

GERMAN ENVOYS TO RUSSIA, ITALY REPORT AT HOME

Nazis Heartened by Actions of Molotoff and Mussolini — War Initiative Looms

BERLIN, Nov. 1.—(AP)—DNE, the official news agency, said today Germany's ambassador to Russia, Count Friedrich Werner von Schulenburg, would leave Moscow tomorrow for Berlin for a visit of several days.

The German ambassador to Italy, Hans-Georg Viktor von Mackensen, returned to Berlin early this week.

The purpose of von Schulenburg's journey was not announced, but it was indicated he was coming to make a periodical personal report.

Planes Shot Down

The supreme army command's communique today raised to six the number of planes shot down by the Germans on the western front and in the North sea today.

Today's communique reported only desultory artillery fire and reconnoitering activity on the western front.

An unconfirmed but general impression that Germany now is ready for some "positive initiative" in the European war developed in informed quarters.

This followed two external events of interest to Germany—the reorganization of the Italian cabinet and Soviet Russian Premier Vyacheslav Molotoff's declaration of policy.

Informed circles held neither development injured the German cause and now nothing remains to bar German war initiative.

Dr. Frick Boasts
The impression Germany was preparing for some "positive" action was increased by Interior Minister Dr. Wilhelm Frick. In an address at Danzig last night, he observed "England rejected the fuhrer's hand extended in a gesture of peace and now others (Germany's enemies) shall have what they wanted."

Frick declared Germany has the world's finest army, and that "no power can snatch victory from the German people." Announcement several thousand Jews has been ordered to leave Vienna and Mahrach-Ostrau, near the Polish border, to settle in former Polish territory between the Vistula and Bag rivers caused deep concern among Jewish residents in other parts of the reich.

The four grew all Jews physically able to travel would be packed off to the reservation in Poland within a short time.

CHILD BURNED BY JACK-O-LANTERN

Vancouver, Wash., Nov. 1.—(AP)—Physicians in the Orthopedic hospital in Seattle battled today to save the life of Joy Stevenson, 7, whose premature celebration of Hallowe'en Monday ended in disaster when her clothing caught fire from a jack-o-lantern candle.

An ambulance escorted by state police, took the girl to Seattle Monday night for special treatment not available here, after it was determined she had sustained first degree burns over most of her body.

LANE COUNTY'S LEVY TRIMMED 4.5 MILLS

Eugene, Ore., Nov. 1.—(AP)—Lane county's 1940 tax levy will be about 17.8 mills, a reduction of approximately 4.5 mills from that of 1939, it has been announced by members of the county court after final adoption of the budget.

Estimated total assessed valuation of property in the county is \$40,000,000, a gain of about

In Sky Slaying

Carl Bivins (top), Brookfield, Mo., flying instructor, was shot and killed in a plummeting plane and his body left in a thicket near Macon, Mo. According to officers, Ernest Pletch (lower) of Frankfort, Ind., confessed the killing. Pletch told officers they had struggled in the plane. He was arrested when he landed the plane near Bloomington, Ind.

a half million dollars. This gain in valuation and a drastic pruning of several items in the budget make the lower tax rate possible. The amount to be raised by taxation is \$228,559.

PRANK IS CAUSE OF AUTO TRAGEDY

Fort Wayne, Ind., Nov. 1.—(AP)—Authorities blamed a Hallowe'en prank today for the death of one motorist and injury to two others.

The pranksters let air out of automobile tires. Fred Kramer, 19, and Anthony Karthall, 22, had their cars parked close together while they removed a deflated tire on one.

Charles Dick, 40, drove against the parked automobiles and was killed. Kramer and Karthall were hurt.

EUGENE SURVEYS AIR SERVICE HOPE

Eugene, Ore., Nov. 1.—(AP)—If a modern airport is made available here, large and fast ships of United Air Lines will make regular stops for mail and passengers, it has been revealed by Fred Brenne, chamber of commerce secretary.

A special chamber committee is working on the possibilities. Eugene's airport, built many years ago when the standards were much lower, is inadequate for modern ships because of surrounding hills.

Oldest Ex-Governor

Carson City, Nev., Nov. 1.—(AP)—Former Governor Roswell K. Colcord, who was 100 years old last April 25 and who was the oldest living former governor in the United States, died at his home here today. His health had been failing for some time. Colcord served as governor of Nevada from 1890 to 1894.

MILD HALLOWE'EN PRANKS FEATURE NIGHT IN COUNTY

After getting first hand information through alert patrols last night and checking on the few complaints received today, city, state and county authorities have come to the conclusion that Jackson county's Hallowe'en celebrations conducted their carefree in a very mild and orderly manner, in comparison with other years.

Chief of Police Clatous McCredie stated that no serious property damage marred the night in Medford, although the streets were literally jammed with hilarious youths. A picket fence was torn down and several trailers were removed from their rightful location, but other than that the youths confined their pranks to soaping windows, overturning garbage cans, playing "trick or treat" and the like.

The sheriff's office reported that it didn't have a single complaint last night from the outlying districts. Talent appeared the hardest hit, it was stated, with several signs being torn down, but no serious damage done. Sheriff's deputies patrolled in all the surrounding towns and claimed celebrations were of a rather quiet nature.

In Jacksonville, state police and the sheriff's office reported, a huge "Chic Sale" structure was dragged by a hundred or so youths and placed in the middle of the highway in front of the old courthouse, where it stood most of the night, while automobiles carefully found their way around it.

Wall St. Report

New York, Nov. 1.—(AP)—Rallying fuel was plentiful in the stock market today but the buying ignition, except on rare occasions, failed to spark.

Oils, aircrafts, steels and specialties got mild late support and numerous issues kept declines to inconsequential fractions. Steels tried for a rise at the start, then backed away only to recover at the end. Motors and rails were feeble throughout.

Transfers were in the neighborhood of 800,000 shares.

Griffin Creek Grange

About 400 enjoyed the second annual Griffinella sausage feed, musical program and dance sponsored by Griffin Creek Grange Thursday night at K. P. hall.

Grangers from all over the county, as well as townspeople, attended and helped the Grangers eat the sausage from 300-pound Griffinella II, a pig the Grange adopted in the spring and raised for that purpose.

Ways and means committee, with Mrs. Sarah Tolle, chairman, wishes to thank all who helped make the supper a success, and also those who appeared on the program.

Next regular Grange meeting will be November 7, with Mrs. A. T. Lathrop appearing at 8 o'clock in an open program, followed by the regular closed Grange session. Main business to be considered is the election of officers.

Turkey Tone Steady

Portland, Nov. 1.—(AP)—The increased call for eastern turkey movements provided a steadier tone on the market today but prices were unchanged. The quotations, 18c for hens and 15c for toms, continued the lowest in at least 10 years.

11 Die in Mine Blast

Brussels, Nov. 1.—(AP)—Eleven persons were killed and 12 injured today in a coal mine explosion at LaBouverie, near Mons, in southern Belgium.

COUNCIL APPROVES \$235,995 BUDGET FOR COMING YEAR

(continued from page one)

Mayor C. C. Furnas commented that he was not disputing Mr. Iverson's assertion, but that if such a promise had been made it was an unwise promise.

Mr. Iverson objected informally to the dropping of a \$600 annual rental charged the water department in past years. Mr. Farrell explained that the city used to make a tax levy to help liquidate a water bond issue, but since the bonds have been retired and there is no further levy, the water department felt the city should provide free quarters.

Mr. Iverson said he thought it was a "sort of swag," but expressed the fear the water department would have \$600 more a year "to spend" whereas the tax payers would have an additional like amount to pay.

Tend to Grow

Referring again to the airport levy, Mr. Iverson stated that "these little items begin to creep into the budget and then have a tendency to increase year by year. The school budget has got away from us entirely and is now running hog wild."

With Mr. Iverson's protest recognized, the council adopted a resolution approving the budget. Councilmen H. S. Deuel, C. H. Herman and George T. Frey were absent.

Western Demos Piqued
Portland, Nov. 1.—(AP)—Western state chairmen of the Democratic party feel that the national party headquarters in Washington, D. C., is not giving the western party organization its just recognition, Frank Tierney, Oregon Democratic chairman, said last night on return from a Salt Lake City conference.

Salem, Ore., Nov. 1.—(AP)—Keith Henderson, 13, was killed last night when he was struck by one automobile and hurled into the path of another. Witnesses told state police the boy was walking on the road.
