Bette Davis in Sunday Show

Hollywood's greatest actress, Bette Davis, comes to the Craterian theatre Sunday in the starring role of "The Old Maid," dramatic story of two cousins, Charlotte and Della Lovell, who live in the same old house in aristocratic Philadelphia in the period between 1861, when the Civil war broke out, and the 1880's. Despite the luxury and wealth with which they are surrounded they hate and envy each other for twenty-odd years.

Miss Davis is seen as Charlotte, the bride who didn't get married and Mariam Hopkins is co-starred opposite in the role of Della, the spiteful cousin who stole her relative's fiancé at the altar.

George Brent is cast as devil-may-care Clem Spender, the romantic intent of both women, and others in the cast include Jane Bryan, Louise Fazenda, James Stephenson and Cecilia Loftus, who recently scored such a success in the stage production of "Outward Bound."

"The Old Maid" is being heralded as Miss Davis' most outstanding dramatic role. The film will play at the Craterian theatre for three days.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You Jump Out of Bed in the Morning! It's So!

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the world looks pink.

A mere bowel movement doesn't get at the cause. It takes three good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Refuse anything else. At all drug stores. 10c and 25c.

We Take Charge of all arrangements down to the smallest details, with no pretensions, simply it is the result of past experience.
