Long Service
Sydney, N. S. W. (UP)—The average motorist in New South Wales makes his car do for 9 1/2 years and thereby, believes the department of road transport, increases accidents. Observation suggests that the age of the vehicles explains what is the major source of accidents—the number of slow drivers on the road.

Subscriber 50 Years
Oakman, Ala (UP)—A. A. Odum has just paid for his 50th year of subscription to the Mountain Eagle, tiny Alabama paper. He is believed to be the oldest continuous subscriber to any paper in the state. The Eagle is 67 years old.

Eventually, he'll sit down on his veranda

PERHAPS we shouldn't point to one man among all our 18,000 employees. But, after all, he is certainly a "typical example." He went to work more than thirty years ago, yet he didn't get to be president of the Company!

Actually he didn't get very far along the route of advancement. He did achieve some promotion, but when his years of service came to an end he still was not a top executive.

The other day he retired—to a modest home in the country. But he will not settle down to his flowers and garden before he has spent several months in a tour of the nation—which he has been wanting to see for years.

It has been his good fortune to work for an organization which appreciates loyalty in the ordinary man as well as in the man of genius. Its retirement system was arranged to benefit all employees, not just the top men who need it least.

Naturally, this chap didn't think much about retirement until he was approaching it. Then he discovered the management of this Company had held the good of the majority at heart—something which we can say in honesty, it always has tried to do.

P. T. A. Activities

This month is set aside for the membership drive for the Parent Teacher Association. More than ever does the association need you and more than ever do you need it. With war on all sides of us, strife among the unions, depressions and hard times, more than ever do we need right thinking and clear-minded men and women to lead us. Our boys and girls are the leaders of tomorrow.

This is what Parent Teacher work tries to do. It promotes welfare work at home, in the school and the community, raises the standards of living and educates the parents in all branches of child education. Too often it is heard "I belonged to P. T. A. while my children were in the grade schools, but now, they are in Junior Hi and able to take care of themselves." True, they need to learn responsibility and to make decisions for themselves. But to be able to make those right decisions, they must be guided into the right way and that is why you must not quit in junior high but take more interest than ever before. The Parent-Teacher Association tries to bring this closer companionship and cooperation between the child and their parents and teachers.

It isn't enough to say "I have paid my dues and am a member." But go to the meetings, take an active part in them and be one to help make this the biggest membership year for the Parent-Teacher association. The drive is on for the entire month of October.

Relief Corps Head Honored At Lunch By Local Members

By Mrs. Belle E. Littrell. October 19 the Women's Relief Corps met with a covered-dish luncheon at noon, in honor of our state president, Alice Turner, as inspector of the secretary and treasurer's books, which was accomplished while the lunch and tables were prepared.

We had also other honor guests: Comrade J. C. Woods and wife; Comrade Menzies, whose 100th birthday was observed, with several others. Mrs. Elva Lough brought a lovely birthday cake, which was cut and passed to all present. After a sumptuous luncheon we repaired to our hall for the business of the order. Several from Central Point corps were present with us. After a call to order, the secretary's and treasurer's reports read and approved. Dept. President Alice Turner being in waiting was escorted into the room and welcomed by Elva Lough. All saluted them.

Initiation was gone through, with Leslie Minch of Central Point as candidate. Then report of relief committee; 39 calls; bouquets given, \$5; \$4.50 in money and \$6.25 other than money.

An invitation from American Legion through Colonel Patne asking our corps to help in Armistice day parade, which was graciously accepted. Elva Lough, president, presented Phieta Woods with a 25-year service pin and Sarah Andrus has one too, making three in our corps who have served faithfully for over 25 years. Belle Littrell presented the inspector with a gift, who sweetly thanked us, saying it is not the value of the gift but the spirit in which it is given that counts and this was given in love. She also gave us an account of the recent national convention. Then the "traveling flag" was presented by Mrs. Minch of Central Point, telling the meaning. It belongs to the five corps in southwest Oregon: Medford, Ashland, Grants Pass, Central Point and Gold Hill. Each one pays a part, so we took up a collection of \$2.50 and paid our part off. Then we all stood and pledged allegiance to our beautiful new traveling flag. Look for it in the parade on Armistice day in the Women's Relief Corps.
