

ENROLLMENT SETS ALL TIME RECORD IN STATE SCHOOLS

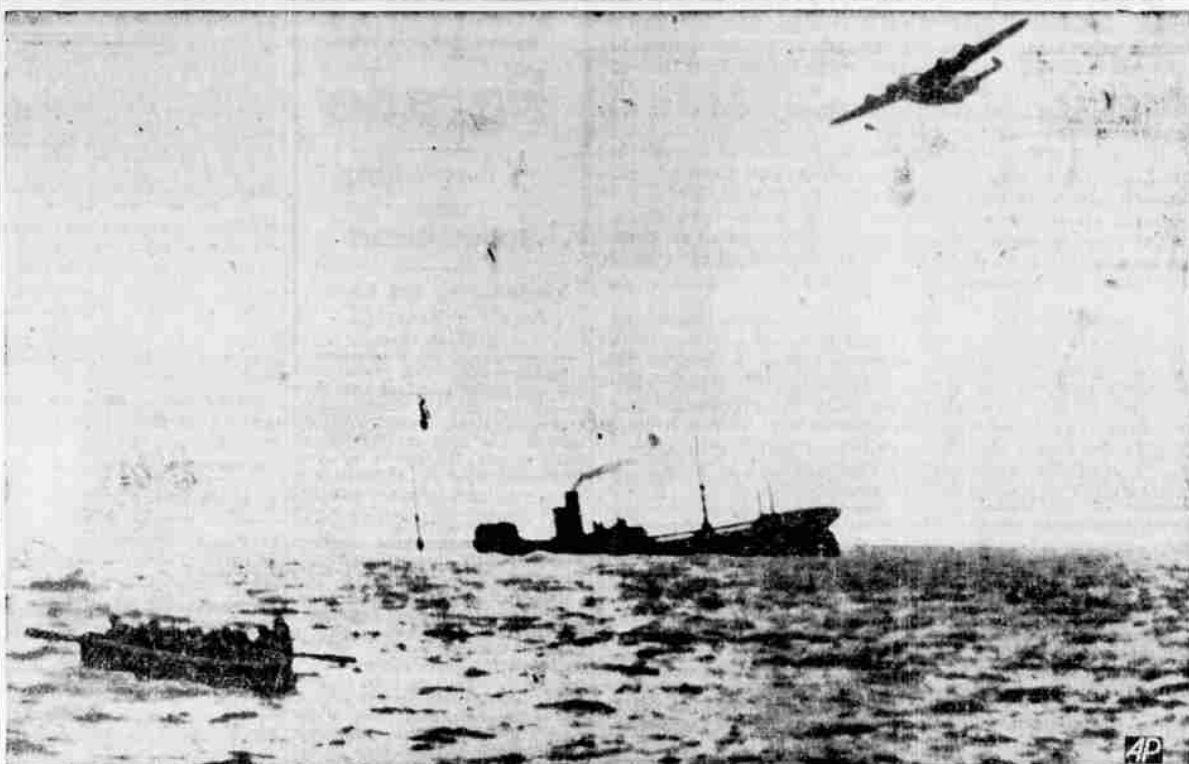

EUGENE, Oct. 7.—(AP)—A new all-time peak for student enrollment in the six institutions of the Oregon state system of higher education is reported in a summary just issued from the office of the chancellor. Incomplete registration reports for the fall term record a grand total of 9,219 students this year as compared to 8,612 students on the same date last year, or an increase of 7 per cent.

Official records show that the combined student bodies when fall term registration is complete will almost double the registration in 1933-1934 when only 5,227 students were registered at the six institutions.

The three colleges of education lead in percentage increase, with 21.6 per cent at the Eastern Oregon College of Education, 11.9 per cent at the Oregon College of Education and 11.8 per cent at the Southern Oregon College of Education. The University of Oregon has an 8.5 per cent increase and the state college 5.4 per cent. At the medical school, where enrollment is restricted, a decrease of 2.8 per cent was reported.

Although final fall term registration will not be available for some time because of delayed registration of graduate students, reports to date are as follows: Oregon State college, 4,384; University of Oregon, 3,842; Oregon College of Education, 472; Medical school, 419; Eastern Oregon College of Education, 321; and Southern Oregon College of Education, 278.

R. A. F. Flying Boats Rescue 34 From Sinking Vessel

A British royal air force flying patrol boat is shown circling the sinking British freighter, Kensington Court, as a lifeboat (left), with a lighter's crew of 34 pulls away from stricken ship. Two flying boats picked up the entire crew, the first time, British authorities said, that an entire crew had been rescued from a sinking vessel. The Kensington Court had sent out an SOS after having been attacked by a submarine. Picture redrawn from London to New York. (By airmail to Mail Tribune).

TRIAL 'HAY FEVER' CAST IS SELECTED

A tentative cast, with 100 roles and still to be filled, was announced by Director Robert Stedman last night for Noel Coward's "Hay Fever," first play to be presented in Medford's new community theater project.

Try-outs were held in the junior high school gymnasium Friday night and so many reported that a second audition was held last night. The tentative cast as announced by Mr. Stedman follows: Anne Bliss, Jean Schuler, Judith Bliss, Gladys Engle, Myra Arundel, Vivian Early, David Bliss, Don Darnielle, Clara, LaMurie Beck, Witt, Simon, Bliss, James Boyler, and Jackie Coryton. Mary E. Letcher, LaVonne Davis was used as bookholder.

MINING OPERATOR KILLED NEAR YREKA

YREKA, Cal., Oct. 7.—(AP)—A crash down a heavily loaded truck and a passenger car killed Joseph H. Perris, 56, of San Francisco, late Friday.

Perris was associated in mining ventures with John Marchbank, owner of Tanforan racetrack. His companions, Mr. and Mrs. James Lloyd of Los Angeles, were severely injured. The truck was driven by Fred J. Member of Yreka. He was not seriously hurt.

CHINESE REPORT HUNANA VICTORY

LONDON, Oct. 7.—(UP)—The British Broadcasting company reported tonight that advances from China claimed that the Japanese had suffered their worst defeat in the two years of fighting in a battle now raging for Changsha, capital of Hunan province.

The reports said that the Japanese had lost 30,000 dead in the 19 days since fighting for the city began. Chungshan Captured SHANGHAI, Oct. 7.—(AP)—The Japanese army announced today it had captured Chungshan, birthplace of Sun Yat-Sen, father of the Chinese republic, which has great sentimental value in the eyes of the Chinese. Similar efforts a year ago were repulsed.

ASTORIA CHINESE PICKETS PROBED

PORTLAND, Ore., Oct. 7.—(AP)—Astoria school records will be used in federal court here to determine whether Chinese youngsters cut classes to picket the Japanese steamer Norway Maru last February. Pickets, mostly Chinese, blocked longshoremen from the vessel for eight days after it attempted to load scrap iron for Japan.

The waterfront employers' association filed suit for \$31,862 damages and \$3500 attorneys' fees from the Port of Astoria, members of the port commission and a group of Chinese it asserted were ringleaders in the picketing. Federal Judge James A. Fee ordered depositions taken from 22 Chinese and Astoria school records produced in court. The vessel finished loading and left Astoria after pickets agreed to withdraw on the condition no more scrap iron be shipped from there.

New Strike Looms
PORTLAND, Ore., Oct. 7.—(AP)—Another effort to end the boom ste-up on the Columbia and Willamette rivers will be made in a conciliation meeting at Longview Monday, the Boommen and Harfers' Union here said last night.

RUMOR SABOTAGE HITS BATTLESHIP

SAN FRANCISCO, Oct. 7.—(AP)—J. Edgar Hoover, chief of the federal bureau of investigation, announced today his agents were investigating reports of sabotage aboard the battleship Arizona, whose machinery and water tanks were rumored to have been damaged during gunnery practice off the southern California coast.

The head of the FBI said that what happened aboard the Arizona "is one of those things I can't discuss." Hoover was the first government official to admit the rumors of sabotage were being investigated. One rumor told of damage and another mentioned a "casualty." Hoover did not say that sabotage had been discovered but explained an investigation had been ordered to determine whether there had been any.

Cherryman Cheered
THE DALLES, Oct. 7.—(AP)—Mid-Columbia cherry growers reflected optimism for 1940 today after receiving a small dividend from the Columbia Fruit Growers association and observing renewed activity at cherry plants.

HOOF'S FOREVER STILLED—Sadly Billy Haun, an heroic boy, tends the grave and monument erected in memory of Inco, sire of the 1938 Kentucky Derby winner, Lavrin. Inco died of an infection at the Woolford farms near Kansas City.

A REVELATION in HEATING
EVANOIL "FORCED-AIRE" HEATERS
EVANOIL "Forced AIRE" Heaters are built on the principle of modern air conditioning. Heat is fan-forced from the base of the heater out across the floor into the living zone. As this floor-level warmth rises to the ceiling, it is picked up by the downward circulation made possible by synchro-float fan. No wasted ceiling heat, no variable room temperature, no excessive fuel consumption to maintain warmth.
If you are interested in an oil heater for home or place of business it will pay you to see the EVANOIL.
