St. Mary's Whips California 7 to 3

Coming from behind, St. Mary's football team defeated the University of California, 7 to 3, at Berkeley, Calif., before 35,000 amazed fans. Here is Tony Firpo, California's "Wild Bull" halfback all up in the air as three St. Mary's men swoop in to stop him for a yard gain. After Firpo are Guthrie (8), Smith (11), and Hardy (12), California's quarter, Elmore (49), is under the pile.

Tigers Show Title Calibre First Quarter, Says Hughes

(Editor's note: This is the second in a weekly series of articles by Bernie Hughes dealing with high school football teams in the Southern Oregon conference. Today, Hughes writes of the Medford-Grants Pass game of last Friday night, won by Medford, 38 to 0.)

(By Bernie Hughes)

Medford looked like a championship team the first quarter.

The Tigers showed a big improvement over their previous games, their blocking in the line being very good on off-tackle and end-run plays. However, on their line bucks nobody was knocking down the secondary, which was stopping Saulsbury.

Saulsbury did a fine job bucking the line and blocking for other ball carriers on the wide plays. Both Medford halfbacks Piche, and Newland, looked very good on their wide sweeps, using their interference like old hands at the game.

I believe Newland can improve his passing. He is over-throwing his receivers because he is passing to a spot too far ahead of the receiver instead of directly at the receiver. This is resulting in too much lead for the catcher.

The Medford ends looked very much improved, as did the tackles, who charged across the line on defense much better than they have in previous games.

Bowerman's reserves, who played most of the last three quarters, displayed some promising football. They looked ragged at times but with a little more experience will be able to hold their own and give some of the regulars a run for their money.

Medford took Grants Pass by surprise the first quarter that the Cavemen seemed to lose their fire and were unable to get organized. Pruess, fullback and Royal Moores, end, showed up well for Grants Pass.

Local Interest In 1940 Chevrolet Is Growing Says Hurd

"It seems that everybody in Medford wants to be the first to own and drive the new 1940 Chevrolet," said C. M. Hurd today, of Rogue River Chevrolet company, commenting on the enthusiastic response he has had to his announcement that he is already taking preferred orders for the new 1940 Chevrolet.

"Many persons of this city, who have been planning to purchase a new automobile, have expressed their desire of being placed on our preferred order list. And almost twice as many have traded in their old cars and have placed their orders for the new model," Mr. Hurd said.

The latter group, Hurd pointed out, are acting very wisely. "Not only are they placing their orders early and getting their names high on the list of preferred buyers," he explained, "but in trading in their old cars now, well in advance of the introduction of the new models, they are getting a far more attractive and profitable deal all around."

Elaborating on the trade-in allowance now being offered, Mr. Hurd pointed out that the ideal sales position enjoyed by Chevrolet and the outstanding stock of completely reconditioned cars now on display make the exceptional offers possible.

REDS' PITCHER TO ENTER WORKHOUSE

CINCINNATI, Oct. 10.—(AP)—Lloyd (Whitey) Moore, 35-year-old Reds' pitcher, was sentenced to three days in the workhouse and his drivers' license was suspended for six months today on conviction in police court on a charge of driving while intoxicated.

Attorney Louis Rubenstein, representing Moore, asked for a 10-day stay of execution, with bond at \$1,000, indicating he contemplated an appeal.

A charge of reckless driving was dismissed. "I was not driving the car," Moore said, adding he had been with friends who promised to remain with him.

LAW TO CRACK DOWN ON TURKEY THIEVES SAYS D. A.'S OFFICE

Vigorous enforcement of the larceny of livestock law, which makes thefts of turkeys, chickens and farm animals a felony subject to a state prison term, was announced by the district attorney's office today. It is likely a patrol will be maintained by the sheriff's office throughout the rural areas during the turkey marketing season now approaching.

In previous years turkey raisers have suffered heavy losses from thieves who travel at night, raiding flocks and are far away before the loss is discovered. This has caused several large growers to light their barnyards and maintain a night watchman.

Most of the estimated 80,000 turkey crop of the valley is now being fattened for the Thanksgiving and Christmas trade.

"Any person caught stealing or who is charged with the theft of turkeys or chickens will face firm prosecution," Deputy Neilson said today. "The larceny of livestock law, as passed by the legislature, makes the offense a felony instead of a lesser crime, as under the old law."

Plans for enforcement have been under consideration the past week by the district attorney and the sheriff's office.
