Billy Hulén says:

### Hardy Makes Fair Record in First Year Of Pro Ball

Bob Hardy, the first contribution Jackson county has made to professional baseball in many years, didn't exactly burn up the Texas league while pitching for Beaumont the past summer, but neither did he make the Detroit Tigers sorry they signed him fresh out of University of Oregon last spring.

Hurling for the tail-end Detroit farm club, the tall Ashland south-paw worked mostly in relief roles. With Beaumont's starting pitchers getting shelled to cover with great consistency, Bob was able to see service in 23 games and pitch 79 innings after joining the team in late June. Complete Texas league averages in last week's Sporting News reveal Hardy was credited with three victories against five defeats, and an earned-run average of 4.33.

Bob was a little wild, probably due to his being over-anxious to make good in his first fling at organized baseball. He walked 45 men and hit five others. However, he whiffed 84, which isn't bad in a loop of this calibre. (Class A-1, only a half-step under Coast league rating).

Other vital statistics concerning Hardy show that he faced 374 batters, allowed 58 runs, 96 hits and 88 earned runs. He pitched only one complete game. His earned-run average, 4.33, as before mentioned, placed him 54th from the top in this respect. There were six other Beaumont hurlers with better earned-run averages, and five with worse figures.

Although always a pretty fair hitter, Bob found Texas league pitchers rather tough. He collected five hits in 27 trips for a mark of .185. He batted in two runs and scored one himself, and two of his five blows were doubles. He struck out five times.

It comes to light that Michigan, in that 85 to 0 massacre of poor Chicago last week, honestly attempted to keep the score down, but couldn't... Eddie Briez of the A. P. reports that Coach Fritz Crisler volunteered to cut the last two quarters from 15 to 12 minutes, that between halves the Wolverines agreed to concentrate on punting and that Crisler asked the officials to penalize his crew every time it threatened to score...

George Short of the Chattanooga News rises to spout: "When Snakey Butler finished his 56-yard touchdown run for Tennessee, the Alabama team looked like 11 miles of bad road"... Leo Durocher, the manager of Brooklyn's Dodgers, is expected to sign a two-year contract shortly calling for a mere 25 grand per...

The football wolves are howling for the scalps of Chicago's

Clark Shaughnessy and Illinois' Bob Zuppke, but those two gents are not worrying... their are the safest coaching jobs in football, Shaughnessy being a full professor and certain of his position until the retirement age of 70 and Zuppke wielding the big stick at Illinois... this looks like the last year for Jimmy Phelan at Washington, unless things perk up in the Husky lair... a loss to Oregon will about clinch things... also on thin ice is Pop Warner at Stanford, and Stub Allison may be before the season is over...

Some Broadway odds on next Saturday's grid skirmishes find Ohio State 9 to 5 over Cornell, North Carolina 11 to 10 over Penn, Southern California 11 to 5 over California and Fordham 11 to 10 over Pitt... U.C.L.A. spots Oregon 7 points on the yellow sheet and Oregon State spots Washington State the same number... Clemson drove 99 yards to a touchdown against South Carolina last Saturday, which is believed to be the longest sustained march of the season...

Klamath Falls may have the finest lighted football field in the state but it certainly hasn't the best turf... the grass is green, as it should be, but it's roots are not deep and the field is hard and tricky... Way last spring we picked Tennessee as the nation's number one football team, and who says we can't call one once in awhile? ... the local group working for baseball lights here next summer has decided leanings toward the fairgrounds as the locale...

Bob Hinman, ex-Tiger grinder who has started every game for Willamette University's griders, is being called one of the best ends in the Pacific Northwest conference; also, one of the finest pass-receivers to grace the Bearcat gridiron in several years... Floyd Baker, another former Tornado star, turned in a sparkling exhibition for Willamette against Portland University two weeks ago... he is a regular guard...

Nope, Bernie Hughes didn't tear off a yarn for the Mail Tribune this week, he having been out of town last Friday and not seeing any football... Bernie'll come up with another next week, probably on the Medford-Bend game... what's this about Bill Sweeney, manager of the Portland Beavers, shifting to Hollywood?...

### Fights Last Night

## EXTRA BLEACHERS TO BE AVAILABLE FOR BEND BATTLE

With the largest crowd of the season expected to turn out for the Bend game here tomorrow night, Medford high school has obtained temporary bleachers from the Southern Oregon College of Education capable of seating 900 additional spectators, Principal Leonard Mayfield announced today.

The bleachers, which will be erected on the east side of the field flanking those already available, will boost the seating capacity of the stadium to almost 3,400. The covered grandstand seats 1,260 in comfort, although 1,400 can crowd in, and the present bleachers can take care of 1,200.

The new electrically-operated scoreboard, donated to the school by Fluhrer's bakery, will be in operation for the first time. It will be placed high above the bleachers on the east side of the field, in plain view of everyone in the stadium.

Also in use for the first time will be a high-fidelity public address system presented to the school by the Gates Groceries.

Officials named for the clash are George Harrington, referee; Bernie Hughes, umpire, and George Robertson, head linesman.

## PETE, NAZI TO WRESTLE AGAIN

Pete Belcastro will get his third crack at Hans Schulz in Medford's grappling arena next Monday night, but unlike their other two matches, both won by the German, this will be staged without a referee in the ring to hinder the nefarious activities of the two badmen.

Promoter Mack Lillard announced today he had completed arrangements for the fracas, following Belcastro's proposition along those lines. The promoter said Schulz agreed to the match and that the local boxing and wrestling commission placed its sanction on the no-referee angle. The official will be stationed outside the ring only to declare falls when one or the other wrestler hollers "when," and to keep both boys inside the squared circle.

El Pulpo and Cowboy Dude Chick have been signed for the six-round middle event and Duke Pettigrove, a rough boy from New Orleans who has been here before, will meet King Kong Clayton, great Negro matman, in the opener.

## STATERS PLAN AERIAL ATTACK AGAINST WSC

Corvallis, Oct. 26.—(AP)—Coach Lon Stiner had a passing session scheduled for his Oregon State college griders today, indicating the Beavers, who have depended on their ground attack most of the year, will take to the air here Saturday against Washington State college.

The Staters tossed the ball around plenty in yesterday's practice session.

Prep Lead Tied  
Portland, Oct. 26.—(AP)—Grant and Roosevelt were tied today for the leadership of the Portland interscholastic football league, thanks to Grant's 6 to 0 victory over Roosevelt yesterday. It was the Roughriders' first defeat in league play.

## GIANTS TO TURN ON ARCS IN 1940

New York, Oct. 26.—(AP)—Despite the long-standing objections of Manager Bill Terry, the New York Giants have decided to install a bang-up lighting system in the Polo grounds and play a full quota of night games next summer.

The Giants thus become the last of the big league clubs to haul down their sunlit banner and succumb to the arcs. Up to now Terry stubbornly has refused to expose his athletes to the night air, but he evidently has been overruled at last. An official announcement will be made in about a week.

This will leave the Yankee stadium alone of the three local ball plants without a lighting system. Brooklyn made a mint of money with its night games at Elbets field the past season.

## Inter-League Competition MacPhail's Latest Scheme

By Judson Bailey

New York, Oct. 26.—(AP)—Startled out of a sound off-season slumber by the alarm of Brooklyn's early rising Leland Stanford MacPhail, who wants to supplement the world series with games between the other clubs, most of the major league magnates are cautious.

Some of them have been burned before by their own criticism of the redhead's red-hot schemes—such as night baseball—and are willing to give his latest brainchild a hearing.

This is what MacPhail said he intended to have anyway at the annual meetings at Cincinnati in December, when he will propose that the first place clubs play each other, as now, and the second, third, fourth, fifth, sixth, seventh and eighth place clubs also meet.

"Interleague competition should not be confined to two clubs. A series of inter-league games in which all clubs participate would fairly determine the question of supremacy each season," argued MacPhail.

to look forward to today but more of the same Saturday against OSC at Corvallis. They get a sample of what's to come each afternoon from the big fresh team, which throws Oregon State plays at the varsity without pulling its punches.
