Hear Of Voters Hear National Secretary Talk

The National League of Women Voters is in favor of revision of the neutrality laws, the lifting of the arms embargo and inclusion of the cash and carry clause in the new law. Miss Constance Roach, secretary of organization for the National League of Women Voters, told a gathering of the Jackson county branch of the league at a meeting yesterday afternoon in the Girls' Community clubhouse.

Miss Roach went on to say that foreign relations and neutrality legislation were of first interest now. She outlined the league's past and present views on these topics and urged league members to write their congressmen at once expressing their opinions.

Policies and practices of the national league were also outlined to members and guests at the special meeting.

Miss Roach spent the entire day in Medford and in addition to addressing the afternoon gathering held a series of conferences with officers and department heads of the local group.

As a background for her talk, Miss Roach touched briefly on the history of this country and stated that under a strict definition of democracy this nation would be termed a representative democracy instead of a pure democracy. "To function as a representative democracy, the people must know what they want, must be able to express these wants without fear and must be interested enough to express them," the speaker said. Since a representative government must be backed by an informed public, Miss Roach said, the league strives to increase participation in government, to teach proper participation and to improve the quality of the electorate.

Miss Roach further stated that this country has a tradition of lack of interest in governmental affairs and of too much pressure by special

interest groups and that the league endeavored to counteract these influences to some extent by having a representative membership which promoted only legislation which was first thoroughly studied and known to be for the best interests of the people. The league is the only women's group having a full time representative in the national capital, according to Miss Roach.

Mrs. Leonard Carpenter, acting president of the Jackson county group, presided over the meeting. She announced that the October general meeting would be held October 18 at 8 o'clock in the evening at the Girls' Community clubhouse. A report of the survey "Our Town," made by the department of government and operation, will be given under the supervision of Mrs. Stephen Nye. Current events will also be briefly reviewed by a speaker from the foreign policy department, of which Mrs. Justin Smith is chairman. Because of its timeliness, the league plans to give some time at each meeting to reports and discussion of international relations.

Appointment of a number of new officers and department chairmen has been announced by Mrs. Carpenter. Mrs. Alfred S. V. Carpenter and Miss Gertrude Butler will jointly carry on the work of corresponding secretary. Mrs. W. A. Holloway is the new chairman of the education department. She will be assisted by Mrs. Rupert Snyder. Miss Katherine Stewart has been appointed chairman of the legal status of women department and Miss Marjorie Kelly will act as assistant chairwoman of the economic welfare department.

2. CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE—LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels smokes the equivalent of 5 EXTRA SMOKES PER PACK!

"BUCKY" WALTERS... No. 1 pitcher of the National League . . . a hitter likely at any time to win his own ball game in the batter's box . . . It will be one of the big moments in the history of baseball when Walters and the Cincinnati Reds meet Joe DiMaggio and his New York Yankee team-mates. "Bucky" calls himself a "died-in-the-wool Camel fan." He says: "I've never found any other brand—at any price—that gives me anything like the downright smoking enjoyment that I get from Camels. Boy, do they taste good after a long, hard game! Camels burn longer, and that means a nice bonus of extra smokes in every pack."
