Three Stars In Craterian Show

Cary Grant, as the unhappy husband caught between Kay Francis as a scheming wife and Carole Lombard as the "other woman" brings "In Name Only" one of the season's finest dramas to the Craterian theater Sunday for a three-day run. How a wife's mercenary interest in her husband restrains her from giving him his freedom so that he may marry the woman he really loves is the thematic basis of "In Name Only." The film is said to present only Kay Francis in the best role she's had in too long a time—that of a thoroughly selfish woman who marries only for the social position she gains and with no false ideas of being a wife in anything but name only.

"Gets His Man"

NATIONAL DEBT AT NEW HIGH FIGURE

Washington, Oct. 20.—(AP)—The federal debt has jumped to a record high of \$40,963,392,881, as the treasury resumed borrowing to pay for its deficit.

The debt jumped \$58,000,000 in one day principally because of the treasury's sale of \$150,000,000 worth of 91-day discount bills this week when only \$100,000,000 worth of similar obligations came due and needed replacement.

Secretary Morgenthau announced the borrowing was intended to replenish the treasury's cash working balance, now \$1,265,000,000, and keep it at a size which would permit the treasury to avoid financing in times when war news might make financing difficult.

The debt, which includes only the direct obligations of the treasury, now is \$523,860,470 higher than it was when the fiscal year began July 1 and about \$2,500,000,000 higher than it was a year ago.
