

Contributing to the downturn here was weakness at Winnipeg, where prices declined about 2 cents a bushel and finished near the low.

Other U. S. Markets were down. Kansas City closing 1/2-1/2 lower and Minneapolis 1/4-1/4 lower. Buenos Aires wheat closed 1/4 up.

Wheat futures on the board of trade closed unchanged to 1/4 down. December 86 1/4-3/4. May 87 1/4-1/4.

LIGHTNING CAUSE 50 BRUSH FIRES

SACRAMENTO, Sept. 23.—(AP)—At least 50 fires, most of them started by lightning, raged over California brushland today while weather forecasts promised little relief within the next 48 hours.

A score of fires, all of them 100 acres or more, were reported in Mendocino county while eight fires rolled along in Humboldt county.

GASOLINE SALES IN OREGON GAIN

SALEM, Sept. 23.—(AP)—Nearly nine million gallons more of gasoline was sold in Oregon during the first eight months of 1939 than in the same period in 1938. Secretary of State Earl Snell reported today. Sales this year aggregated 189,219,430 gallons as against 180,809,221 a year ago. The state collected \$7,860,971.68 in fuel taxes in 1938, an increase of \$435,510.54.
