

RADIO RECEIVER IS INSTALLED IN CITY POLICE CAR

Prowl Auto Is Linked With State Broadcast System In Fight Against Crime.

Medford took a long stride forward in its war against crime when a short-wave radio receiving set was installed Monday in one of the two city police prowl cars, thus linking city authorities and equipment with the short-wave radio system being used by the state police, state highway department and other law enforcement agencies.

The receiving set, one of two purchased by the city, was installed by Frank Rogers, building and light inspector, and was checked by Dave Rees, radio technician. A set will be installed in the other prowl car after the first of the year, police said.

The receiving set operates on the same wave length as those in state police patrol cars. Messages are broadcast from state police headquarters in city hall and are sent over the air through the transmitter station north of Medford, which is connected with state police office by telephone wire.

Regular Call Number
The city police prowl car has a regular call number, the same as state police vehicles, and will receive the same messages.

Installation of the sets in prowl cars will greatly aid in law enforcement duties of the city police, it was explained. Instead of prowl cars being forced to report to the station when the night police light is flashed, they will receive the information directly from the station.

Wall St. Report

New York, Oct. 25.—(AP)—Steady buying brought about a quiet rally in the stock market today and leading issues were boosted fractions to around 2 points.

Heaviest transactions were at the opening and during the morning when steels, rails and aircrafts were favored. Later the motors and automobiles accessories enjoyed a run. There was some profit taking around the

STATE LEADER OF AMERICAN LEGION TALKS TO ROTARY

Niel R. Allen, Grants Pass attorney and state commander of the American Legion, discussed the legion's attitude on neutrality at the Tuesday luncheon meeting of Medford Rotary club. A number of Grants Pass Rotarians made the journey here to hear Allen's address.

In his introductory remarks, the speaker pointed out that World war veterans are dying at the rate of 117 a day, yet the American Legion, with a million members, has the highest membership in the past five years.

"The American Legion has a unique sales campaign—that of selling the importance of neutrality on one hand, and selling the need for more adequate national defense on the other," Allen said. "We cannot be neutral as individuals but we can maintain peace as a nation," he emphasized.

K. F. DRIVER FINED ON HIT AND RUN CHARGE

Mrs. Hazel Vinson, of Klamath Falls, charged with failure to stop and give name and address at the scene of an auto accident, entered a plea of guilty and was fined \$25 and costs in justice court yesterday.

The complaining witness was Ralph O. Costanos of this city, whose car with Mrs. Costanos and Dolly Cooper as passengers, was struck on the Greensprings mountain road near Tubbs Springs, last Sunday, by a car driven by Mrs. Vinson. Mrs. Costanos sustained minor bruises and shock the court was advised.

United States railroads carry about 500 million passengers a year.

PLANE SCHEDULES TO CHANGE HERE ON NOVEMBER 1

Autumn schedule of United Air Lines effective November 1 was announced today by Max C. Henne, company manager here.

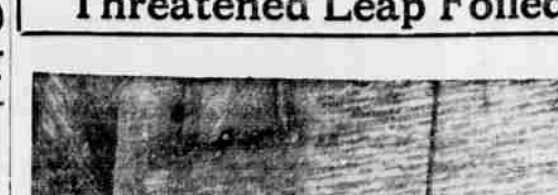

In the past, two trips are usually discontinued through here at this time of year, but because of heavy traffic no change is being made now in the number of planes in service on this leg of United's national system. Slight changes are being made in the time of arrival in a general fall adjustment of time tables. Medford will continue to have six planes daily, three northbound and three southbound, four making regular stops and two making flag stops as at present.

Beginning November 1, United Mainliners will leave Medford municipal airport as follows:

Northbound—4:57 a. m., 3:24 p. m. and 9:54 p. m. (flag stop).
Southbound—11:10 a. m., 5:58 p. m. (flag stop), and 11:55 p. m.

The regular planes are scheduled to arrive at the airport five minutes before departure time. The flag-stop planes remain only long enough to discharge or take on passengers. The flag-stop planes also take on but do not discharge airmail. Airmails close at the central postoffice 45 minutes before plane departure time.

Threatened Leap Foiled

Fireman Richard Oliver, lowered from a floor above, frustrated the threatened leap of a 16-year-old runaway girl who identified herself as Helen Kawsley of Bayonne, N. J., from a New York hotel window. The fireman seized her and carried her to the ledge below where the girl was taken by other officers and firemen. This striking picture shows the fireman and the girl as they were lowered.

HIGHER ALTITUDES GET FIRST SNOW

By the Associated Press
The mountains glistened with snow and ice covered many a lowland puddle as temperatures dropped to seasonal lows in Oregon today.

Despite the first snow flurries of late autumn at higher elevations, the Oregon motor association reported automobile traffic unrestricted on major highways.

Two inches of snow covered Lakeview, though none remained on the Klamath Falls-Lakeview route. A trace at Burns and there were other flurries through eastern Oregon.

Bend and Lakeview hit 20 degrees above zero, the lowest of the 4:30 a. m. readings. Other minimum readings included Baker 31, Brookings 42, Burns, 25, Eugene 34, Hood River 29, Salem 36, Medford 33, Newport 37, North Bend 43, Pendleton 33, Portland 38, Roseburg 37, Siskiyou Summit 23.
