M-J-B WHY?

"It was worth getting lost to find out..."

1 I'm not one to get lost in the mountains, but I was lost this time, all right. My wife kidded me about forgetting my Boy Scout training, but it was no joke to me. It was getting dark and we were tired and hungry. Just then we saw the light of a campfire through the trees. "We're saved!" I shouted.

2 As we approached, we could smell bacon cooking and the wonderful aroma of coffee. They turned out to be swell people—welcomed us with open arms and poured us each a cup of hot coffee, the best I ever tasted. "How do you make such wonderful coffee?" asks the wife. (Imagine discussing cooking when you've just been rescued! But that's the way she is.)

3 "It's no trick," says the lady who's doing the cooking. "You see, I use M-J-B. Its Richer Roast takes the gamble out of coffee-making—has a fine flavor no matter what method you use." And that's the story of why we switched to M-J-B. It was worth getting lost to find out.
